

of publication of the notice of initiation of the requested review. Section 351.213(d)(1) of the Department's regulations regarding review request withdrawals does not specifically reference changed circumstances administrative reviews. In this case, Weyerhaeuser withdrew its request for a changed circumstances review within ninety days of the review being initiated, the time period the Department generally considers reasonable for withdrawing requests for administrative reviews. Therefore, the Department has accepted Weyerhaeuser's withdrawal request in this case as timely.¹

The Department is now rescinding this antidumping duty changed circumstances review. U.S. Customs and Border Protection will continue to suspend entries of subject merchandise at the appropriate cash deposit rate for all entries of certain softwood lumber products from Canada.

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

This notice is issued and published in accordance with 19 CFR 351.213(d)(4) and section 777(i)(1) of the Tariff Act of 1930, as amended.

Dated: March 23, 2006.

Stephen J. Claeys,

Deputy Assistant Secretary for Import Administration.

SUPPLEMENTARY INFORMATION:

I. Abstract

The National Marine Fishery Services Pacific Islands Region (PIR) manages the U.S. fisheries of the Exclusive Economic Zone (EEZ) in the western Pacific under five fishery management plans (FMPs), prepared by the Western Pacific Fishery Management Council pursuant to the Magnuson-Stevens Fishery Conservation and Management Act. The regulations implementing the FMPs are found at 50 CFR part 660.

The record keeping and reporting requirements at 50 CFR part 660 form the basis for this collection of information. PIR requests information from participants in the fisheries and interested persons. This information, upon receipt, results in an increasingly more efficient and accurate database for the management and monitoring of fisheries of the EEZ in the western Pacific.

II. Method of Collection

Paper submissions, electronic reports, and telephone calls are required from participants. Other methods of submittal include Internet and facsimile transmission of paper forms.
