

certain partition lines of a relicted channel of the Big Horn River in section 10, Township 4 South, Range 32 East, Principal Meridian, Montana, was accepted September 27, 2006.

We will place a copy of the plat, in 1 sheet, and related field notes we described in the open files. They will be available to the public as a matter of information.

If BLM receives a protest against this survey, as shown on this plat, in 1 sheet, prior to the date of the official filing, we will stay the filing pending our consideration of the protest.

We will not officially file this plat, in 1 sheet, until the day after we have accepted or dismissed all protests and they have become final, including decisions or appeals.

Dated: October 3, 2006.

Thomas M. Deiling,

Chief Cadastral Surveyor, Division of Resources.

Bureau of Land Management

[MT-926-07-1420-BJ-TRST]

Montana: Filing of Plat of Survey

AGENCY: Bureau of Land Management, Montana State Office, Interior.

ACTION: Notice of Filing of Plat of Survey.

SUMMARY: The Bureau of Land Management (BLM) will file the plat of survey of the lands described below in the BLM Montana State Office, Billings, Montana, (30) days from the date of publication in the **Federal Register**.

FOR FURTHER INFORMATION CONTACT: Steve Toth, Cadastral Surveyor, Branch of Cadastral Survey, Bureau of Land Management, 5001 Southgate Drive, Billings, Montana 59101-4669, telephone (406) 896-5121 or (406) 896-5009.

SUPPLEMENTARY INFORMATION: This survey was executed at the request of the Fort Peck Agency, Rocky Mountain Region, Poplar, Montana, and was necessary to determine Trust and Tribal lands.

The lands we surveyed are:

Principal Meridian, Montana

T. 30 N., R. 41 E.

The plat, in 2 sheets, representing the dependent resurvey of a portion of the south boundary, a portion of the subdivisional lines, the subdivision of sections 21 and 33, the adjusted original

meanders of the former left bank of Porcupine Creek, upstream through sections 21 and 33, and the subdivision of sections 21 and 33 and the survey of a portion of the meanders of the former left bank of an abandoned channel of Porcupine Creek, upstream through section 33, the survey of a portion of the meanders of the present left bank of Porcupine Creek, upstream through sections 21 and 33, the medial line of an abandoned channel of Porcupine Creek in section 33, certain partition lines and a division of accretion line in Township 30 North, Range 41 East, Principal Meridian, Montana, was accepted September 28, 2006.

We will place a copy of the plat, in 2 sheets, and related field notes we described in the open files. They will be available to the public as a matter of information.

If BLM receives a protest against this survey, as shown on this plat, in 2 sheets, prior to the date of the official filing, we will stay the filing pending our consideration of the protest.

We will not officially file this plat, in 2 sheets, until the day after we have accepted or dismissed all protests and they have become final, including decisions or appeals.

Dated: October 3, 2006.

Notice of Proposed Withdrawal and Opportunity for Public Meeting; California

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice.

SUMMARY: The Secretary of the Interior proposes to withdraw on behalf of the Bureau of Reclamation, approximately 17.55 acres of public land, for a period of 20 years, to protect the Bureau of Reclamation's Colorado River Front Work and Levee Project in San Bernardino County, California. This notice segregates the land for up to 2 years from the public land laws and the United States mining laws.

DATES: Comments should be received on or before January 10, 2007.

ADDRESSES: Comments and meeting requests should be sent to the Bureau of

Reclamation, Lower Colorado Regional Office, P.O. Box 61470, Boulder City, Nevada 89006-1470.

FOR FURTHER INFORMATION CONTACT: Ms. Kay Sundberg, Bureau of Reclamation, Lower Colorado Regional Office, (702) 293-8176.

SUPPLEMENTARY INFORMATION: The Bureau of Reclamation has filed an application to withdraw, for a period of 20 years, the following-described public land from the public land laws and the United States mining laws, subject to valid existing rights:

San Bernardino Meridian, California

T. 8 N., R. 23 E.,
sec.10, lot 6.

The area described contains 17.55 acres in San Bernardino County.

The petition/application has been approved by the Assistant Secretary of the Interior. Therefore, it constitutes a withdrawal proposal of the Secretary of the Interior (43 CFR 2310.1-3(e)).

The use of a right-of-way, interagency agreement, or cooperative agreement would not adequately constrain non-discretionary uses and would not provide adequate protection of the Federal investment in the improvements located on the land.

There are no suitable alternative sites with equal or greater benefit to the government.

No additional water rights would be needed to fulfill the purpose of the requested withdrawal.

The preliminary mineral potential evaluation found the above-described lands to have a low potential for locatable minerals.

The purpose of the proposed withdrawal would be to protect the Bureau of Reclamation Colorado River Front Work and Levee System Project.

For a period of 90 days from the date of publication of this notice, all persons who wish to submit comments, suggestions, or objections in connection with the proposed withdrawal may present their views in writing, by the date specified above, to the Bureau of Reclamation Regional Office at the address noted above.

Comments, including names and street addresses of respondents, will be available for public review at the Bureau of Reclamation, Lower Colorado Regional Office, 500 1st Street, Boulder City, Nevada 89006, during regular business hours, 8 a.m. to 4 p.m., Monday through Friday, except holidays. Individual respondents may request confidentiality. If you wish to withhold your name or address from public review or from disclosure under the Freedom of Information Act, you

must state this prominently at the beginning of your comments. Such requests will be honored to the extent allowed by law. All submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, will be made available for public inspection in their entirety.

Notice is hereby given that an opportunity for a public meeting is afforded in connection with the proposed withdrawal. All interested persons who desire a public meeting for the purpose of being heard on the proposed withdrawal must submit a written request to the Regional Director, Bureau of Reclamation, Lower Colorado Regional Office.

For a period of 2 years from the date of publication of this notice in the **Federal Register**, the land will be segregated as specified above unless the application is denied or canceled or the withdrawal is approved prior to that date. The temporary land uses which may be permitted during this segregative period include licenses, permits, rights-of-ways, and disposal of vegetative resources other than under the mining laws.

The withdrawal proposal will be processed in accordance with the regulations set forth in 43 CFR part 2300.

(Authority: 43 CFR 2310.3-1)

Dated: October 2, 2006.

Michael A. Taylor,

Deputy State Director, Resources.

BILLING CODE 4310-MN-P

DEPARTMENT OF THE INTERIOR

National Park Service

60-Day Notice of Intention To Request Clearance of Information Collection—Opportunity for Public Comment

AGENCY: Department of the Interior, National Park Service.

ACTION: Notice and request for comment.

SUMMARY: Under the provisions of the Paperwork Reduction Act of 1955 (Pub. L. 104-13, 44 U.S.C. 3507) and 5 CFR part 1320, Reporting and Recordkeeping Requirements, the National Park Service (NPS) invites public comments on a revision of a currently approved information collection (OMB# 1024-0232).

DATES: Public Comments on the proposed ICR will be accepted on or before December 11, 2006.

ADDRESSES: Send comments to Diane Miller, National Coordinator, National Underground Railroad Network to Freedom Program, National Park Service, Midwest Regional Office, 601 Riverfront Drive, Omaha, Nebraska, 68102. All responses to this notice will be summarized and included in the requests for Office of Management and Budget (OMB) approval. All comments will become a matter of public record. Copies of the proposed ICR can be obtained from Diane Miller, National Coordinator, National Underground Railroad Network to Freedom Program, National Park Service, Midwest Regional Office, 601 Riverfront Drive, Omaha, Nebraska 68102.

FOR FURTHER INFORMATION CONTACT: Diane Miller, 402-661-1588 or James Hill 402-661-1590.

SUPPLEMENTARY INFORMATION:

Title: NPS National Underground Railroad Network to Freedom Application.

Bureau Form Number: n/a.

OMB Number: 1024-0232.

Expiration Date: 12/31/2006.

Type of request: Revision of a currently approved information collection.

Description of need: The NPS has identified guidelines and criteria for associated elements to qualify for the Network. The application form documents spies, programs, and facilities and demonstrates that they meet the criteria established for inclusion. The documentation will be incorporated into a database that will be available to the general public for information purposes. Public Law 105-2103 authorizes the NPS to develop and administer the National Underground Railroad Network for Freedom Application, a nationwide collection of governmental and non-governmental sites, facilities, and programs associated with the historic Underground Railroad movement. The NPS has developed the application process through which associated elements can be included in the Network. The information collected will (a) verify associations to the Underground Railroad, (b) measure minimum levels of standards for inclusion in the Network, and (c) identify general needs for technical assistance. The NPS specifically requests comments on: (1) The need for information including whether the information has practical utility; (2) the accuracy of the reporting burden hours estimates, (3) was to enhance the quality, and clarity of the information to be collected; and (4) ways to minimize the burden of information collection on respondents, including the use of

automated collection techniques or other forms of information technology.

Automated data collection:

Respondents must verify associations and characteristics through descriptive texts that are the result of historical research. Evaluations are based on subjective analysis of the information provided, which often includes copies of rare documents and photographs. Much of the information is submitted in electronic format, but at the present time, there is no automated way to gather all of the required information.

Description of respondents: The affected public are State, tribal, and local governments, Federal agencies, businesses, non-profit organizations, and individuals throughout the United States. Nominations to the Network are voluntary.

Estimated average number of respondents: 70.

Estimated average number of responses: 70.

Estimated average burden hours per response: 15.

Estimated frequency of response: Once per respondent.

Estimated annual reporting burden: 1,050 hours.

Dated: September 17, 2006.

Leonard E. Stowe,

NPS, Information Collection Clearance Officer.

Final Environmental Impact Statement and General Management Plan, Ebey's Landing National Historical Reserve, Island County, WA; Notice of Availability

Summary: Pursuant to the National Environmental Policy Act of 1969, 42 U.S.C. 4332(2)(c), and the Council on Environmental Quality Regulations (40 CFR part 1500-1508), the National Park Service has prepared and announces the availability of a Final Environmental Impact Statement (FEIS) for the proposed general management plan (GMP) for Ebey's Landing National Historical Reserve located in Island County, Washington. In addition to a "no-action" alternative which would maintain current management, the FEIS describes and analyzes two "action" alternatives which respond to concerns and issues the public identified during the scoping process, as well as various conservation planning requirements. The alternatives present varying
