

obligation with regard to proprietary trading.²⁹

B. Accelerated Approval of the Pilot Proposal

The Commission finds good cause, pursuant to Section 19(b)(2) of the Act,³⁰ for approving the proposed rule change prior to the thirtieth day after the date of publication of the notice in the **Federal Register**. The Pilot, which as discussed above is limited in scope and duration, will allow the NYSE to remain on schedule for compliance with Regulation NMS, comply with the NMS Linkage Plan and to conduct real-time system and user testing of certain features of the Hybrid Market. According to NYSE, such testing should be beneficial from both a technology and a training perspective. Although preliminary steps have been taken—in the form of NYSE-provided training for both Floor brokers and specialists, training by member organizations for their employees, and training by proprietary system vendors in the NYSE trading environment for their training sessions—the Pilot should give the Exchange the opportunity to identify and address any system problems with these particular rules under the Hybrid Market. Further, the Pilot should allow users to gain essential practical experience with the new systems and processes. Therefore, the Commission finds that immediate implementation of the Pilot, which is limited in both scope and duration, should permit NYSE to remain on schedule to meet the Regulation NMS compliance dates, comply with the NMS Linkage Plan and continue to implement its Hybrid Market changes in an orderly manner.

V. Conclusion

It is therefor ordered, pursuant to Section 19(b)(2) of the Act, that the proposed rule change (SR-NYSE-2006-82) is hereby approved on an accelerated basis until October 31, 2006.

For the Commission, by the Division of Market Regulation, by delegated authority.³¹

Nancy M. Morris,
Secretary.

SMALL BUSINESS ADMINISTRATION

Small Business Size Standards: Waiver of the Nonmanufacturer Rule

AGENCY: U.S. Small Business Administration.

ACTION: Notice of intent to waive the Nonmanufacturer Rule for Personal Computers.

SUMMARY: The U.S. Small Business Administration (SBA) is considering granting a request for a waiver of the Nonmanufacturer Rule for Personal Computers Manufacturing. According to the request, no small business manufacturers are supplying this class of product to the Federal government. If granted, the waiver would allow otherwise qualified regular dealers to supply the products of any domestic manufacturer on a Federal contract set aside for small businesses; service-disabled veteran-owned small business or SBA's 8(a) Business Development Program.

DATES: Comments and source information must be submitted October 27, 2006.

ADDRESSES: You may submit comments and source information to Edith Butler, Program Analyst, U.S. Small Business Administration, Office of Government Contracting, 409 3rd Street, SW., Suite 8800, Washington, DC 20416.

FOR FURTHER INFORMATION CONTACT: Edith Butler, Program Analyst, by telephone at (202) 619-0422; by FAX at (202) 481-1788; or by e-mail at edith.butler@sba.gov.

SUPPLEMENTARY INFORMATION: Section 8(a)(17) of the Small Business Act (Act), 15 U.S.C. 637(a)(17), requires that recipients of Federal contracts set aside for small businesses, service-disabled veteran-owned small businesses, or SBA's 8(a) Business Development Program provide the product of a small business manufacturer or processor, if the recipient is other than the actual manufacturer or processor of the product. This requirement is commonly referred to as the Nonmanufacturer Rule. The SBA regulations imposing this requirement are found at 13 CFR 121.406(b). Section 8(a)(17)(b)(iv) of the

Act authorizes SBA to waive the Nonmanufacturer Rule for any "class of products" for which there are no small business manufacturers or processors available to participate in the Federal market.

As implemented in SBA's regulations at 13 CFR 121.1202(c), in order to be considered available to participate in the Federal market for a class of products, a small business manufacturer must have submitted a proposal for a contract solicitation or received a contract from the Federal government within the last 24 months. The SBA defines "class of products" based on a six digit coding system.

The coding system is the Office of Management and Budget North American Industry Classification System (NAICS).

The SBA is currently processing a request to waive the Nonmanufacturer Rule for Personal Computers, Manufacturing, North American Industry Classification System (NAICS) 334111. The public is invited to comment or provide source information to SBA on the proposed waiver of the Nonmanufacturer Rule for this class of NAICS code within 15 days after date of publication in the **Federal Register**.
