DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

[Docket No. FR-4922-C-13]

Privacy Act of 1974; Notice of a Computer Matching Program; Correction

AGENCY: Office of the Chief Information Officer, HUD.

ACTION: Notice of a Computer Matching Program between HUD and the Department of Justice (DOJ); correction.

SUMMARY: On April 5, 2006, HUD published a notice of its intent to conduct a recurring computer matching program with DOJ. HUD inadvertently stated that computer matching was expected to begin 30 days after publication of the notice in the **Federal Register**. This notice corrects this error. Computer matching is expected to begin on July 19, 2006.

FOR FURTHER INFORMATION CONTACT: From Recipient Agency Contact: Jeanette Smith, Departmental Privacy Act Officer, Department of Housing and Urban Development, 451 Seventh Street, SW, Room P8001, Washington, DC 20410, telephone number (202) 708-2374. (This is not a toll-free number.) A telecommunication device for hearing and speech-impaired individuals (TTY is available at 1-800-877-8339 (Federal Information Relay Service).

Source Agency Contact: Diane E. Watson, Debt Collection Management, Nationwide Central Intake Facility (NCIF), Department of Justice, 1110 Bonifant Street, Suite 220, Silver Spring, MD 20910-3358, telephone number (301) 585-2391. (This is not a toll-free number.)

SUPPLEMENTARY INFORMATION: On April 5, 2006, HUD issued a public notice of its intent to conduct a recurring computer matching program with DOJ to utilize a computer information system of HUD, the Credit Alert Interactive Verification Reporting System (CAIVRS), with DOJ's debtor files.

Subsequent to publication of the April 5, 2006, notice, HUD discovered that an incorrect date was given for the computer matching program to begin. Computer matching is expected to begin on July 19, 2006.

In the **Federal Register** of April 5, 2006, in FR Doc. E6-4886, on page 17129, in the second column, correct the "Dates" caption to read:

DATES: *Effective Date:* Computer matching is expected to begin July 19, 2006, unless comments are received which will result in a contrary determination, or 40 days from the date a computer matching agreement is signed, whichever is later.

Comments Due Date: June 5, 2006.

Dated: April 25, 2006.

Lisa Schlosser,
Chief Information Officer.

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

[NV-050-5853-ES; N-79030]

Notice of Realty Action: Lease/Conveyance For Recreation and Public Purposes Act Classification of Public Lands in Clark County, NV

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of Realty Action.

SUMMARY: The Bureau of Land Management (BLM) examined and found suitable for classification for lease or conveyance under the provisions of the Recreation and Public Purposes (R&PP) Act, as amended, approximately 5 acres of public land in Clark County, Nevada. The Church Jesus Christ of Latter Day Saints (Church) proposes to use the land for a church and related facilities.

DATES: Interested parties may submit written comments regarding the proposed lease/conveyance or classification of the lands until June 19, 2006.

ADDRESSES: Send written comments to the Field Manager, BLM Las Vegas Field Office, 4701 N. Torrey Pines Drive, Las Vegas, Nevada 89130.

FOR FURTHER INFORMATION CONTACT: Sharon DiPinto, Assistant Field Manager, Bureau of Land Management, Las Vegas Field Office, at (702) 515-5062.

SUPPLEMENTARY INFORMATION: On September 2, 2004, the Church filed an R&PP Act application for 5 acres of public land to be developed as a church and related facilities. These related facilities include a multipurpose building (a worship center, offices, classrooms, nursery, kitchen, restrooms, utility/storage rooms, and a lobby), sidewalks, landscaped areas, paved parking areas, and off site improvements. Additional detailed information pertaining to this application, plan of development, and site plan is in case file N-79030 located in the BLM Las Vegas Field Office at the above address. A Notice of Realty Action was previously published and the land segregated with a slightly different legal description on July 28, 2005 (70 FR 43704). The Church proposes to use the following described public land for a church and related facilities:

Mount Diablo Meridian, Nevada

T. 23 S., R. 61 E.,
Sec. 11, SE $\frac{1}{4}$ NE $\frac{1}{4}$ NW $\frac{1}{4}$ SE $\frac{1}{4}$,
NE $\frac{1}{4}$ SE $\frac{1}{4}$ NW $\frac{1}{4}$ SE $\frac{1}{4}$,
Containing 5 acres, more or less.

Churches are a common applicant under the "public purposes" provision of the R&PP Act. The Church is an Internal Revenue Service registered non-profit organization and is therefore, a qualified applicant under the R&PP Act. The land is not required for any federal purpose.

The lease/conveyance is consistent with the Las Vegas Resource Management Plan, dated October 5, 1998, and would be in the public interest. The lease/patent, when issued, will be subject to the provisions of the R&PP Act and applicable regulations of the Secretary of the Interior, and will contain the following reservations to the United States:

1. A right-of-way thereon for ditches or canals constructed by the authority of the United States, Act of August 30, 1890 (43 U.S.C. 945).

2. All minerals shall be reserved to the United States, together with the right to prospect for, mine and remove such deposits from the same under applicable law and such regulations as the Secretary of the Interior may prescribe and will be subject to:

1. An easement in favor of Clark County for roads, public utilities and flood control purposes.

2. All valid existing rights documented on the official public land records at the time of lease/patent issuance.

On May 4, 2006, the land described above will be segregated from all other forms of appropriation under the public

land laws, including the general mining laws, except for lease/conveyance under the R&PP Act, leasing under the mineral leasing laws, and disposals under the mineral material disposal laws.

Comments

Classification Comments: Interested parties may submit comments involving the suitability of the land for a church and related facilities. Comments on the classification are restricted to whether the land is physically suited for the proposal, whether the use will maximize the future use or uses of the land, whether the use is consistent with local planning and zoning, or if the use is consistent with State and Federal programs.

Application Comments: Interested parties may submit comments regarding the specific use proposed in the application and plan of development, whether the BLM followed proper administrative procedures in reaching the decision, or any other factor not directly related to the suitability of the land for R&PP use.

Any adverse comments will be reviewed by the State Director. In the absence of any adverse comments, the classification of the land described in this notice will become effective July 3, 2006. The lands will not be offered for lease/conveyance until after the classification becomes effective.

On May 4, 2006, the R&PP classification and segregation will terminate and the following lands will be opened to the operation of the public land laws:

Mount Diablo Meridian, Nevada

T. 23 S., R. 61 E.,
Sec. 11, NW $\frac{1}{4}$ SE $\frac{1}{4}$ NW $\frac{1}{4}$ SE $\frac{1}{4}$.

Authority: 43 CFR Part 2741.

Sharon DiPinto,

*Assistant Field Manager, Division of Lands,
Las Vegas, NV.*

**NUCLEAR REGULATORY
COMMISSION**

**Regulatory Guide: Issuance,
Availability**

The U.S. Nuclear Regulatory Commission (NRC) has issued a revision to an existing guide in the agency's Regulatory Guide Series. This series has been developed to describe and make available to the public such information as methods that are acceptable to the NRC staff for implementing specific parts of the NRC's regulations, techniques that the staff uses in

evaluating specific problems or postulated accidents, and data that the staff needs in its review of applications for permits and licenses.

Revision 1 of Regulatory Guide 1.201, "Guidelines for Categorizing Structures, Systems, and Components in Nuclear Power Plants According to Their Safety Significance," which is being issued for trial use, describes a method that the NRC staff considers acceptable for use in complying with the Commission's requirements in Title 10, section 50.69, of the *Code of Federal Regulations* (§ 50.69), with respect to the categorization of structures, systems, and components (SSCs) that are considered in risk-informing special treatment requirements. This categorization method uses the process that the Nuclear Energy Institute (NEI) described in Revision 0 of its guidance document NEI 00-04, "10 CFR 50.69 SSC Categorization Guideline," dated July 2005.¹ Specifically, this process determines the safety significance of SSCs and categorizes them into one of four risk-informed safety class (RISC) categories.

The NRC has promulgated regulations to permit power reactor licensees and license applicants to implement an alternative regulatory framework with respect to "special treatment," where special treatment refers to those requirements that provide increased assurance beyond normal industrial practices that SSCs perform their design-basis functions. Under this framework, licensees using a risk-informed process for categorizing SSCs according to their safety significance can remove SSCs of low safety significance from the scope of certain identified special treatment requirements.

The genesis of this framework stems from Option 2 of SECY-98-300, "Options for Risk-Informed Revisions to 10 CFR Part 50, 'Domestic Licensing of Production and Utilization Facilities,'" dated December 23, 1998.² In that Commission paper, the NRC staff recommended developing risk-informed approaches to the application of special treatment requirements to reduce
