BILLING CODE 3510-22-S

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

[I.D. 050906E]

New England Fishery Management Council; Public Meeting

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce

ACTION: Notice of a public meeting.

SUMMARY: The New England Fishery Management Council (Council) is scheduling a public meetings of its Standardized Bycatch Reporting Methodology (SBRM) Committee in June, 2006 to consider actions affecting New England fisheries in the exclusive economic zone (EEZ).

Recommendations from this group will be brought to the full Council for formal consideration and action, if appropriate.

DATES: The meeting will be held on Monday, June 12, 2006, at 1 p.m.

ADDRESSES: The meeting will be held at the Hyatt Regency, One Goat Island, Newport, RI 02840; telephone: (401) 851-1234.

Council address: New England Fishery Management Council, 50 Water Street, Mill 2, Newburyport, MA 01950.

FOR FURTHER INFORMATION CONTACT: Paul J. Howard, Executive Director, New England Fishery Management Council; telephone: (978) 465-0492.

SUPPLEMENTARY INFORMATION: The committee will review the Fishery Management Action Team (FMAT) progress report on the development of the Omnibus SBRM amendment to the Council's fishery management plans (FMPs). In addition, the committee will continue discussions related to issues to address within this amendment and its recommendations will be reported to the Council at its June 13-15, 2006 meeting.

Although non-emergency issues not contained in this agenda may come before this group for discussion, those issues may not be the subject of formal

action during this meeting. Action will be restricted to those issues specifically listed in this notice and any issues arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens Act, provided the public has been notified of the Council's intent to take final action to address the emergency.

Special Accommodations

This meeting is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to Paul J. Howard, Executive Director, at (978) 465-0492, at least 5 days prior to the meeting date.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: May 10, 2006.

Tracey L. Thompson,

Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

National Oceanic and Atmospheric Administration

[I.D. 050906D]

Fisheries of the South Atlantic; South Atlantic Fishery Management Council; Public Meeting

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of a public meeting.

SUMMARY: The South Atlantic Fishery Management Council (Council) will hold a joint meeting of its Habitat and Environmental Protection Advisory Panel and Coral Advisory Panel in Coconut Grove, FL.

DATES: The joint meeting will take place June 7-9, 2006. See **SUPPLEMENTARY INFORMATION** for specific dates and times.

ADDRESSES: The meeting will be held at the Wyndham Grand Bay Hotel, 2669 South Bayshore Drive, Coconut Grove, FL 33133; telephone: (800) 996-3426 or (305) 858-9600; fax: (305) 859-2026.

Council address: South Atlantic Fishery Management Council, One Southpark Circle, Suite 306, Charleston, SC 29407-4699.

FOR FURTHER INFORMATION CONTACT: Kim Iverson, Public Information Officer; telephone: (843) 571-4366 or toll free (866) SAFMC-10; fax: (843) 769-4520; email: kim.iverson@safmc.net.

SUPPLEMENTARY INFORMATION: Members of the Habitat AP and Coral AP will meet from 1 p.m. - 5 p.m. on June 7, 2006, from 8:30 a.m. - 5 p.m. on June 8, 2006, and from 8:30 a.m. - 1 p.m. on June 9, 2006.

The joint meeting is being convened to continue the Council's integrated process to update Essential Fish Habitat information and consider ecosystem-based management through the development of a Fishery Ecosystem Plan (FEP) for the South Atlantic Region.

Items for discussion at the joint panel meeting include: (1) Review and approval of a draft research and monitoring plan for deepwater coral ecosystems in the South Atlantic; (2) Review and comment on a preliminary draft of the South Atlantic Fishery Ecosystem Plan; (3) Review of refined proposed deepwater Coral Habitat Areas of Particular Concern and other possible measures for development of the Council's Comprehensive Ecosystem Amendment to the FEP; (4) Update on the Habitat and Ecosystem Page and Internet Map Server development; (5) Review and comment on Amendment 14 to the Snapper Grouper Fishery Management Plan addressing marine protected areas; (6) Development of an offshore aquaculture policy statement; (7) Energy development proposals for the South Atlantic region; (8) Southeast Aquatic Resources Partnership; and (9) Status of regional Ocean Observing Systems development and management.

Although non-emergency issues not contained in this agenda may come before this group for discussion, those issues may not be the subject of formal action during these meetings. Action will be restricted to those issues specifically identified in this notice and any issues arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the Council's intent to take final action to address the emergency.

Note: The times and sequence specified in this agenda are subject to change.

Special Accommodations

These meetings are physically accessible to people with disabilities. Requests for auxiliary aids should be directed to the Council office (see **ADDRESSES**) 3 days prior to the meetings.

Dated: May 10, 2006.

Tracey L. Thompson,

Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

BILLING CODE 3510-22-S

CONSUMER PRODUCT SAFETY COMMISSION

Request for Comments Concerning Proposed Request for Approval of a Collection of Information—Safety Standard for Automatic Residential Garage Door Operators

AGENCY: Consumer Product Safety Commission.

ACTION: Notice.

SUMMARY: As required by the Paperwork Reduction Act (44 U.S.C. Chapter 35), the Consumer Product Safety Commission requests comments on a proposed request for extension of approval of a collection of information from manufacturers and importers of residential garage door operators. The collection of information consists of testing and recordkeeping requirements in certification regulations implementing the Safety Standard for Automatic Residential Garage Door Operators (16 CFR part 1211). The Commission will consider all comments received in response to this notice before requesting approval of this extension of a collection of information from the Office of Management and Budget.

DATES: The Office of the Secretary must receive written comments not later than July 14, 2006.

ADDRESSES: Written comments should be captioned "Residential Garage Door Operators" and e-mailed to the Office of the Secretary at cpsc-os@cpsc.gov. Comments may also be sent by facsimile to (301) 504-0127, or by mail to the Office of the Secretary, Consumer Product Safety Commission, 4330 East West Highway, Bethesda, Maryland 20814.

FOR FURTHER INFORMATION CONTACT: For information about the proposed extension of approval of the collection of information, or to obtain a copy of 16 CFR part 1211, call or write Linda L. Glatz, Office of Planning and Evaluation, Consumer Product Safety Commission, 4330 East West Highway, Bethesda, Maryland 20814; telephone (301) 504-7671.

SUPPLEMENTARY INFORMATION: In 1990, Congress enacted legislation requiring residential garage door operators to comply with the provisions of a

standard published by Underwriters Laboratories to protect against entrapment. (The Consumer Product Safety Improvement Act of 1990, Pub. L. 101-608, 104 Stat. 3110.) The entrapment protection requirements of UL Standard 325 are codified into the Safety Standard for Automatic Residential Garage Door Operators, 16 CFR part 1211. Automatic residential garage door operators must comply with the latest edition of the Commission's regulations at 16 CFR part 1211.

The Office of Management and Budget (OMB) approved the collection of information concerning the Safety Standard for Automatic Residential Garage Door Operators under control number 3041-0125. OMB's most recent approval will expire on July 31, 2006. The Commission now proposes to request an extension of approval without changes of this collection of information.

A. Certification Requirements

The Improvement Act provides that UL Standard 325 shall be considered to be a consumer product safety standard issued by the Consumer Product Safety Commission under section 9 of the Consumer Product Safety Act (CPSA) (15 U.S.C. 2058). Section 14(a) of the CPSA (15 U.S.C. 2063(a)) requires manufacturers, importers, and private labelers of a consumer product subject to a consumer product safety standard to issue a certificate stating that the product complies with all applicable consumer product safety standards. Section 14(a) of the CPSA also requires that the certificate of compliance must be based on a test of each product or upon a reasonable testing program.

Section 14(b) of the CPSA (15 U.S.C. 2063(b)) authorizes the Commission to issue regulations to prescribe a reasonable testing program to support certificates of compliance with a consumer product safety standard. Section 14(b) of the CPSA allows firms that are required to issue certificates of compliance to use an independent third-party organization to conduct the testing required to support the certificate of compliance.

Section 16(b) of the CPSA (15 U.S.C. 2065(b)) authorizes the Commission to issue rules to require establishment and maintenance of records necessary to implement the CPSA or determine compliance with rules issued under the authority of the CPSA. On December 22, 1992, the Commission issued rules prescribing requirements for a reasonable testing program to support certificates of compliance with the Safety Standard for Automatic Residential Garage Door Operators (57

FR 60449). These regulations also require manufacturers, importers, and private labelers of residential garage door operators to establish and maintain records to demonstrate compliance with the requirements for testing to support certification of compliance. 16 CFR part 1211, Subparts B and C.

The Commission uses the information compiled and maintained by manufacturers and importers of residential garage door operators to protect consumers from risks of death and injury resulting from entrapment accidents associated with garage door operators. More specifically, the Commission uses this information to determine whether the products produced and imported by those firms comply with the standard. The Commission also uses this information to facilitate corrective action if any residential garage door operators fail to comply with the standard in a manner that creates a substantial risk of injury to the public.

B. Estimated Burden

The Commission staff estimates that about 22 firms are subject to the testing and recordkeeping requirements of the certification regulations. The staff estimates that each respondent will spend 40 hours annually on the collection of information for a total of about 880 hours. Using an hourly rate of \$42.82, based on Total compensation, private goods-producing sector, managerial, executive, and administrative category, Bureau of Labor Statistics, September 2005, the total industry cost would be \$37,700.

C. Request for Comments

The Commission solicits written comments from all interested persons about the proposed collection of information. The Commission specifically solicits information relevant to the following topics:

- Whether the collection of information described above is necessary for the proper performance of the Commission's functions, including whether the information would have practical utility;
- Whether the estimated burden of the proposed collection of information is accurate;
- Whether the quality, utility, and clarity of the information to be collected could be enhanced; and
- Whether the burden imposed by the collection of information could be minimized by use of automated, electronic or other technological collection techniques, or other forms of information technology.
