

operations on the aforementioned ships. The application's take estimates are based on 16 nominal 9-day active sonar missions (or equivalent shorter missions) between both vessels, regardless of which vessel is performing a specific mission, not to exceed a total of 432 hours of LFA sonar transmission time combined for both vessels.

The specified geographic regions identified in the application are the following oceanographic provinces described in Longhurst (1998) and identified in 50 CFR 216.180(a): the Archipelagic Deep Basins Province, the Western Pacific Warm Pool Province, and the North Pacific Tropical Gyre West Province, all within the Pacific Trade Wind Biome; the Kuroshio Current Province and the Northern Pacific Transition Zone Province within the Pacific Westerly Winds Biome; the North Pacific Epicontinental Sea Province within the Pacific Polar Biome; and the China Sea Coastal Province within the North Pacific Coastal Biome. The operational areas are portions of the provinces but do not encompass the entire area of the provinces. Due to critical naval warfare requirements, the U.S. Navy has identified the necessity for both SURTASS LFA sonar vessels to be stationed in the North Pacific Ocean during fiscal year 2006.

#### Monitoring and Reporting

In compliance with the two LOAs issued in 2005, on June 9, 2006, the Navy submitted an annual report on SURTASS LFA sonar operations and the mitigation and monitoring activities conducted under those LOAs. A copy of that report (Navy, 2006) can be downloaded at: <http://www.nmfs.noaa.gov/pr/permits/incidental.htm#applications>.

#### Authorization

NMFS has issued two LOAs to the U.S. Navy, authorizing the incidental harassment of marine mammals incidental to operating the two SURTASS LFA sonar systems for training, testing and routine military operations. Issuance of these two LOAs is based on findings, described in the preamble to the final rule (67 FR 46712, July 16, 2002) and supported by information contained in the Navy's required annual report on SURTASS LFA sonar, that the activities described under these two LOAs will have no more than a negligible impact on marine mammal stocks and will not have an unmitigable adverse impact on the availability of the affected marine mammal stocks for subsistence uses.

These LOAs remain valid through August 15, 2007, provided the Navy

remains in conformance with the conditions of the regulations and the LOAs, and the mitigation, monitoring, and reporting requirements described in 50 CFR 216.184-216.186 (67 FR 46712, July 16, 2002) and in the LOAs are undertaken.

Dated: August 15, 2006.

## DEPARTMENT OF COMMERCE

### National Oceanic and Atmospheric Administration

[I.D. 081406B]

#### Endangered Species; Permit No. 1574

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Notice; Issuance of permit.

**SUMMARY:** Notice is hereby given that a scientific research permit to take shortnose sturgeon (*Acipenser brevirostrum*) has been issued to Dr. Frank A. Chapman, Department of Fisheries & Aquatic Sciences, University of Florida, 7922 NW 71st Street, Gainesville, Florida 32653.

**ADDRESSES:** The permit and related documents are available for review upon written request or by appointment in the following offices:

Permits, Conservation and Education Division, Office of Protected Resources, NMFS, 1315 East-West Highway, Room 13705, Silver Spring, MD 20910; phone (301)713-2289; fax (301)427-2521; and Southeast Region, NMFS, 263 13th Avenue South, St. Petersburg, FL 33701; phone (727)824-5312; fax (727)824-5309.

**FOR FURTHER INFORMATION CONTACT:** Jennifer Skidmore or Kate Swails at (301)713-2289.

**SUPPLEMENTARY INFORMATION:** The requested permit has been issued under the authority of the Endangered Species Act of 1973, as amended (ESA; 16 U.S.C. 1531 *et seq.*) and the regulations governing the taking, importing, and exporting of endangered and threatened species (50 CFR parts 222-226).

On May 10, 2006, notice was published in the **Federal Register** (71 FR 27230) that a request for a scientific research permit to take shortnose sturgeon had been submitted by Dr. Frank A. Chapman. Dr. Chapman will use 187 captive shortnose sturgeon

presently held at the University of Florida to meet the following objectives: (1) identify physical, chemical, and biological parameters required to maintain optimal survival and growth of larvae and juvenile shortnose sturgeon; (2) describe embryonic development and metamorphosis; (3) monitor gonadal development of domestically raised shortnose sturgeon; (4) develop chemical assays to identify the sex and monitor the sexual development of shortnose sturgeon; and (5) understand the physiology of the sperm and egg to develop short and long-term storage of sperm as well as optimum fertilization techniques. The permit has been issued for five years.

Issuance of this permit, as required by the ESA, was based on a finding that such permits (1) were applied for in good faith, (2) will not operate to the disadvantage of such endangered or threatened species, and (3) are consistent with the purposes and policies set forth in section 2 of the ESA.

Dated: August 16, 2006.

## COMMITTEE FOR THE IMPLEMENTATION OF TEXTILE AGREEMENTS

### Request for Public Comment on Commercial Availability Request under the North American Free Trade Agreement (NAFTA)

August 16, 2006.

**AGENCY:** The Committee for the Implementation of Textile Agreements (CITA).

**ACTION:** Request for Public Comments concerning a request for modification of the NAFTA rules of origin for filament yarn of cellulose acetate.

**SUMMARY:** On July 21, 2006 the Government of the United States received a request from the Government of Mexico alleging that filament yarn of cellulose acetate, classified in heading 5403 of the Harmonized Tariff Schedule of the United States (HTSUS), cannot be supplied by the Mexican industry in commercial quantities in a timely manner and requesting that the governments of Canada and the United States consult to consider whether the North American Free Trade Agreement (NAFTA) rule of origin for woven fabrics classified under HTSUS heading

5408 and products classified in HTSUS chapter 58 should be modified to allow the use of non-North American filament yarns of cellulose acetate.

The President may proclaim a modification to the NAFTA rules of origin only after reaching an agreement with the other NAFTA countries on the modification. CITA hereby solicits public comments on this request, in particular with regard to whether filament yarn of cellulose acetate of HTSUS heading 5403 can be supplied by the domestic industry in commercial quantities in a timely manner. Comments must be submitted by September 20, 2006 to the Chairman, Committee for the Implementation of Textile Agreements, Room 3001, United States Department of Commerce, Washington, D.C. 20230.

**FOR FURTHER INFORMATION CONTACT:** Martin J. Walsh, International Trade Specialist, Office of Textiles and Apparel, U.S. Department of Commerce, (202) 482-2818.

**SUPPLEMENTARY INFORMATION:**

**Authority:** Section 204 of the Agricultural Act of 1956, as amended (7 USC 1854); Section 202(q) of the North American Free Trade Agreement Implementation Act (19 USC 3332(q)); Executive Order 11651 of March 3, 1972, as amended.

**BACKGROUND:**

Under the NAFTA, NAFTA countries are required to eliminate customs duties on textile and apparel goods that qualify as originating goods under the NAFTA rules of origin, which are set out in Annex 401 to the NAFTA. The NAFTA provides that the rules of origin for textile and apparel products may be amended through a subsequent agreement by the NAFTA countries. See Section 202(q) of the NAFTA Implementation Act. In consultations regarding such a change, the NAFTA countries are to consider issues of availability of supply of fibers, yarns, or fabrics in the free trade area and whether domestic producers are capable of supplying commercial quantities of the good in a timely manner. The NAFTA Implementation Act provides the President with the authority to proclaim modifications to the NAFTA rules of origin as are necessary to implement an agreement with one or more NAFTA country on such a modification. See section 202(q) of the NAFTA Implementation Act.

On July 21, 2006 the Government of the United States received a request from the Government of Mexico alleging that filament yarn of cellulose acetate, classified in heading 5403 of the Harmonized Tariff Schedule of the United States (HTSUS), cannot be

supplied by the Mexican industry in commercial quantities in a timely manner and requesting that the governments of Canada and the United States consult to consider whether the NAFTA rule of origin for woven fabrics classified under HTSUS heading 5408 and products classified in HTSUS chapter 58 should be modified to allow the use of non-North American filament yarns of cellulose acetate.

CITA is soliciting public comments regarding this request, particularly with respect to whether filament yarn of cellulose acetate can be supplied by the domestic industry in commercial quantities in a timely manner. Comments must be received no later than September 20, 2006. Interested persons are invited to submit six copies of such comments or information to the Chairman, Committee for the Implementation of Textile Agreements, room 3100, U.S. Department of Commerce, 14th and Constitution Avenue, N.W., Washington, DC 20230.

If a comment alleges that filament yarn of cellulose acetate can be supplied by the domestic industry in commercial quantities in a timely manner, CITA will closely review any supporting documentation, such as a signed statement by a manufacturer stating that it produces filament yarn that is the subject of the request, including the quantities that can be supplied and the time necessary to fill an order, as well as any relevant information regarding past production.

CITA will protect any business confidential information that is marked "business confidential" from disclosure to the full extent permitted by law. CITA will make available to the public non-confidential versions of the request and non-confidential versions of any public comments received with respect to a request in room 3100 in the Herbert Hoover Building, 14th and Constitution Avenue, N.W., Washington, DC 20230. Persons submitting comments on a request are encouraged to include a non-confidential version and a non-confidential summary.

**BILLING CODE 3510-DS-S**

**DEPARTMENT OF DEFENSE**

**Office of the Secretary**

[Docket No. DoD-2006-HA-0180]

**Proposed Collection; Comment Request**

**AGENCY:** Office of the Assistant Secretary of Defense for Health Affairs, DoD.

**ACTION:** Notice.

In compliance with Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, the Office of the Assistant Secretary of Defense for Health Affairs announces the proposed extension of a public information collection and seeks public comment on the provisions thereof. Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed information collection; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the information collection on respondents, including through the use of automated collection techniques or other forms of information technology.

**DATES:** Consideration will be given to all comments received by October 20, 2006.

**ADDRESSES:** You may submit comments, identified by docket number or RIN number and title, by any of the following methods:

- Federal eRulemaking Portal: <http://www.regulations.gov>. Following the instructions for submitting comments.
- Mail: Federal Docket Management System Office, 1160 Defense Pentagon, Washington, DC 20301-1160.

**Instructions:** All submissions received must include the agency name and docket number for this **Federal Register** document. The general policy for comments and other submissions from members of the public is to make these submissions available for public viewing on the Internet at <http://www.regulations.gov> as they are received without change, including any personal identifiers or contact information.

**FOR FURTHER INFORMATION CONTACT:** To request more information on this proposed information collection or to obtain a copy of the proposal and associated collection instruments, please write to the Office of the Assistant Secretary of Defense for Health Affairs (OASD), TRICARE
