BILLING CODE 3510-DS-S

DEPARTMENT OF COMMERCE

International Trade Administration

[A-122-838]

Notice of Second Amended Final Results of Antidumping Duty Administrative Review: Certain Softwood Lumber Products From Canada

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: February 14, 2006.

FOR FURTHER INFORMATION CONTACT: Constance Handley or Salim Bhabhrawala, at (202) 482-0631 or (202) 482-1784, respectively; AD/CVD Operations, Office 1, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street & Constitution Avenue, NW., Washington, DC 20230.

SUPPLEMENTARY INFORMATION: On December 12, 2005, the Department of

Commerce (the Department) determined that certain softwood lumber products from Canada are being sold in the United States at less than fair value, as provided in section 751(a) of the Tariff Act of 1930, as amended (the Act). See *Notice of Final Results of Antidumping Duty Administrative Review: Certain Softwood Lumber Products from Canada*, 70 FR 73437 (December 12, 2005) (Final Results). On January 23, 2006, the Department published its amended final results. See *Notice of Amended Final Results of Antidumping Duty Administrative Review: Certain Softwood Lumber Products from Canada* 71 FR 3458.¹ On January 25, 2006, The Maritime Lumber Bureau and certain of its individual members² (collectively, the Maritimes) filed a timely ministerial error allegation pursuant to 19 CFR 351.224(c)(2). The petitioner³ did not rebut this allegation.

Scope of the Order

The products covered by this order are softwood lumber, flooring and siding (softwood lumber products). Softwood lumber products include all products classified under headings 4407.1000, 4409.1010, 4409.1090, and 4409.1020, respectively, of the Harmonized Tariff Schedule of the United States (HTSUS), and any softwood lumber, flooring and siding described below. These softwood lumber products include:

- (1) coniferous wood, sawn or chipped lengthwise, sliced or peeled, whether or not planed, sanded or finger-jointed, of a thickness exceeding six millimeters;
- (2) coniferous wood siding (including strips and friezes for parquet flooring, not assembled) continuously shaped (tongued, grooved, rabbeted, chamfered, v-jointed, beaded, molded, rounded or the like) along any of its edges or faces, whether or not planed, sanded or finger-jointed;

(3) other coniferous wood (including strips and friezes for parquet flooring, not assembled) continuously shaped (tongued, grooved, rabbeted, chamfered, v-jointed, beaded, molded, rounded or the like) along any of its edges or faces (other than wood moldings and wood dowel rods) whether or not planed, sanded or finger-jointed; and

(4) coniferous wood flooring (including strips and friezes for parquet flooring, not assembled) continuously shaped (tongued, grooved, rabbeted, chamfered, v-jointed, beaded, molded, rounded or the like) along any of its edges or faces, whether or not planed, sanded or finger-jointed.

Although the HTSUS subheadings are provided for convenience and U.S. Customs and Border Protection (CBP) purposes, the written description of the merchandise under investigation is dispositive. Preliminary scope exclusions and clarifications were published in three separate **Federal Register** notices.

Softwood lumber products excluded from the scope:

- trusses and truss kits, properly classified under HTSUS 4418.90
- I-joint beams
- assembled box spring frames
- pallets and pallet kits, properly classified under HTSUS 4415.20
- garage doors
- edge-glued wood, properly classified under HTSUS 4421.90.97.40 (formerly HTSUS 4421.90.98.40)

- properly classified complete door frames

- properly classified complete window frames
 - properly classified furniture
- Softwood lumber products excluded from the scope only if they meet certain requirements:

- *Stringers* (pallet components used for runners): if they have at least two notches on the side, positioned at equal distance from the center, to properly accommodate forklift blades, properly classified under HTSUS 4421.90.97.40 (formerly HTSUS 4421.90.98.40).
- *Box-spring frame kits*: if they contain the following wooden pieces—two side rails, two end (or top) rails and varying numbers of slats. The side rails and the end rails should be radius-cut at both ends. The kits should be individually packaged, they should contain the exact number of

¹ In the published amended final results, some of the margins were mis-stated due to a **Federal Register** formatting problem. The **Federal Register** published a correction on January 30, 2006. See *Notice of Amended Final Results of Antidumping Duty Administrative Review: Certain Softwood Lumber Products from Canada: Correction* 71 FR 4968 (January 30, 2006).

² See letter from the Maritimes Lumber Bureau to the Department, dated January 25, 2006, at Exhibit A for a list of companies included in the allegation.

³ The petitioner in this case is the Coalition for Fair Lumber Imports Executive Committee. We note that during the review, submissions have been made interchangeably by the petitioner itself and by the Coalition for Fair Lumber Imports, a domestic interested party. For ease of reference, we will use the term "petitioner" to refer to submissions by either, although we recognize that the Coalition for Fair Lumber Imports is not the actual petitioner.

- wooden components needed to make a particular box spring frame, with no further processing required. None of the components exceeds 1" in actual thickness or 83" in length.
- *Radius-cut box-spring-frame components*, not exceeding 1" in actual thickness or 83" in length, ready for assembly without further processing. The radius cuts must be present on both ends of the boards and must be substantial cuts so as to completely round one corner.
 - *Fence pickets* requiring no further processing and properly classified under HTSUS 4421.90.70, 1" or less in actual thickness, up to 8" wide, 6' or less in length, and have finials or decorative cuttings that clearly identify them as fence pickets. In the case of dog-eared fence pickets, the corners of the boards should be cut off so as to remove pieces of wood in the shape of isosceles right angle triangles with sides measuring 3/4 inch or more.
 - *U.S. origin lumber* shipped to Canada for minor processing and imported into the United States, is excluded from the scope of this order if the following conditions are met: 1) the processing occurring in Canada is limited to kiln-drying, planing to create smooth-to-size board, and sanding, and (2) the importer establishes to CBP's satisfaction that the lumber is of U.S. origin.⁴
 - *Softwood lumber products contained in single family home packages or kits*,⁵ regardless of tariff classification, are excluded from the scope of the orders if the following criteria are met:
 1. The imported home package or kit constitutes a full package of the number of wooden pieces specified in the plan, design or blueprint necessary to produce a home of at least 700 square feet produced to a specified plan, design or blueprint;
 2. The package or kit must contain all necessary internal and external doors and windows, nails, screws, glue, subfloor, sheathing, beams, posts, connectors and, if included in purchase contract, decking, trim,

- drywall and roof shingles specified in the plan, design or blueprint;
- 3. Prior to importation, the package or kit must be sold to a retailer of complete home packages or kits pursuant to a valid purchase contract referencing the particular home design plan or blueprint, and signed by a customer not affiliated with the importer;
- 4. The whole package must be imported under a single consolidated entry when permitted by CBP, whether or not on a single or multiple trucks, rail cars or other vehicles, which shall be on the same day except when the home is over 2,000 square feet;
- 5. The following documentation must be included with the entry documents:
 - a copy of the appropriate home design, plan, or blueprint matching the entry;
 - a purchase contract from a retailer of home kits or packages signed by a customer not affiliated with the importer;
 - a listing of inventory of all parts of the package or kit being entered that conforms to the home design package being entered;
 - in the case of multiple shipments on the same contract, all items listed immediately above which are included in the present shipment shall be identified as well.

We have determined that the excluded products listed above are outside the scope of this order provided the specified conditions are met. Lumber products that CBP may classify as stringers, radius cut box-spring-frame components, and fence pickets, not conforming to the above requirements, as well as truss components, pallet components, and door and window frame parts, are covered under the scope of this order and may be classified under HTSUS subheadings 4418.90.40.90, 4421.90.70.40, and 4421.90.98.40. Due to changes in the 2002 HTSUS whereby subheading 4418.90.40.90 and 4421.90.98.40 were changed to 4418.90.45.90 and

4421.90.97.40, respectively, we are adding these subheadings as well.

In addition, this scope language has been further clarified to now specify that all softwood lumber products entered from Canada claiming non-subject status based on U.S. country of origin will be treated as non-subject U.S.-origin merchandise under the antidumping and countervailing duty orders, provided that these softwood lumber products meet the following condition: upon entry, the importer, exporter, Canadian processor and/or original U.S. producer establish to CBP's satisfaction that the softwood lumber entered and documented as U.S.-origin softwood lumber was first produced in the United States as a lumber product satisfying the physical parameters of the softwood lumber scope.⁶ The presumption of non-subject status can, however, be rebutted by evidence demonstrating that the merchandise was substantially transformed in Canada.

Amended Final Results

In accordance with section 751(h) of the Act, we have determined that a ministerial error was made in our *Final Results* assessment rate calculation for the Maritimes. This error did not affect any of the published cash deposit rates. For a detailed discussion of the ministerial error allegation and the Department's analysis, see Memorandum to Stephen J. Claeys, *Antidumping Duty Administrative Review of Certain Softwood Lumber Products from Canada*, regarding Ministerial Error Allegation, dated February 7, 2006, which is on file in the Central Records Unit ("CRU"), room B-099 of the main Department building.

In accordance with section 751(h) of the Act and 19 CFR 351.224(e), we are amending the amended final results of the antidumping duty administrative review of lumber from Canada to correct this ministerial error.

The weighted-average dumping margins for the period May 1, 2003, through April 30, 2004, which have not changed since the amended final, are listed below:

| Producer/Exporter | Original Weighted-Average Margin (Percentage) | Amended Weighted-Average Margin (Percentage) |
|--|---|--|
| Abitibi (and its affiliates Abitibi Consolidated Company of Canada. ⁷ Produits Forestiers Petit Paris Inc., | 2.52 | 2.52 |

⁴ For further clarification pertaining to this exclusion, see the additional language concluding the scope description below.

⁵ To ensure administrability, we clarified the language of this exclusion to require an importer

certification and to permit single or multiple entries on multiple days, as well as instructing importers to retain and make available for inspection specific documentation in support of each entry.

⁶ See the scope clarification message (3034202), dated February 3, 2003, to CBP, regarding treatment of U.S.-origin lumber on file in the Central Records Unit, Room B-099 of the main Commerce Building.

⁷ Abitibi Consolidated Company of Canada was inadvertently omitted for the final results.

⁸ We note that Nakina Forest Products Limited is a division of Long Lake Forest Products, Inc., an affiliate of Buchanan Lumber Sales.

⁹ Canfor's weighted-average margin is based upon a weighted-average of Canfor's and Slocan's respective cash deposit rates prior to the merger. See Memorandum from Salim Bhabhrwala, International Trade Compliance Analyst to The File, Re: Analysis Memorandum For Canfor Corporation (December 5, 2005). We also note that, during the POR, Sinclair Enterprises Ltd. (Sinclar) acted as an affiliated reseller for Lake-land, an affiliate of Canfor. In this review, we reviewed the sales of Canfor and its affiliates; therefore, Canfor's weighted-average margin applies to all sales of subject merchandise produced by any member of the Canfor Group and sold by Sinclair. As Sinclair also separately requested a review, any sales of subject merchandise produced by another manufacturer and sold by Sinclair will receive the "Review-Specific Average" rate. Finally, we note that Canadian Forest Products, Ltd. is a wholly owned subsidiary of Canfor and will receive Canfor's weighted-average margin.

¹⁰ In the *Preliminary Results*, we listed companies on the review-specific rate list that did not request a review or have a review requested on them for the current review. Therefore, we have removed the following companies from the review specific-rate list for the final results: AFA Forest Products Inc., Associated Cedar Products, Ivis Wood Products, Lazy S Lumber, Mary's River Lumber, New West Lumber Ltd., Quadra Wood Products Ltd., Schols Cedar Products, Standard Building Products Ltd., Still Creek Forest Products Ltd., Taiga Forest Products, Western Cleanwood Preservers Ltd. and Western Wood Preservers Ltd. All of the above companies participated in the 1st Administrative Review and will continue to receive the review-specific average rate (3.78%) from that review.

¹¹ In the *Preliminary Results*, we incorrectly listed Les Placements Jean-Paul Fontaine Ltee. as Paul Fontaine Ltee. and also as Les Placements Jean-Paul Fontaine Ltee. To correct this error we have removed Paul Fontaine Ltee. from the review-specific average rate list.

¹² On October 13, 2005, we found that Produits Forestiers Arbec Inc. was the successor-in-interest to Unforet Inc. See *Notice of Final Results of Antidumping Duty Changed Circumstances Review: Certain Softwood Lumber Products from Canada*, 70 FR 59721 (October 13, 2005). We inadvertently omitted the new name in the final results and are including it here.

¹³ On August 19, 2005, we found that Western Forest Products Inc. and its subsidiaries, WFP Products Limited, WFP Western Lumber Ltd., and WFP Lumber Sales Limited, were the successors-in-interest to Doman Industries Limited, Doman Forest Products Limited, and Doman Western Lumber Ltd. See *Notice of Final Results of Antidumping Duty Changed Circumstances Review: Certain Softwood Lumber Products from Canada*, 70 FR 48673 (August 19, 2005). We inadvertently omitted the new names in the final results and are including them here.

Cash Deposit Rates

Furthermore, the following deposit requirements will be effective upon publication of the amended final results of this administrative review for all shipments of certain softwood lumber products from Canada entered, or withdrawn from warehouse, for consumption on or after the publication date of these final results, as provided by section 751(a) of the Act: 1) for companies covered by this review, the cash deposit rate will be the rate listed above; 2) for previously reviewed or investigated companies not listed above, the cash deposit rate will continue to be the company-specific rate published for the most recent period; 3) if the exporter is not a firm covered in this review, a

prior review, or the original less-than-fair-value investigation, but the producer is, the cash deposit rate will be the rate established for the most recent period for the manufacturer of the merchandise; and 4) the cash deposit rate for all other producers or exporters will be 11.54 percent, the "All Others" rate calculated in the Department's recent determination under section 129 of the Uruguay Round Agreements Act. See *Notice of Determination Under Section 129 of the Uruguay Round Agreements Act: Antidumping Measures on Certain Softwood Lumber Products from Canada*, 70 FR 22636 (May 2, 2005). These deposit requirements shall remain in effect until publication of the

final results of the next administrative review.

Assessment Rates

In accordance with section 19 CFR 356.8(a), the Department will issue appropriate assessment instructions directly to CBP on or after 41 days following the publication of these amended final results of review.

We are issuing and publishing this determination and notice in accordance with sections 751(a)(1), 751(h) and 771(i)(1) of the Act.

Dated: February 8, 2006.

David M. Spooner,
 Assistant Secretary for Import Administration.
