[Docket No. PR06-21-000]

ETC Katy Pipeline, Ltd.; Notice of Petition for Rate Approval

August 24, 2006.

Take notice that on August 11, 2006, ETC Katy Pipeline, Ltd. (ETC Katy) filed a petition for rate approval for NGPA section 311 maximum firm transportation rates, pursuant to Section 284.123(b)(2) of the Commission's regulations. ETC Katy requests that the Commission approve an initial maximum rate for firm transportation of \$4.410 per MMBtu and a usage fee of \$0.055 per MMBtu, plus a retainage charge of 1.50% for compressor fuel, company use and lost and unaccounted for gas for gas transported under section 311. ETC Katy affirms that it is an intrastate pipeline within the meaning of section 2(16) of the NGPA, with its pipeline located entirely within the state of Texas.

Any person desiring to participate in this rate proceeding must file a motion to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding.

Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. Such notices, motions, or protests must be filed on or before the date as indicated below. Anyone filing an intervention or protest must serve a copy of that document on the Applicant. Anyone filing an intervention or protest on or before the intervention or protest date need not serve motions to intervene or protests on persons other than the Applicant.

The Commission encourages electronic submission of protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 14 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.

This filing is accessible on-line at <http://www.ferc.gov>, using the "eLibrary" link and is available for review in the Commission's Public Reference Room in Washington, DC. There is an "eSubscription" link on the Web site that enables subscribers to receive e-mail notification when a document is added to a subscribed docket(s). For assistance with any FERC Online service, please e-mail FERCOnlineSupport@ferc.gov, or call (866) 208-3676 (toll free). For TTY, call (202) 502-8659.

Comment Date: 5 p.m. Eastern Time on September 8, 2006.

[Docket Nos. CP04-400-002]

Golden Pass Pipeline LP; Notice of Application

August 21, 2006.

Take notice that on August 11, 2006, Golden Pass Pipeline LP (GPPL) filed in Docket No. CP04-400-002 an application seeking to amend the certificate of public convenience and necessity issued July 6, 2005, in Docket No. CP04-400-000, as amended in Docket No. CP04-400-001. That certificate issued pursuant to section 7(c) of the NGA and Part 157, Subpart A of the Commission's Regulations, authorized construction and operation of facilities to transport natural gas

originating from liquefied natural gas (LNG) receiving terminal to be located approximately 10 miles south of Port Arthur, Texas, and two miles northeast of the town of Sabine Pass, Texas. The previous amendment application, still under review by the Commission, seeks authorization to alter the size and route of the southern 43 miles of pipeline.

GPPL now requests authorization to make certain variations in the design of the proposed pipeline. The new design component would replace the approximately 35-mile northern segment of 36-inch diameter pipeline with a 42-inch diameter pipeline from the AEP Texoma interconnect site to the terminus of the pipeline at an interconnect with Transcontinental Gas Pipe Line Corporation near Starks, LA.

This application is on file with the Commission and open to public inspection. This filing is available for review at the Commission in the Public Reference Room or may be viewed on the Commission's Web site at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, please contact FERC Online Support at FERCOnlineSupport@ferc.gov or toll free at (866) 208-3676, or for TTY, contact (202) 502-8659. Any initial questions regarding these applications should be directed to Mrs. Gina M. Dickerson, 17001 Northchase Drive, Houston, Texas, 77060. *Phone:* (281) 654-4816.

There are two ways to become involved in the Commission's review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before the below listed comment date, file with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit 14 copies of filings made with the Commission and must mail a copy to the applicant and to every other party in the proceeding. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

However, a person does not have to intervene in order to have comments considered. The second way to

participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's rules require that persons filing comments in opposition to the project provide copies of their protests only to the party or parties directly involved in the protest.

Persons who wish to comment only on the environmental review of this project should submit an original and two copies of their comments to the Secretary of the Commission. Environmental commenters will be placed on the Commission's environmental mailing list, will receive copies of the environmental documents, and will be notified of meetings associated with the Commission's environmental review process. Environmental commenters will not be required to serve copies of filed documents on all other parties. However, the non-party commenters will not receive copies of all documents filed by other parties or issued by the Commission (except for the mailing of environmental documents issued by the Commission) and will not have the right to seek court review of the Commission's final order.

Motions to intervene, protests and comments may be filed electronically via the internet in lieu of paper; see, 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site under the "e-Filing" link. The Commission strongly encourages electronic filings.

Comment Date: 5 p.m. EST on September 11, 2006.

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. CP00-6-014]

Gulfstream Natural Gas System L.L.C.; Notice of Application

August 22, 2006.

On August 15, 2006, Gulfstream Natural Gas System L.L.C. (GNGS), pursuant to section 7(c) of the Natural Gas Act, as amended, and section 157 of

the Federal Energy Regulatory Commission's (Commission) regulations, filed to amend their currently certificated Phase III facilities to include 34.3 miles of a 30-inch pipeline extending from the existing GNGS mainline in Martin County to the proposed West County Energy Center in Palm Beach County, Florida. The pipeline extension would transport up to 345,000 Dth/d of natural gas for the 2,200 Mw of electric generating facilities proposed at the Energy Center. GNGS requests that currently-approved initial recourse rates be modified to reflect cost estimates to construct the amended Phase III facilities. GNGS asks the Commission to grant the requested certificate amendment by June 1, 2007 to ensure that the modified Phase III facilities can meet the timing and economic assurance needs of the Project's anchor shipper.

Questions concerning the application should be directed to: P. Martin Teague, Associate General Counsel, Gulfstream Natural Gas System, L.L.C., 5400 Westheimer Court, P.O. Box 1642, Houston, Texas 77251-1642 or telephonically at (713) 627-5242.

There are two ways to become involved in the Commission's review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before the comment date, file with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit 14 copies of filings made with the Commission and must mail a copy to the applicant and to every other party in the proceeding. Only parties to the proceeding can ask for court review of Commission orders in the proceeding. However, a person does not have to intervene in order to have comments considered.

The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the

proceeding. The Commission's rules require that persons filing comments in opposition to the project provide copies of their protests only to the party or parties directly involved in the protest.

Comments, protests and interventions may be filed electronically via the Internet in lieu of paper. See 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site under the "e-Filing" link at <http://www.ferc.gov>. The Commission strongly encourages intervenors to file electronically. Persons unable to file electronically should submit an original and 14 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.

This filing is accessible on-line at <http://www.ferc.gov>, using the "eLibrary" link and is available for review in the Commission's Public Reference Room in Washington, DC. There is an "eSubscription" link on the Web site that enables subscribers to receive e-mail notification when a document is added to a subscribed docket(s). For assistance with any FERC Online service, please e-mail FERCOnlineSupport@ferc.gov, or call (866) 208-3676 (toll free). For TTY, call (202) 502-8659.

Comment Date: 5 p.m. Eastern Time on September 11, 2006.

Pedricktown Cogeneration Company, LP; Notice of Filing

August 22, 2006.

Take notice that on August 14, 2006, Pedricktown Cogeneration Company, LP (Pedricktown) submitted a request for a waiver of the efficiency standard for its qualifying cogeneration facility located in Pedricktown, New Jersey, filed pursuant to section 292.205(c) of the Commission's regulations in the above-captioned dockets.

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211, 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will
