

reasonably necessary to obtain significant efficiencies through the joint arrangement.

A "qualified clinically-integrated joint arrangement," on the other hand, need not involve any sharing of financial risk. Instead, as defined in the proposed order, physician participants must participate in active and ongoing programs to evaluate and modify their clinical practice patterns in order to control costs and ensure the quality of services provided, and the arrangement must create a high degree of interdependence and cooperation among physicians. As with qualified risk-sharing arrangements, any agreement concerning price or other terms of dealing must be reasonably necessary to achieve the efficiency goals of the joint arrangement.

Paragraph III, for three years, requires New Century and Prime Care to notify the Commission before entering into any arrangement to act as an agent on behalf of any physicians, with payors regarding contracts. Paragraph III also sets out the information necessary to make the notification complete.

Paragraph IV, for three years, requires the Proposed Respondents to notify the Commission before participating in contracting with health plans on behalf of a qualified risk-sharing joint arrangement, or a qualified clinically-integrated joint arrangement. The contracting discussions that trigger the notice provision may be either among physicians, or between New Century or Prime Care and health plans. Paragraph IV also sets out the information necessary to satisfy the notification requirement.

Paragraph V provides that, for three years, the New Century and Prime Care officials named in the proposed complaint and order may not: (1) Negotiate or act as an agent on behalf of any physician or medical group practice that participates or has participated in either New Century or Prime Care; or (2) advise any physician or medical group practice that participates in or has participated in either New Century or Prime Care on contracts, offers, contract terms, conditions, or requirements for dealing with any payors. Exempted from Paragraph V's prohibition are the officials' participation in: (1) Certain qualified risk-sharing joint arrangements; (2) certain qualified clinically-integrated joint arrangements; and (3) activities that solely involve physicians in a medical group practice in which the official participates.

For three years, Paragraph VI requires both New Century and Prime Care, respectively, to distribute the complaint and order: (1) To all physicians who

have participated in the IPAs, who currently participate in the IPAs, or who express interest in participating in the IPAs; and (2) to payors that have negotiated contracts with the IPAs, or that contract with the IPAs in the future.

Paragraphs VII, VIII, IX, and X of the proposed order impose various obligations on the Proposed Respondents to report or provide access to information to the Commission to facilitate the monitoring of compliance with the order. Paragraph XI provides that the proposed order will expire in 20 years.

By direction of the Commission.

Donald S. Clark,

Secretary.

Advisory Committee on Childhood Lead Poisoning Prevention (ACCLPP)

In accordance with section 10(a)(2) of the Federal Advisory Committee Act (Pub. L. 92-463), the Centers for Disease Control and Prevention (CDC), National Center for Environmental Health (NCEH) announces the following committee meeting.

Name: Advisory Committee on Childhood Lead Poisoning Prevention (ACCLPP).

Times and Dates: October 17, 2006, 8:30 a.m.-5 p.m., October 18, 2006, 8:30 a.m.-12:30 p.m.

Place: Hilton St. Louis at the Ballpark, One South Broadway, St. Louis, MO 63102, Telephone: 314 421-1776 or Toll free 1-877-845-7354.

Status: Open to the public, limited only by the space available. The meeting room accommodates approximately 75 people.

Purpose: The Committee provides advice and guidance to the Secretary; the Assistant Secretary for Health; and the Director, CDC, regarding new scientific knowledge and technological developments and their practical implications for childhood lead poisoning prevention efforts. The committee also reviews and reports regularly on childhood lead poisoning prevention practices and recommends improvements in national childhood lead poisoning prevention efforts.

Matters To Be Discussed: Update on the Lead and Pregnancy Workgroup activities, update on the clinical implications of blood lead levels (BLL)

less than 10 and discussions of laboratory capacity to analyze BLL <2 µg/dL. Agenda items are subject to change as priorities dictate.

Opportunities will be provided during the meeting for oral comments. Depending on the time available and the number of requests, it may be necessary to limit the time of each presenter.

For Further Information Contact: Claudine Johnson, Clerk, (Contractor) Lead Poisoning Prevention Branch, Division of Environmental Emergency Health Services, NCEH, CDC, 4770 Buford Hwy., NE., Mailstop F-40, Atlanta, GA 30341, telephone 770 488-3629, fax 770 488-3635.

The Director, Management Analysis and Services Office has been delegated the authority to sign **Federal Register** notices pertaining to announcements of meetings and other committee management activities, for both CDC and the Agency for Toxic Substances and Disease Registry.

Dated: August 22, 2006.

Alvin Hall,

Director, Management Analysis and Services Office, Centers for Disease Control and Prevention.
