

The current deadline for the final results of this review is July 3, 2006.

Extension of Time Limit for Final Results of Review

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended ("the Act"), requires the Department to issue (1) the preliminary results of a review within 245 days after the last day of the month in which occurs the anniversary of the date of publication of an order or finding for which a review is requested, and (2) the final results within 120 days after the date on which the preliminary results are published. However, if it is not practicable to complete the review within that time period, section 751(a)(3)(A) of the Act allows the Department to extend the time limit for the preliminary results to a maximum of 365 days and the final results to a maximum of 180 days (or 300 days if the Department does not extend the time limit for the preliminary results) from the date of the publication of the preliminary results. See 19 CFR 351.213(h)(2).

We determine that it is not practicable to complete the final results of this review within the extended time limits. Due to the complexity of issues present in this administrative review, such as BGH's claim of a downward adjustment to normal value for home market commissions and the Department's upward adjustment to BGH's cost of manufacture, the Department needs additional time to address these items and evaluate the issues more thoroughly. Therefore, we are extending the deadline for the final results of this review by 14 days. Accordingly, the final results will be issued no later than July 17, 2006.

This extension is in accordance with section 751(a)(3)(A) of the Act and 19 CFR 351.213(h)(2).

Dated: June 9, 2006.

Deputy Assistant Secretary for Import Administration.

DEPARTMENT OF COMMERCE

International Trade Administration

Exemption of Foreign Air Carriers From Excise Taxes; Discontinuance of Exemption; Republic of Bolivia

AGENCY: International Trade Administration, U.S. Department of Commerce.

ACTION: Notification to the Secretary of Treasury by the Secretary of Commerce,

or his designee, of the discontinuance of the existing exemption for aircraft registered in the Republic of Bolivia from certain internal revenue taxes on the purchase of supplies in the United States for such aircraft in connection with their international commercial operations.

SUMMARY: Notice is hereby given that the Department of Commerce has determined that the Government of Bolivia has discontinued allowing substantially reciprocal tax exemptions to aircraft of U.S. registry in connection with international commercial operations similar to those exemptions currently granted to aircraft of Bolivian registry by the United States. The Department reached this determination after a review conducted pursuant to Section 4221 of the Internal Revenue Code, as amended (26 U.S.C. 4221).

The above-cited statute provides exceptions for aircraft of foreign registry from payment of certain internal revenue taxes on the purchase of supplies in the United States for such aircraft in connection with their international commercial operations. These exemptions apply upon a finding by the Secretary of Commerce, or his designee, and communicated to the Department of the Treasury, that such country allows, or will allow, "substantially reciprocal privileges" to aircraft of U.S. registry with respect to purchases of such supplies in that country. If a foreign country discontinues the allowance of such substantially reciprocal exemption, the exemption allowed by the United States will not apply after the Secretary of the Treasury is notified by the Secretary of Commerce, or his designee, of the discontinuance.

Interested parties were invited in a **Federal Register** Notice dated June 30, 2005, to submit their views, comments and supporting documentation in writing concerning this matter to the U.S. Department of Commerce. The Department then conducted its review. Those desiring additional information contact Mr. Eugene Alford, Office of Service Industries, Room 1104, U.S. Department of Commerce, Washington, DC 20230, or telephone 202-482-5071.

National Oceanic and Atmospheric Administration

Availability of Seats for the Gulf of the Farallones National Marine Sanctuary Advisory Council

AGENCY: National Marine Sanctuary Program (NMSP), National Ocean Service (NOS), National Oceanic and Atmospheric Administration, Department of Commerce (DOC).

ACTION: Notice and request for applications.

SUMMARY: The Gulf of the Farallones National Marine Sanctuary (GFNMS or Sanctuary) is seeking applicants for the following seats on its Sanctuary Advisory Council (Advisory Council):

At-Large for San Francisco/San Mateo Counties (alternate).

Education (primary and alternate).

Maritime Activities/Recreational (primary and alternate).

Research (primary and alternate).

Applicants are chosen based upon their particular expertise and experience in relation to the seat for which they are applying; community and professional affiliations; philosophy regarding the protection and management of marine resources; and possibly the length of residence in the area affected by the Sanctuary. Applicants who are chosen as members should expect to serve either a two- or three-year term, pursuant to the Advisory Council's Charter.

DATES: Applications are due by August 15, 2006.

ADDRESSES: Application kits may be obtained from Gulf of the Farallones National Marine Sanctuary, Building 201 Fort Mason, San Francisco, CA 94950, (415) 561-6622, and over the Internet at: <http://farallones.noaa.gov/manage/sac.html>. Completed applications should be sent to the above mailing address.

FOR FURTHER INFORMATION CONTACT: Gulf of the Farallones National Marine Sanctuary, Building 201 Fort Mason, San Francisco, CA 94950, (415) 561-6622.

SUPPLEMENTARY INFORMATION: The Gulf of the Farallones National Marine Sanctuary (GFNMS) was established in 1981 to protect the near shore waters of the California Coast north and west of San Francisco, and the offshore Farallon Islands. The sanctuary includes nursery and spawning grounds for commercially important species, over 33 species of marine mammals, and 15 species of breeding seabirds. The Farallon Islands

themselves contain the largest concentration of breeding seabirds in the contiguous United States. Key habitats include coastal beaches, rocky shores, mud and tidal flats, salt marsh, estuaries, and pelagic waters.

Additionally, the area within the Monterey Bay National Marine Sanctuary (MBNMS) north of the San Mateo/Santa Cruz county boundary is administered by the GFNMS. The legal boundaries of each sanctuary remain as is. The GFNMS is responsible for developing and managing most sanctuary programs within this area, with the exception that the MBNMS is responsible for the Water Quality Protection Program.

The GFNMS Advisory Council was originally chartered in 2001, with seven voting members. It has recently been expanded to 12 voting members. The primary focus of the Council is to advise the Sanctuary Manager regarding the implementation of the sanctuary management plan, in conjunction with the contiguous Monterey Bay and Cordell Bank National Marine Sanctuaries.

I. Abstract

Patent applications that contain nucleotide and/or amino acid sequence disclosures must include a copy of the sequence listing in accordance with the requirements in 37 CFR 1.821-1.825. The rules of practice require applicants to submit these sequence listings in a standard international format that is consistent with World Intellectual Property Organization (WIPO) Standard ST.25 (1998). Applicants may submit sequence listings for both U.S. and international patent applications.

The USPTO uses the sequence listings during the examination process to determine the patentability of the associated patent application. Sequence listings are also disclosed as part of the published patent application or issued patent. Sequence listings that are extremely long (files larger than 600K or
