I. General Information

A. Introduction

1. The Media Bureau and Wireless Telecommunications Bureau (collectively the Bureaus) announce the procedures and minimum opening bid amounts for the upcoming auction of certain FM broadcast construction permits scheduled to begin on January 10, 2007 (Auction No. 68). On August 24, 2006, in accordance with Section 309(j)(3) of the Communications Act of 1934, as amended, the Bureaus released a public notice seeking comment on reserve prices or minimum opening bid amounts and the procedures to be used in Auction No. 68. Interested parties submitted six comments and one reply comment in response to the *Auction No. 68 Comment Public Notice*, 71 FR 51822, August 31, 2006.

i. Construction Permits To Be Auctioned

2. Auction No. 68 will offer nine construction permits in the FM broadcast service as listed in Attachment A of the *Auction No. 68 Procedures Public Notice*. The construction permits to be auctioned are nine unsold FM construction permits from Auction Nos. 37 and 62. These construction permits are for vacant FM allotments, reflecting FM channels assigned to the FM Table of Allotments, pursuant to the Commission's established rulemaking procedures, and are designated for use in the indicated communities.

3. Pursuant to the policies established in the *Broadcast Competitive Bidding First Report and Order*, 63 FR 48615, September 11, 1998, applicants may apply for any vacant FM allotment listed in Attachment A of the *Auction No. 68 Procedures Public Notice*. When two or more short-form applications (FCC Form 175) specifying the same FM

allotment are accepted for filing, mutual exclusivity (MX) exists for auction purposes, and thus, that construction permit for the FM allotment will be awarded by competitive bidding procedures. Once mutual exclusivity exists for auction purposes, even if only one applicant within an MX group submits an upfront payment, that applicant is required to submit a bid in order to obtain the construction permit. Any applicant that submits a short-form application that is accepted for filing but fails to timely submit an upfront payment will retain its status as an applicant in Auction No. 68 and will remain subject to the Commission's anti-collusion rules, but will not be eligible to bid, having purchased no bidding eligibility.

4. A commenter contends that the *Auction No. 68 Comment Public Notice* is deficient in that it does not sufficiently encourage the submission of applications for noncommercial educational (NCE) broadcast stations. The commenter surmises that, because the construction permits available in Auction No. 68 were unsold previously in Auction Nos. 37 and 62, this shows a lack of interest in providing commercial service in these areas, and therefore suggests that encouraging applications for NCE stations might result in new NCE service to these locations. The commenter's suggestion rests on an erroneous premise that there was a lack of interest in these permits. Rather, as discussed further below, the permits in this auction received multiple bids in those prior auctions. These permits are available now because either a bidder withdrew a high bid during the previous auction or a winning bidder defaulted after the close of the auction.

5. The same commenter also suggests that the *Auction No. 68 Comment Public Notice* was deficient because it did not contain instructions for the submission of applications for NCE stations, citing a portion of 47 CFR 73.5002(a) which states that initial and other public notices will contain instructions for completing applications to participate in the broadcast auction, and applications for NCE stations. The commenter's argument fails to recognize that an initial auction public notice is limited to announcing the upcoming auction and specifying the period for short-form applications. The Commission's initial auction public notices for FM auctions do not supply specific application filing instructions. Rather, such instructions are typically supplied in a subsequent public notice, such as the *Auction No. 68 Procedures Public Notice*, which announces the
