Grants may be made to nonprofit corporations and institutions of higher education. Grants may not be made to public bodies.

**B. Cost Sharing or Matching**

Matching funds are required.

Applicants must verify in their applications that all matching funds are available for the time period of the grant. The matching fund requirement is 25 percent of the total project cost (5 percent in the case of 1994 Institutions). Unless provided by other authorizing legislation, other Federal grant funds cannot be used as matching funds. However, matching funds may include loan proceeds from Federal sources. Matching funds must be spent in advance or as a pro-rata portion of grant funds being expended. Therefore, if you are providing 25 percent of the total project cost as match, you must show that 25 percent or more of the amount of grant funds being requested has been expended in matching funds. All of the matching funds must be provided by either the applicant or a third party in the form of cash or in-kind contributions. All of the matching funds must be spent on eligible expenses and must be from eligible sources. Any in-kind contributions must be performed for the benefit of the Center. The Center must be able to document and verify the number of hours worked and the value associated with the contribution. In-kind contributions provided by individuals, businesses, or cooperatives who are being assisted by the Center cannot be provided for the benefit of their own projects as USDA Rural Development considers this to be a conflict of interest or the appearance of a conflict of interest. Applications will be considered ineligible if any proposed matching funds are for ineligible purposes.

**C. Other Eligibility Requirements**

*Grant Period Eligibility:* Applications should have a timeframe of no more than 365 days with the time period beginning no earlier than October 1, 2006 and no later than January 1, 2007. Projects must be completed within the 1-year timeframe. The Agency will not approve requests to extend the grant period.

*Completeness Eligibility:* Applications will not be considered for funding if they do not provide sufficient information to determine eligibility, if they are non-responsive to the submission requirements detailed in Section IV of this notice or if they are

missing any required elements (in whole or in part), except for the exceptions noted in the Section V.B.

*Activity Eligibility:* Applicants must propose the development or continuation of the cooperative development center concept or they will not be considered for funding. Additionally, applications that focus assistance to only one cooperative will not be considered for funding. Applicants that propose budgets that include more than 10 percent of total project costs that are ineligible for the program will be ineligible, and the application will not be considered for funding. If an application has ineligible costs of 10 percent or less of total project costs, it will be treated as described in Section V.B.

An application must contain all of the following elements. Any application that is missing any element or contains an incomplete element will not be considered for funding except as set forth in Section V.B.

1. *Form SF-424, "Application for Federal Assistance."* In order for this form to be considered complete, it must contain the legal name of the applicant, the applicant's Data Universal Numbering System (DUNS) number, the applicant's complete mailing address, the name and telephone number of a contact person, the employer identification number, the start and end dates of the project, the Federal funds requested, other funds that will be used as matching funds, an answer to the question, "Is applicant delinquent on any Federal debt?," the name and signature of an authorized representative, the telephone number of the authorized representative, and the date the form was signed.

You are required to have a DUNS number to apply for a grant from USDA Rural Development. The DUNS number is a nine-digit identification number, which uniquely identifies business entities. There is no charge. To obtain a DUNS number, access <http://www.dnb.com/us/> or call 866-705-5711. For more information, see the RCDG Web site at <http://www.rurdev.usda.gov/rbs/coops/rcdg/rcdg.htm> or contact your USDA Rural Development State Office. You can reach your State Office by calling (202) 720-4323 and pressing "1".

2. *Form SF-424A, "Budget Information—Non-Construction Programs."* In order for this form to be considered complete, the applicant

must fill out sections A, B, C, and D. The applicant must include both Federal and matching funds as requested on the form.

3. *Form SF-424B, "Assurances—Non-Construction Programs."* In order for this form to be considered complete, the form must be signed by an authorized official and include the title, name of applicant, and date submitted.

4. *Survey on Ensuring Equal Opportunity for Applicants.* The Agency is required to make this survey available to all nonprofit applicants. Submitting this form is voluntary.

5. *Title Page.* The Title Page should include the title of the project as well as any other relevant identifying information. The length should not exceed one page.

6. *Table of Contents.* For ease of locating information, each proposal must contain a detailed Table of Contents (TOC) immediately following the Title Page. The TOC should include page numbers for each component of the proposal. Pagination should begin immediately following the TOC. In order for this element to be considered complete, the TOC should include page numbers for the Executive Summary, the Eligibility discussion, the Proposal Narrative and its subcomponents (Project Title, Information Sheet, Goals of the Project, Performance Evaluation Criteria, Undertakings, and Proposal Evaluation Criteria), Certification of Judgment, Verification of Matching Funds, and Certification of Matching Funds.

7. *Executive Summary.* A summary of the proposal, not to exceed two pages, must briefly describe the Center, including project goals and tasks to be accomplished, the amount requested, how the work will be performed (e.g., Center staff, consultants, or contractors) and the percentage of work that will be performed among the parties. In the event that more than two pages are submitted, only the first two pages will be considered.

8. *Eligibility.* The applicant must describe how it meets the applicant, matching, grant period and activity eligibility requirements in not to exceed two pages. In the event that more than two pages are submitted, only the first two pages will be considered.

9. *Proposal Narrative.* The proposal narrative is limited to a total of 35 pages. In the event that more than 35 pages are submitted, only the first 35 pages will be considered. The narrative portion of the proposal must include, but is not limited to, the following:

- Project Title. The title of the proposed project must be brief, not to exceed 75 characters, yet describe the

essentials of the project. It should match the Project Title submitted on the SF-424. The Project Title does not need to appear on a separate page. It can be included on the Title Page and/or on the Information Sheet.

ii. Information Sheet. A separate one-page information sheet which lists each of the evaluation criteria referenced in this funding announcement followed by the page numbers of all relevant material and documentation contained in the proposal that address or support the criteria. If the evaluation criteria are referenced on the Table of Contents, then submitting the information sheet is not necessary.

iii. Goals of the Project. The authorizing statute set forth the goals listed below for the Centers. A Center may have additional goals for its specific projects beyond the established goals (as stated in the Executive Summary); however, the applicants must, at a minimum, include the following in this section of the narrative:

1. A statement that substantiates that the Center will effectively serve rural areas in the United States;
2. A statement that the primary objective of the Center will be to improve the economic condition of rural areas through cooperative development;
3. A description of the contributions that the proposed activities are likely to make to the improvement of the economic conditions of the rural areas for which the Center will provide services; and
4. A statement that the Center, in carrying out its activities, will seek, where appropriate, the advice, participation, expertise, and assistance of representatives of business, industry, educational institutions, the Federal government, and State and local governments.

iv. Performance Evaluation Criteria. The Agency has established annual performance measures to evaluate the RCDG program. Therefore, in order to meet the requirements of this element, you must provide estimates on the following performance measures. When calculating jobs created, estimates should be based upon actual jobs to be created by the Center as a result of the RCDG funding or actual jobs to be created by businesses or cooperatives as a result of assistance from the Center. When calculating jobs saved, estimates should be based only on actual jobs that would have been lost if the Center did not receive RCDG funding or actual jobs that would have been lost without assistance from the Center. If the application is selected for funding, you will be required to report actual

numbers for these performance elements on a semi-annual basis and in your final performance report. Additional information on post-award requirements can be found in Section VI.

- Number of groups who are not legal entities assisted.
- Number of businesses that are not cooperatives assisted.
- Number of cooperatives assisted.
- Number of businesses incorporated that are not cooperatives.
- Number of cooperatives incorporated.
- Total number of jobs created as a result of assistance.
- Total number of jobs saved as a result of assistance.
- Number of jobs created for the Center as a result of RCDG funding.
- Number of jobs saved for the Center as a result of RCDG funding.

v. Undertakings. The applicant must expressly undertake to do the following in this section of the narrative:

1. Take all practicable steps to develop continuing sources of financial support for the Center, particularly from sources in the private sectors;
2. Make arrangements for the Center's activities to be monitored and evaluated; and
3. Provide an accounting for the money received by the grantee in accordance with 7 CFR part 4284, subpart F.

vi. Proposal Evaluation Criteria. Each of the evaluation criteria referenced in this funding announcement must be specifically and individually addressed in narrative form. See Section V.A. for a description of the Proposal Evaluation Criteria.

10. *Certification of Judgment Owed to the United States.* Applicants must certify that the United States has not obtained a judgment against them. No grant funds shall be used to pay a judgment obtained by the United States. It is suggested that applicants use the following language for the certification. "[INSERT NAME OF APPLICANT] certifies that the United States has not obtained a judgment against it." A separate signature is not required.

11. *Verification of Matching Funds.* Applicants must provide a budget to support the work plan showing all sources and uses of funds during the project period. Applicants will be required to verify all matching funds, both cash and in-kind. Verification of matching funds letters should be included in Appendix A and will not count towards the 35-page limitation. All proposed matching funds must be specifically documented in the application. If matching funds are to be provided by the applicant in cash, there

must be a statement that cash will be available, the amount of the cash, and the source of the cash. If the matching funds are to be provided by a third party in cash, the application must include a signed letter from that third party verifying how much cash will be donated and when it will be donated. Verification for funds donated outside the proposed time period of the grant will not be accepted. If the matching funds are to be provided by a third party in-kind donation, the application must include a signed letter from the third party verifying the goods or services to be donated, when the goods and services will be donated, and the value of the goods or services. Verification for in-kind contributions donated outside the proposed time period of the grant will not be accepted. Verification for in-kind contributions that are over-valued will not be accepted. The valuation process for in-kind funds does not need to be included in the application. However, the applicant must be able to demonstrate how the valuation was derived at the time of notification of tentative selection for the grant award. If the applicant cannot satisfactorily demonstrate how the valuation was determined, the grant award may be withdrawn or the amount of the grant may be reduced.

If matching funds are in cash, they must be spent on goods and services that are eligible expenditures for this grant program. If matching funds are in-kind contributions, the donated goods or services must be considered eligible expenditures for this grant program as well as be used for eligible purposes. The matching funds must be spent or donated during the grant period and the funds must be expended in advance or as a pro-rata portion of grant funds being expended. Therefore, if you are providing 25 percent of the total project cost as match, you must show that 25 percent or more of the amount of grant funds being requested has been expended in matching funds. Examples of unacceptable matching funds are in-kind contributions from individuals, businesses, or cooperatives being assisted by the Center to benefit their own project, donations of fixed equipment and buildings, and the preparation of your RCDG application package.

If acceptable verification for all proposed matching funds is missing from the application, the application will be determined to be incomplete and will not be considered for funding.

12. *Certification of Matching Funds.* Applicants must certify that matching funds will be available at the same time grant funds are anticipated to be spent

and that matching funds will be spent in advance of grant funding, such that for every dollar of the total project cost, not less than the required amount of matching funds will have been expended prior to submitting the request for reimbursement. Please note that this certification is a separate requirement from the Verification of Matching Funds requirement. Applicants should include a statement for this section that reads as follows: “[INSERT NAME OF APPLICANT] certifies that matching funds will be available at the same time grant funds are anticipated to be spent and that matching funds will be spent in advance of grant funding, such that for every dollar of the total project cost, at least 25 cents (5 cents for 1994 Institutions) of matching funds will have been expended prior to submitting the request for reimbursement.” A separate signature is not required.

### C. Submission Dates and Times

*Application Deadline Date:* May 20, 2006.

*Explanation of Deadlines:* Paper applications must be postmarked by the deadline date (see Section IV.F for the address). Electronic applications must be received by <http://www.grants.gov> by the deadline date. If your application does not meet the deadline above, it will not be considered for funding. You will be notified that your application did not meet the submission requirements. You will also be notified by mail or by e-mail if your application is received on time.

### D. Intergovernmental Review of Applications

Executive Order 12372, Intergovernmental review of Federal programs, applies to this program. This EO requires that Federal agencies provide opportunities for consultation on proposed assistance with state and local governments. Many states have established a Single Point of Contact (SPOC) to facilitate this consultation. For a list of states that maintain an SPOC, please see the White House Web site: <http://www.whitehouse.gov/omb/grants/spoc.html>. If your state has an SPOC, you may submit a copy of your application directly for review. Any comments obtained through the SPOC must be provided to USDA Rural Development for consideration as part of your application. If your state has not established an SPOC, or you do not want to submit a copy of your application, USDA Rural Development will submit your application to the SPOC or other appropriate agency or agencies.

You are also encouraged to contact your USDA Rural Development State Office for assistance and questions on this process. You can find the USDA Rural Development State Office in the telephone directory under Federal government listings, by calling (202) 720-4323 and selecting option “1” or through the USDA Rural Development Web site: <http://www.rurdev.usda/>.

### E. Funding Restrictions

Funding restrictions apply to both grant funds and matching funds. Grant funds may be used to pay up to 75 percent (95 percent where the grantee is a 1994 Institution) of the total project cost. Unless provided by other authorizing legislation, other Federal grant funds cannot be used as matching funds. However, matching funds contributed by the applicant may include proceeds from a Federal loan.

1. Grant funds and matching funds may be used for, but are not limited to, providing the following to individuals, cooperatives, small businesses and other similar entities in rural areas served by the Center:

i. Applied research, feasibility, environmental and other studies that may be useful for the purpose of cooperative development.

ii. Collection, interpretation and dissemination of principles, facts, technical knowledge, or other information for the purpose of cooperative development.

iii. Training and instruction for the purpose of cooperative development.

iv. Loans and grants for the purpose of cooperative development in accordance with this notice and applicable regulations.

v. Technical assistance, research services and advisory services for the purpose of cooperative development.

2. No funds made available under this solicitation shall be used for any of the following activities:

i. To duplicate current services or replace or substitute support previously provided. If the current service is inadequate, however, grant funds may be used to expand the level of effort or services beyond that which is currently being provided;

ii. To pay costs of preparing the application package for funding under this program;

iii. To pay costs of the project incurred prior to the date of grant approval;

iv. To fund political activities;

v. To pay for assistance to any private business enterprise that does not have at least 51 percent ownership by those who are either citizens of the United States or reside in the United States

after being legally admitted for permanent residence;

vi. To pay any judgment or debt owed to the United States;

vii. To plan, repair, rehabilitate, acquire, or construct a building or facility, including a processing facility;

viii. To purchase, rent, or install fixed equipment, including laboratory equipment or processing machinery;

ix. To pay for the repair of privately owned vehicles;

Each application submission must contain all required documents in one envelope, if by mail or express delivery service.

### V. Application Review Information

A. *Proposal Evaluation Criteria:* All eligible and complete applications will be evaluated based on the following criteria. Failure to address any one of the following criteria will render the application incomplete, and the application will not be considered for funding, except as set forth in Section V.B. The total points available are 70.

1. *Administrative capabilities.* (1-7 points) The application will be evaluated to determine whether the subject Center has a track record of administering a Nationally-coordinated, regional or State-wide operated project. Centers that have capable financial systems and audit controls, personnel and program administration performance measures and clear rules of governance will receive more points than those not evidencing this capacity.

2. *Technical assistance and other services.* (1-7 points) The Agency will evaluate the applicant's demonstrated expertise in providing technical assistance in rural areas. This includes conducting feasibility studies, developing marketing plans, developing business plans, conducting applied research related to cooperative development, and performing those

other activities necessary for a group of individuals to form a cooperative.

3. *Economic development.* (1–7 points) The Agency will evaluate the applicant's demonstrated ability to assist in the retention of businesses, facilitate the establishment of cooperatives and new cooperative approaches and generate employment opportunities that will improve the economic conditions of rural areas.

4. *Linkages.* (1–7 points) The Agency will evaluate the applicant's demonstrated ability to create horizontal linkages among businesses within and among various sectors in rural areas of the United States and vertical linkages to domestic and international markets. These linkages must be among cooperatives and businesses, not development organizations.

5. *Commitment.* (1–7 points) The Agency will evaluate the applicant's commitment to providing technical assistance and other services to underserved and economically distressed areas in rural areas of the United States.

6. *Matching Funds.* (1–5 points) All applicants must demonstrate matching funds equal to at least 25 percent (5 percent for 1994 Institutions) of total project costs. Applications exceeding these minimum commitment levels will receive more points. If the applicant provides eligible matching funds of 25 percent, 1 point will be awarded; 26 to 35 percent, 2 points will be awarded; 36 to 45 percent, 3 points will be awarded; 46 to 55 percent, 4 points will be awarded; or 56 or greater percent, 5 points will be awarded. If the applicant is a 1994 Institution and provides eligible matching funds of 5 percent, 1 point will be awarded; 6 to 9 percent, 2 points will be awarded; 10 to 14 percent, 3 points will be awarded; 15 to 19 percent, 4 points will be awarded; or 20 or greater percent, 5 points will be awarded.

7. *Delivery.* (1–5 points) The Agency will evaluate whether the Center has a track record of providing technical assistance in rural areas and accomplishing effective outcomes in cooperative development. The Center's potential for delivering effective cooperative development assistance, the expected effects of that assistance, the sustainability of cooperative organizations receiving the assistance, and the transferability of the Center's cooperative development strategy and focus to other States will also be assessed.

8. *Work Plan/Budget.* (1–5 points) The work plan will be reviewed for detailed actions and an accompanying timetable for implementing the proposal. Clear,

logical, realistic and efficient plans will result in a higher score. Budgets will be reviewed for completeness and the quality of non-Federal funding commitments. Applicants must discuss the specific tasks (whether it be by type of service or specific project) to be completed using grant and matching funds. The work plan should show how customers will be identified, key personnel to be involved, and the evaluation methods to be used to determine the success of specific tasks and overall objectives of Center operations. The budget must present a breakdown of the estimated costs associated with cooperative development activities as well as the operation of the Center and allocate these costs to each of the tasks to be undertaken. Matching funds as well as grant funds must be accounted for in the budget.

9. *Qualifications of those Performing the Tasks.* (1–5 points) The application will be evaluated to determine if the personnel expected to perform key center tasks have a track record of positive solutions for complex cooperative development or marketing problems, or a successful record of conducting accurate feasibility studies, business plans, marketing analysis, or other activities relevant to Cooperative development center success. The applicant must also identify whether the personnel expected to perform tasks are full/part-time Center employees or contract personnel.

10. *Local support.* (1–5 points) Applications will be reviewed for previous and expected local support for the Center, plans for coordinating with other developmental organizations in the proposed service area, and coordination with State and local institutions. Support documentation should include recognition of rural values that balance employment opportunities with environmental stewardship and other positive rural amenities. Centers that demonstrate strong support from potential beneficiaries and formal evidence of the Center's intent to coordinate with other developmental organizations will receive more points than those not evidencing such support and formal intent. The applicant may submit a maximum of 10 letters of support or intent to coordinate with the application. These letters should be included in Appendix B of the application and will not count against the 35-page limitation. Additional letters from industry groups, commodity groups, local and State government, and similar organizations should be referenced, but not included in the

application package. When referencing these letters, provide the name of the organization, date of the letter, the nature of the support (cash, technical assistance, moral), and the name and title of the person signing the letter.

11. *Future support.* (1–5 points) Applicants should describe their vision for Center operations in future years, including issues such as sources and uses of alternative funding; reliance on Federal, State, and local grants; and the use of in-house personnel for providing services versus contracting out for that expertise. To the extent possible, applicants should document future funding sources that will help achieve long-term sustainability of the Center. Applications that demonstrate their vision for funding center operations for future years, including diversification of funding sources and building in-house technical assistance capacity, will receive more points for this criterion.

12. *Non-Agricultural Rural Cooperative Development.* (0 or 5 points) Applicants that propose to use more than 50 percent of grant and matching funds to work with rural residents and businesses who are not engaged in production agriculture to develop cooperative businesses will receive 5 points. All other applicants will receive zero points. The types of cooperative development that meet this criterion include, but are not limited to: Broadband cooperatives, housing cooperatives, healthcare cooperatives, shared-services cooperatives, daycare cooperatives, and any other type of cooperative that is not producing or marketing agricultural products.

#### Paperwork Reduction Act

Under the Paperwork Reduction Act, 44 U.S.C. 3501 *et seq.*, OMB must approve all “collections of information” by USDA Rural Development. #### Overview

The Agriculture, Rural Development, Food and Drug Administration, and Related Agencies Appropriations Act, 2006 (Division A of Pub. L. 109–97) provides funding for, and authorizes USDA Rural Development to, establish a revolving loan fund demonstration program for the preservation and revitalization of the section 515 multi-family housing portfolio. The section 515 multi-family housing program is authorized by section 515 of the Housing Act of 1949 (42 U.S.C. 1485) and provides USDA Rural Development the authority to make loans for low income multi-family housing and related facilities.

#### Program Administration

##### I. Funding Opportunities Description

This NOFA requests applications from eligible applicants for loans to establish and operate revolving loan funds for the preservation of low-income multi-family housing within the Agency's section 515 multi-family housing portfolio. Agency regulations for the section 515 multi-family housing program are published at 7 CFR part 3560.

Housing that is constructed or repaired must meet the Agency design and construction standards and the development standards contained in 7 CFR part 1924, subparts A and C, respectively. Once constructed, section 515 multi-family housing must be managed in accordance with the program's management regulation, 7 CFR part 3560, subpart C. Tenant eligibility is limited to persons who qualify as a very low-, low-, or moderate-income household or who are eligible under the requirements established to qualify for housing benefits provided by sources other than the Agency, such as U.S. Department of Housing and Urban Development section 8 assistance or Low Income Housing Tax Credit Assistance, when a tenant receives such housing benefits. Additional tenant eligibility requirements are contained in 7 CFR 3560.152.
