

more than 9,000 vehicles.⁵ We anticipate that with the help of revenues derived from U.S. sales, Cross Lander will be able to introduce a fully compliant vehicle by the time this exemption expires. The agency notes that, according to the petitioner, the 244X complies with all other applicable Federal motor vehicle safety standards.

We note that under 49 CFR 555.9(b) and (c), the petitioner will be required to indicate on the vehicle certification label, and on a separate label affixed to the windshield or the side window, that the 244X does not comply with FMVSS No. 208. In addition to the required labeling, the petitioner agreed to affix additional labeling to each vehicle. This supplemental labeling would read as follows:

Notice

THIS VEHICLE DOES NOT CONTAIN AN AIR BAG AND WAS EXEMPTED FROM FEDERAL MOTOR VEHICLE SAFETY STANDARD 208 REGARDING OCCUPANT PROTECTION WITH AIR BAGS. IT WAS EXEMPTED PURSUANT TO NHTSA EXEMPTION NO * * *

WARNING !!

TO AVOID SERIOUS INJURIES IN ALL TYPES OF CRASHES, ALWAYS WEAR YOUR SAFETY BELTS

The supplemental labeling will take the place of air bag warning labels required by FMVSS 208, and will be affixed to the sun visor.⁶

Contrary to Public Citizen's comments, we believe that the petitioner has demonstrated financial hardship. As a part of its application, the petitioner submitted detailed financial information. While most of this information has been granted confidential treatment and is not being published in this notice, the agency examined all the information submitted to the agency and concluded that the petitioner has experienced financial hardship as evidenced by net losses in all of the past 3 years. We further note that an exemption from the air bag requirements is consistent with the agency's previous financial hardship exemptions granted to Lotus, Saleen, and Spyker.⁷ Finally, we note that the information submitted by the petitioner indicates that sales of their vehicles are unlikely to exceed 9,000 vehicles for the duration of the exemption.

Public Citizen made a variety of arguments against granting this

exemption. However, we believe that our decision is consistent with Congressional intent to allow the Secretary to temporarily exempt small volume manufacturers from a given standard when compliance with that standard would cause substantial economic hardship.

In consideration of the foregoing, it is hereby found that compliance with the requirements of Paragraphs S4.2 and S14 of Federal Motor Vehicle Safety Standard (FMVSS) No. 208, *Occupant crash protection* would cause substantial economic hardship to a manufacturer that has tried in good faith to comply with the standard. It is further found that the granting of an exemption would be in the public interest.

In accordance with 49 U.S.C. 30113(b)(3)(B)(i), Cross Lander is granted NHTSA Temporary Exemption No. EX 05-3, from Paragraphs S4.2 and S14 of Federal Motor Vehicle Safety Standard (FMVSS) No. 208, *Occupant crash protection*. The exemption shall remain in effect until May 1, 2008.

Authority: 49 U.S.C. 30113; delegation of authority at 49 CFR 1.50 and 501.8.

Issued on: December 23, 2005.

Senior Associate Administrator for Policy and Operations.

Surface Transportation Board

[STB Docket No. AB-290 (Sub-No. 237X)]

**Norfolk Southern Railway Company—
Abandonment Exemption—in
Baltimore County, MD**

On December 14, 2005, Norfolk Southern Railway Company (NSR) filed with the Surface Transportation Board a petition under 49 U.S.C. 10502 for exemption from the provisions of 49 U.S.C. 10903-05 to abandon its freight operating rights and rail freight service over 12.8 miles of a line of railroad between milepost UU-1.0 at Baltimore, MD, and milepost UU-12.8 at Cockeysville, MD.¹ The line traverses

¹ Pursuant to the Conrail Transaction Agreement approved by the Board in 3 S.T.B. 196 (1998), certain Consolidated Rail Corporation (Conrail) assets, including Conrail's interest in the line, were allocated to Pennsylvania Lines, LLC (PRR). PRR's assets, in turn, were leased to and operated by NSR under the terms of an allocated assets operating agreement between PRR and NSR. NSR acquired the right to operate over the line from Conrail through merger of NSR with Conrail's former subsidiary, PRR, on August 27, 2004. See *CSX Corporation and*

U.S. Postal Service Zip Codes 21030, 21065, and 21201 and includes the stations of Lutherville, Timonium, Texas, and Cockeysville. NSR states that it will continue to provide rail service to the station of Baltimore.

In addition to an exemption from 49 U.S.C. 10903, NSR seeks exemption from 49 U.S.C. 10904 [offer of financial assistance (OFA) procedures] and 49 U.S.C. 10905 [public use conditions]. In support, NSR states that the right-of-way is owned by the Maryland Department of Transportation (MDOT),² and MDOT, through MTA, will continue to use the line for the public purpose of providing light rail commuter passenger service. These requests will be addressed in the final decision.

The line does not contain Federally granted rights-of-way. Any documentation in NSR's possession will be made available promptly to those requesting it.

The interest of railroad employees will be protected by the conditions set forth in *Oregon Short Line R. Co.—Abandonment—Goshen*, 360 I.C.C. 91 (1979).

By issuance of this notice, the Board is instituting an exemption proceeding pursuant to 49 U.S.C. 10502(b). A final decision will be issued by April 3, 2006.

Any OFA under 49 CFR 1152.27(b)(2) will be due no later than 10 days after service of a decision granting the petition for exemption, unless the Board grants the requested exemption from the OFA process. Each offer must be accompanied by a \$1,200 filing fee. See 49 CFR 1002.2(f)(25).

All interested persons should be aware that, following abandonment of rail service and salvage of the line, the line may be suitable for other public use, including interim trail use. Unless the Board grants the requested exemption from the public use provisions, any request for a public use condition under 49 CFR 1152.28 or for trail use/rail banking³ under 49 CFR 1152.29 will be due no later than

CSX Transportation, Inc., Norfolk Southern Corporation and Norfolk Southern Railway Company—Control and Operating Leases/Agreements—Conrail Inc. and Consolidated Rail Corporation, STB Finance Docket No. 33388 (Sub-No. 94), Decision No. 2 (STB served Nov. 7, 2003).

² MDOT describes itself as the umbrella organization for the Maryland Transit Administration (MTA) and other Maryland governmental transportation agencies. MDOT and MTA are government agencies sponsoring or operating commuter mass transit service and have not held, do not hold, and do not intend to hold themselves out to provide rail freight service over the line.

³ NSR indicates that, because of the continuing use of the line for light rail commuter passenger operations by MTA, NSR will not consent to a trail use negotiation condition.
