

rules). In order to clarify residence status, particularly for more complex living situations, the questionnaire will collect additional addresses where a person lived or stayed in 2006. The PFU questionnaire also will collect information to help determine if person records with similar names and data collected in the PI or the census actually refer to the same person. This includes both possible matches between the P sample and census enumerations and possible person duplications in the P sample or census enumerations.

The PFURI operation will use an interviewer-administered paper questionnaire to determine if the source of the PFU data (for example, a household member; a specific proxy respondent) can be confirmed. If the PFURI cannot confirm the source of the original PFU interview, then a PFURI interviewer will conduct a replacement PFU interview.

Definition of Terms

Components of Coverage Error—The two components of census coverage error are census omissions (missed persons) and erroneous inclusions. The latter includes duplicates and persons who should not have been enumerated at a particular address (per our residence rules).

Net Coverage Error—Reflects the difference between omissions and erroneous inclusions. A positive net error indicates an undercount, while a negative net error indicates an overcount.

In accordance with section 351.213(b) of the regulations, an interested party as defined by section 771(9) of the Act may request in writing that the Secretary conduct an administrative review. The Department changed its requirements for requesting reviews for countervailing duty orders. For both antidumping and countervailing duty reviews, the interested party must specify the individual producers or exporters covered by an antidumping finding or an antidumping or countervailing duty order or suspension agreement for which it is requesting a review, and the requesting party must state why it desires the Secretary to review those particular producers or exporters.² If the interested party intends for the Secretary to review sales of merchandise by an exporter (or a producer if that producer also exports merchandise from other suppliers) which were produced in more than one country of origin and

² If the review request involves a non-market economy and the parties subject to the review request do not qualify for separate rates, all other exporters of subject merchandise from the non-market economy country who do not have a separate rate will be covered by the review as part of the single entity of which the named firms are a part.

each country of origin is subject to a separate order, then the interested party must state specifically, on an order-by-order basis, which exporter(s) the request is intended to cover.

As explained in *Antidumping and Countervailing Duty Proceedings: Assessment of Antidumping Duties*, 69 FR 23954 (May 6, 2003), the Department has clarified its practice with respect to the collection of final antidumping duties on imports of merchandise where intermediate firms are involved. The public should be aware of this clarification in determining whether to request an administrative review of merchandise subject to antidumping findings and orders. See also the Import Administration web site at <http://ia.ita.doc.gov>.

Six copies of the request should be submitted to the Assistant Secretary for Import Administration, International Trade Administration, Room 1870, U.S. Department of Commerce, 14th Street & Constitution Avenue, N.W., Washington, D.C. 20230. The Department also asks parties to serve a copy of their requests to the Office of Antidumping/Countervailing Operations, Attention: Sheila Forbes, in

room 3065 of the main Commerce Building. Further, in accordance with section 351.303(f)(1)(i) of the regulations, a copy of each request must be served on every party on the Department's service list.

The Department will publish in the **Federal Register** a notice of "Initiation of Administrative Review of Antidumping or Countervailing Duty Order, Finding, or Suspended Investigation" for requests received by the last day of January 2006. If the Department does not receive, by the last day of January 2006, a request for review of entries covered by an order, finding, or suspended investigation listed in this notice and for the period identified above, the Department will instruct the U.S. Customs and Border Protection to assess antidumping or countervailing duties on those entries at a rate equal to the cash deposit of (or bond for) estimated antidumping or countervailing duties required on those entries at the time of entry, or withdrawal from rehouse, for consumption and to continue to collect the cash deposit previously ordered.

This notice is not required by statute but is published as a service to the international trading community.
