

of the public lands. BLM has determined that resource values will not be affected by the disposal of this parcel of public land. The parcel is identified for disposal in the Challis Resource Management Plan (1999). In accordance with 43 CFR 2711.3-3(a)(5), this parcel is being offered by direct (non-competitive) sale to First Fruits Foundation Trust, Christopher James Trustee/representative, based on historic use and value of added improvements. The parcel is fenced, has an improved driveway, entrance gate, maintained lawn, portion of septic field and portion of a garage. Failure or refusal by Christopher James to submit the required fair market appraisal amount within 180 days of the sale of the parcel will constitute a waiver of this preference consideration and this parcel may be offered for sale on a competitive or modified competitive basis.

The parcel is described as follows:

Boise Meridian, Idaho

T. 14 N., R. 18 E.,
Section 35, lot 4

The area described contains 0.75 acres, more or less. The market value for this land, utilizing direct sale procedures, at not less than the current appraised fair market value, is determined to be \$2,600.00.

The patent, when issued, will contain a reservation to the United States for ditches and canals under the Act of March 30, 1890. The patent will be made subject to the following existing rights of record:

1. IDI-16458—Those rights for a buried telephone cable granted to Custer Telephone Cooperative Inc., its successors or assigns, pursuant to the Act of October 21, 1976 (43 U.S.C. 1761).

2. IDI 0 08308—Those rights for an overhead 24.9kv power line granted to Salmon River Electric Cooperative Inc., its successors or assigns, pursuant to the Act of February 15, 1901, as amended (formerly 43 U.S.C. 959).

Continued use of the land by valid rights-of-way holders is proper, subject to the terms and conditions of their grants. Administrative responsibility previously held by the United States will be assumed by the patentee.

It has been determined that the subject parcel contains no known mineral values; therefore, mineral interests will be conveyed simultaneously with the surface. A separate non-refundable filing fee of \$50.00 is required from the purchaser for the conveyance of the mineral interest.

Upon publication of this notice in the **Federal Register**, the land described

above will be segregated from appropriation under the public land laws, including the general mining laws. The segregation will end upon issuance of patent or 270 days from the date of publication, whichever occurs first.

The land will not be offered for sale until at least 60 days after the date of publication of this notice in the **Federal Register**.

Comments must be received by the BLM Challis Field Manager, Idaho Falls District Office, at the address stated above, on or before the date stated above. Any adverse comments will be reviewed by the Idaho Falls District Manager, who may sustain, vacate or modify this realty action. In the absence of any objections, or adverse comments, this proposed realty action will become the final determination of the Department of the Interior.

Dated: September 21, 2006.

Joe Kraayenbrink,

District Manager, Idaho Falls District.

Notice Pursuant to the National Cooperative Research and Production Act of 1993—Southwest Research Institute: Guidelines for Measurement Error Caused by Buckled Orifice Plates

Notice is hereby given that, on September 26, 2006, pursuant to Section 6(a) of the National Cooperative Research and Production Act of 1993, 15 U.S.C. 4301 *et seq.* (“the Act”), Southwest Research Institute: Guidelines for Measurement Error Caused by Buckled Orifice Plates (“SwRI: Orifice Plates”) has filed written notifications simultaneously with the Attorney General and the Federal Trade Commission disclosing (1) the identities of the parties to the venture and (2) the nature and objectives of the venture. The notifications were filed for the purpose of invoking the Act’s provisions limiting the recovery of antitrust plaintiffs to actual damages under specified circumstances.

Pursuant to Section 6(b) of the Act, the identities of the parties to the venture are: Atmos Energy, Dallas, TX; Centerpoint Energy Gas Transmission Company, Shreveport, LA; ConocoPhillips Company, Houston, TX; Enbridge Energy Partners, L.P., Houston, TX; Enterprise Products Operating L.P., Houston, TX; Kinder Morgan Inc., Houston, TX; National Fuel Gas Distribution Corporation, Williamsville, NY; Southern Star Central Gas Pipeline, Owensboro, KY; and Tennessee Gas Pipeline Company, Houston, TX.

The general area of SwRI: Orifice Plates’ planned activity is to investigate the flow measurement error caused by orifice plates that have undergone permanent, plastic deformation. Guidelines will be developed for the measurement error produced by orifice plates as a function of orifice bore diameter and deflection angle. The program will include a literature survey, the development of an experimental test plan, and the acquisition and inspection of existing deformed orifice plates. The program will also include the testing of new orifice plates before and after mechanical deformation. Data obtained in this project and from the literature will be used to revise guidelines for estimating measurement error for buckled orifice plates.

Membership in this group research project remains open, and SwRI: Orifice Plates intends to file additional written
