

SMALL BUSINESS ADMINISTRATION**Small Business Size Standards:
Waiver of the Nonmanufacturer Rule**

AGENCY: U.S. Small Business Administration.

ACTION: Notice of Partial Waiver of the Nonmanufacturer Rule (NMR) for Furniture.

SUMMARY: The U.S. Small Business Administration (SBA) received a request for waiver of the NMR for Furniture for multiple NAICS codes. Based on our evaluation, SBA has determined that there are no small business manufacturers for the following products: Furniture Frames and Parts, Metal, Manufacturing; NAICS 337215; Furniture Frames, Wood, Manufacturing; NAICS 337215; Furniture Parts, Finished Metal, Manufacturing; NAICS 337215; Furniture Parts, Finished Plastics, Manufacturing; NAICS 337215; Furniture, Factory-type (e.g., cabinets, stools, tool stands, work benches), Manufacturing; NAICS 337127; Furniture, Hospital (e.g., hospital beds, operating room furniture), Manufacturing; NAICS 339111 and Furniture, Laboratory-type (e.g., benches, cabinets, stools, tables), Manufacturing, NAICS 339111. Therefore, the SBA is granting a waiver for the above items.

The SBA is denying a waiver of the NMR for the following; Furniture (except wood), office-type, padded, upholstered, or plain, manufacturing, NAICS 337214; Furniture parts, finished wood, manufacturing, NAICS 337215. SBA has determined that there are small business manufacturers of these classes of products.

DATES: This waiver is effective July 12, 2006.

FOR FURTHER INFORMATION CONTACT: Edith Butler, Program Analyst, by telephone at (202) 619-0422; by FAX at (202) 481-1788; or by e-mail at edith.butler@sba.gov.

SUPPLEMENTARY INFORMATION: Section 8(a)(17) of the Small Business Act (Act), 15 U.S.C. 637(a)(17), requires that recipients of Federal contracts set aside for small businesses, service-disabled veteran-owned small businesses, or SBA's 8(a) Business Development Program provide the product of a small business manufacturer or processor, if the recipient is other than the actual manufacturer or processor of the product. This requirement is commonly referred to as the Nonmanufacturer Rule. The SBA regulations imposing this requirement are found at 13 CFR

121.406(b). Section 8(a)(17)(b)(iv) of the Act authorizes SBA to waive the Nonmanufacturer Rule for any "class of products" for which there are no small business manufacturers or processors available to participate in the Federal market.

As implemented in SBA's regulations at 13 CFR 121.1202(c), in order to be considered available to participate in the Federal market for a class of products, a small business manufacturer must have submitted a proposal for a contract solicitation or received a contract from the Federal government within the last 24 months. The SBA defines "class of products" based on a six digit coding systems. The coding system is the Office of Management and Budget North American Industry Classification System (NAICS).

The SBA received a request on February 2, 2006 to waive the Nonmanufacturer Rule for Furniture. SBA has determined that there are no small business manufacturers for the following classes of products and is therefore granting the waiver of the Nonmanufacturer Rule for Furniture Frames and Parts, Metal, Manufacturing; NAICS 337215; Furniture Frames, Wood, Manufacturing; NAICS 337215; Furniture Parts, Finished Metal, Manufacturing; NAICS 337215; Furniture Parts, Finished Plastics, Manufacturing; NAICS 337215; Furniture, Factory-type (e.g., cabinets, stools, tool stands, work benches), Manufacturing; NAICS 337127; Furniture, Hospital (e.g., hospital beds, operating room furniture), Manufacturing; NAICS 339111 and Furniture, Laboratory-type (e.g., benches, cabinets, stools, tables), Manufacturing, NAICS 339111.

The SBA has determined that there are small business manufacturers of the following classes of products, and, is therefore denying the class waiver of the Nonmanufacturer Rule for Furniture (except wood), office-type, padded, upholstered, or plain, manufacturing, NAICS 337214; and Furniture parts, finished wood, manufacturing, NAICS 337215.

[Public Notice 5457]

Bureau of Educational and Cultural Affairs (ECA); Request for Grant Proposals: Study of the United States Institute for Korean Undergraduate Student Leaders

Announcement Type: New Cooperative Agreement.

Funding Opportunity Number: ECA/A/E/USS-07-SK.

Catalog of Federal Domestic Assistance Number: 00.000.

Key Dates: Application Deadline: August 25, 2006.

Executive Summary: The Branch for the Study of the United States, Office of Academic Exchange Programs, Bureau of Educational and Cultural Affairs, invites proposal submissions for the design and implementation of the "Study of the United States Institute for Korean Undergraduate Student Leaders" to take place over the course of six weeks beginning in January 2007. The Institute is intended to provide a group of 15-18 highly motivated undergraduate students with an integrated and imaginatively designed academic and educational travel program that will give them a deeper understanding of U.S. politics, culture and society, while at the same time enhancing their leadership skills. Funding for this program is pending availability of FY-2007 funds.

I. Funding Opportunity Description

Authority

Overall grant making authority for this program is contained in the Mutual Educational and Cultural Exchange Act of 1961, Public Law 87-256, as amended, also known as the Fulbright-Hays Act. The purpose of the Act is "to enable the Government of the United States to increase mutual understanding between the people of the United States and the people of other countries * * *; to strengthen the ties which unite us with other nations by demonstrating the educational and cultural interests, developments, and achievements of the people of the United States and other nations * * * and thus to assist in the development of friendly, sympathetic and peaceful relations between the United States and the other countries of the world." The funding authority for the program above is provided through legislation.

Purpose

Study of the U.S. Institutes are intensive academic programs whose purpose is to provide groups of

undergraduate student leaders with a deeper understanding of the United States, while at the same time enhancing their leadership skills. The Study of the U.S. Institute for Korean Undergraduate Student Leaders should provide a group of 15–18 undergraduate student leaders with an integrated and imaginatively designed academic and educational travel program. The program will consist of an academic component that includes leadership training and community service, as well as an educational travel component in the United States.

The principal objective of the Institute is to heighten the participants' awareness of the history and evolution of U.S. society, culture, values and institutions, broadly defined. In this context, the Institute should incorporate a focus on contemporary American life, as it is shaped by historical and/or current political, social, and economic issues and debates. The role and influence of principles and values such as democracy, the rule of law, individual rights, freedom of expression, equality, diversity and tolerance should be addressed.

In addition to promoting a better understanding of the United States, an important objective of the Institute is to develop the participants' leadership and collective problem-solving skills. In this context, the academic program should include group discussions, training and exercises that focus on such topics as the essential attributes of leadership; teambuilding; effective communication; and management skills for diverse organizational settings. There should also be a community service component, whereby the students experience firsthand how not-for-profit organizations and volunteerism play a key role in American civil society.

Local site visits and educational travel to cities and other destinations outside the immediate area of the grantee institution should provide opportunities to observe varied aspects of American life and discuss issues raised in the academic program. The program should also include opportunities for participants to meet American citizens from a variety of backgrounds, to interact with their American peers, and to speak to appropriate student and civic groups about their experiences and life in South Korea.

The Bureau is seeking detailed proposals for the Institute from U.S. liberal arts colleges, universities, consortia of colleges and universities, and other not-for-profit academic organizations that have an established reputation in one or more of the following fields: Political science,

international relations, law, history, sociology, American studies, and/or other disciplines or sub-disciplines related to the study of the United States.

Overview

The Study of the U.S. Institute for Korean Undergraduate Student Leaders should provide the students with a uniquely designed program that focuses on U.S. politics, culture and society. While planning activities and student recruitment will commence in 2006, the study program itself is scheduled to begin in January 2007 to coincide with an extended break in the Korean academic calendar. The program will consist of a challenging academic program, as well as educational travel to other regions of the United States to illustrate the various topics explored in class. The program should be six weeks in length; participants will spend approximately four weeks at the host institution, and approximately two weeks on the educational study tour, including two to three days in Washington, DC, at the conclusion of the Institute. The educational travel component should directly complement the academic program, and should include visits to cities and other sites of interest in the region around the grantee institution, as well as to another geographic region of the country. The grantee institution will also be expected to provide participants with post-program opportunities for further investigation and research on the topics and issues examined during the institute.

Program Design

The Study of the U.S. Institute for Korean Undergraduate Student Leaders should be designed as an intensive academic program with an educational travel component that is organized through a carefully integrated series of panel presentations, seminar discussions, debates, individual and group activities, lectures and reading assignments, as well as local site visits, regional educational travel, and participation in community service activities. In addition to host college or university faculty and professionals from the region where the Institute takes place (e.g., in government, media, religious and civic organizations), course presenters should include outstanding scholars and other professional experts from throughout the United States, as appropriate.

The Institute must not simply replicate existing or previous lectures, workshops, or group activities designed for American students. Rather, it should be a specially designed and well-

integrated seminar that creatively combines lectures, discussions, readings, debates, local site visits and regional travel into a coherent whole. The grantee institution should take into account that the participants may have little or no prior knowledge of the United States and varying degrees of experience in expressing their opinions in a classroom setting; it should therefore tailor the curriculum and classroom activities accordingly. Every effort should be made to encourage active student participation in all aspects of the Institute. The grantee institution will be required to develop a program that provides ample time and opportunity for discussion and interaction among students, lecturers and guest speakers, not simply standard lectures or broad survey reading assignments. Reading and writing assignments should be adjusted to the participants' familiarity with English.

Applicants are encouraged to design thematically coherent programs in ways that draw upon the particular strengths, faculty and resources of their institutions, as well as upon the nationally recognized expertise of scholars and other experts throughout the United States.

Program Administration

The Institute should designate an academic director who will be present throughout the program to ensure the continuity, coherence and integration of all aspects of the academic program, including the study tour. In addition to the academic director(s), an administrative director or coordinator should be assigned to oversee all student support services, including supervision of the program participants, budgetary, logistical, and other administrative arrangements. For purposes of this program, it is important that the grantee institution also retain qualified mentors or escorts who exhibit cultural sensitivity, an understanding of the program's objectives, and a willingness to accompany the students throughout the program sessions, to the extent feasible.

Participants

Participants in the Study of the U.S. Institute for Korean Undergraduate Leaders will be highly motivated and exemplary undergraduate students from colleges, universities and teacher training institutions in South Korea who demonstrate leadership through academic work, community involvement, and extracurricular activities. Their major fields of study will be varied, and will include the humanities, social sciences, education

and business. All participants will have a good knowledge of English.

Participants will be identified and nominated by the U.S. Embassy in Seoul, with final selection made by the Branch for the Study of the United States at ECA, in consultation with representatives from the Bureau of East Asian and Pacific Affairs. Every effort will be made to select a balanced mix of male and female participants. The U.S. Embassy will make a particular effort to recruit participants who are from non-elite or underprivileged backgrounds, from both rural and urban areas, and have had little or no prior experience in the United States or elsewhere outside of their home country.

Program Dates

The Institute should be a maximum of 44 days in length (including participant arrival and departure days) and, pending availability of funds, is anticipated to begin in early January 2007 and conclude in mid-February 2007.

Program Guidelines

While the conception and structure of the institute agenda is the responsibility of the organizers, it is essential that proposals provide a detailed and comprehensive narrative describing the objectives of the Institute; the title, scope and content of each session; planned site visits; and how each session relates to the overall institute theme. A syllabus must be included that indicates the subject matter for each lecture, panel discussion, group presentation or other activity. The syllabus should also confirm or provisionally identify proposed speakers, trainers, and session leaders, and clearly show how assigned readings will advance the goals of each session. A calendar of all program activities must be included in the proposal, as well as a description of plans for public and media outreach in connection with the Institute.

Please note: In a cooperative agreement, the Branch for the Study of the United States is substantially involved in program activities above and beyond routine grant monitoring. The Branch will assume the following responsibilities for the Institute: participate in the selection of participants; oversee the Institute through one or more site visits; debrief participants in Washington, DC at the conclusion of the Institute; and engage in follow-on communication with the participants after they return to their home countries. The Branch may require changes in the content or scope of activities of the Institute, either before or after the grant is awarded. The recipient will be required to obtain approval of significant agenda/

syllabus changes in advance of their implementation.

III.2. Cost Sharing or Matching Funds: There is no minimum or maximum percentage required for this competition. However, the Bureau strongly encourages applicants to provide maximum levels of cost sharing and funding in support of its programs. When cost sharing is offered, it is understood and agreed that the applicant must provide the amount of cost sharing as stipulated in its proposal and later included in an approved grant agreement. Cost sharing may be in the form of allowable direct or indirect costs. For accountability, you must maintain written records to support all costs that are claimed as your contribution, as well as costs to be paid by the Federal Government. Such records are subject to audit. The basis for determining the value of cash and in-kind contributions must be in accordance with OMB Circular A-110, (Revised), Subpart C.23—Cost Sharing and Matching. In the event you do not provide the minimum amount of cost sharing as stipulated in the approved budget, ECA's contribution will be reduced in like proportion.

IV.3d. Please take into consideration the following information when preparing your proposal narrative:

IV.3d.1. Adherence to all regulations governing the J visa: The Bureau of Educational and Cultural Affairs is placing renewed emphasis on the secure and proper administration of Exchange Visitor (J visa) Programs and adherence by grantees and sponsors to all regulations governing the J visa. Therefore, proposals should demonstrate the applicant's capacity to meet all requirements governing the administration of the Exchange Visitor Programs as set forth in 22 CFR part 62, including the oversight of Responsible Officers and Alternate Responsible Officers, screening and selection of program participants, provision of pre-arrival information and orientation to participants, monitoring of participants, proper maintenance and security of forms, record-keeping, reporting and other requirements. ECA will be responsible for issuing DS-2019 forms to participants in this program.

A copy of the complete regulations governing the administration of Exchange Visitor (J) programs is available at <http://exchanges.state.gov> or from: United States Department of

State, Office of Exchange Coordination and Designation, ECA/EC/ECD—SA-44, Room 734, 301 4th Street, SW., Washington, DC 20547. Telephone: (202) 203-5029. FAX: (202) 453-8640.

Please refer to Solicitation Package for further information.

IV.3d.2. Diversity, Freedom and Democracy Guidelines: Pursuant to the Bureau's authorizing legislation, programs must maintain a non-political character and should be balanced and representative of the diversity of American political, social, and cultural life. "Diversity" should be interpreted in the broadest sense and encompass differences including, but not limited to ethnicity, race, gender, religion, geographic location, socio-economic status, and disabilities. Applicants are strongly encouraged to adhere to the advancement of this principle both in program administration and in program content. Please refer to the review criteria under the 'Support for Diversity' section (V.2.) for specific suggestions on incorporating diversity into your proposal. Public Law 104-319 provides that "in carrying out programs of educational and cultural exchange in countries whose people do not fully enjoy freedom and democracy," the Bureau "shall take appropriate steps to provide opportunities for participation in such programs to human rights and democracy leaders of such countries." Public Law 106-113 requires that the governments of the countries described above do not have inappropriate influence in the selection process. Proposals should reflect advancement of these goals in their program contents, to the full extent deemed feasible.

IV.3d.3. Program Monitoring and Evaluation: Proposals must include a plan to monitor and evaluate the project's success, both as the activities unfold and at the end of the program. The Bureau strongly recommends that your proposal include a draft survey questionnaire or other technique plus a description of a methodology to use to link outcomes to original project objectives. The Bureau expects that the grantee will track participants or partners and be able to respond to key evaluation questions, including satisfaction with the program, learning as a result of the program, changes in behavior as a result of the program, and effects of the program on institutions (institutions in which participants work or partner institutions). The evaluation plan should include indicators that measure gains in mutual understanding as well as substantive knowledge.

Successful monitoring and evaluation depend heavily on setting clear goals and outcomes at the outset of a program.

Your evaluation plan should include a description of your project's objectives, your anticipated project outcomes, and how and when you intend to measure these outcomes (performance indicators). The more that outcomes are "smart" (specific, measurable, attainable, results-oriented, and placed in a reasonable time frame), the easier it will be to conduct the evaluation. You should also show how your project objectives link to the goals of the program described in this RFGP.

Your monitoring and evaluation plan should clearly distinguish between program *outputs* and *outcomes*. *Outputs* are products and services delivered, often stated as an amount. Output information is important to show the scope or size of project activities, but it cannot substitute for information about progress towards outcomes or the results achieved. Examples of outputs include the number of people trained or the number of seminars conducted.

Outcomes, in contrast, represent specific results a project is intended to achieve and is usually measured as an extent of change. Findings on outputs and outcomes should both be reported, but the focus should be on outcomes.

We encourage you to assess the following four levels of outcomes, as they relate to the program goals set out in the RFGP (listed here in increasing order of importance):

1. *Participant satisfaction* with the program and exchange experience.
2. *Participant learning*, such as increased knowledge, aptitude, skills, and changed understanding and attitude. Learning includes both substantive (subject-specific) learning and mutual understanding.
3. *Participant behavior*, concrete actions to apply knowledge in work or community; greater participation and responsibility in civic organizations; interpretation and explanation of experiences and new knowledge gained; continued contacts between participants, community members, and others.
4. *Institutional changes*, such as increased collaboration and partnerships, policy reforms, new programming, and organizational improvements.

Please note: Consideration should be given to the appropriate timing of data collection for each level of outcome. For example, satisfaction is usually captured as a short-term outcome, whereas behavior and institutional changes are normally considered longer-term outcomes.

Overall, the quality of your monitoring and evaluation plan will be judged on how well it (1) specifies

intended outcomes; (2) gives clear descriptions of how each outcome will be measured; (3) identifies when particular outcomes will be measured; and (4) provides a clear description of the data collection strategies for each outcome (i.e., surveys, interviews, or focus groups). (Please note that evaluation plans that deal only with the first level of outcomes [satisfaction] will be deemed less competitive under the present evaluation criteria.)

Grantees will be required to provide reports analyzing their evaluation findings to the Bureau in their regular program reports. All data collected, including survey responses and contact information, must be maintained for a minimum of three years and provided to the Bureau upon request.

IV.3d.4. Describe your plans for overall program management, staffing, and coordination with Branch for the Study of the United States. The Branch considers these to be essential elements of your program; please be sure to give sufficient attention to them in your proposal. Please refer to the Technical Eligibility Requirements and the POGI in the Solicitation Package for specific guidelines.

IV.3e. Please take the following information into consideration when preparing your budget:

IV.3e.1. Applicants must submit a comprehensive budget for the entire program. Awards may not exceed \$250,000. There must be a summary budget as well as breakdowns reflecting both administrative and program budgets. Applicants may provide separate sub-budgets for each program component, phase, location, or activity to provide clarification. Administrative costs should be approximately \$85,000.

IV.3e.2. Allowable costs for the program include the following:

- (1) Institute staff salary and benefits.
- (2) Participant housing and meals.
- (3) Participant travel and per diem.
- (4) Textbooks, educational materials and admissions fees.

IV.3g. *Intergovernmental Review of Applications:* Executive Order 12372 does not apply to this program.

V. Application Review Information

V.1. *Review Process:* The Bureau will review all proposals for technical eligibility. Proposals will be deemed ineligible if they do not fully adhere to the guidelines stated herein and in the Solicitation Package. All eligible proposals will be reviewed by the ECA program office in consultation with the Bureau of East Asian and Pacific Affairs and the Public Affairs Section of the U.S. Embassy in Seoul, where appropriate. Eligible proposals will be subject to compliance with Federal and Bureau regulations and guidelines and forwarded to Bureau grant panels for advisory review. Proposals may also be reviewed by the Office of the Legal Adviser or by other Department elements. Final funding decisions are at the discretion of the Department of State's Assistant Secretary for Educational and Cultural Affairs. Final technical authority for cooperative agreements resides with the Bureau's Grants Officer.

V.2. *Review Criteria:* Technically eligible applications will be competitively reviewed according to the criteria stated below. These criteria are not rank ordered and all carry equal weight in the proposal evaluation:

1. *Quality of Program Idea/Plan:* Proposals should exhibit originality, substance, precision, and relevance to the Bureau's mission. Detailed agenda and relevant work plan should demonstrate substantive undertakings and logistical capacity.

2. *Ability to Achieve Overall Program Objectives:* Objectives should be reasonable, feasible, and flexible. Proposals should clearly demonstrate how the institution will meet the program's objectives and plan.

3. *Support for Diversity:* Proposals should demonstrate substantive support of the Bureau's policy on diversity.

Achievable and relevant features should be cited in both program administration (program venue, study tour venue, and program evaluation) and program content (orientation and wrap-up sessions, site visits, program meetings and resource materials).

4. Evaluation and Follow-Up:

Proposals should include a plan to evaluate the Institute's success, both as the activities unfold and at the end of the program. A draft survey questionnaire or other technique plus description of a methodology to use to link outcomes to original institute objectives is strongly recommended. Proposals should also discuss provisions made for follow-up with returned grantees as a means of establishing longer-term individual and institutional linkages.

5. Cost-effectiveness/Cost-sharing:

The overhead and administrative components of the proposal, including salaries and honoraria, should be kept as low as possible. All other items should be necessary and appropriate. Proposals should maximize cost-sharing through other private sector support as well as institutional direct funding contributions.

6. Institutional Track Record/Ability:

Proposals should demonstrate an institutional record of successful exchange programs, including responsible fiscal management and full compliance with all reporting requirements for past Bureau grants as determined by Bureau Grants Staff. The Bureau will consider the past performance of prior recipients and the demonstrated potential of new applicants. Proposed personnel and institutional resources should be fully qualified to achieve the Institute's goals.

VI. Award Administration Information

VI.1. Award Notices: Final awards cannot be made until funds have been appropriated by Congress, allocated and committed through internal Bureau procedures. Successful applicants will receive an Assistance Award Document (AAD) from the Bureau's Grants Office. The AAD and the original grant proposal with subsequent modifications (if applicable) shall be the only binding authorizing document between the recipient and the U.S. Government. The AAD will be signed by an authorized Grants Officer, and mailed to the recipient's responsible officer identified in the application.

Unsuccessful applicants will receive notification of the results of the application review from the ECA program office coordinating this competition.
