*Average Hours Per Response:* 15 minutes.

*Needs and Uses:* NOAA has a responsibility to provide a safe working environment for its workforce and partners who are exposed to the risks associated with flying on behalf of the Agency. NOAA's aviation safety policy requires all individuals who fly on aircraft owned or operated by NOAA for mission operations, and all NOAA personnel who fly on any aircraft for mission operations in the performance of their official duties to be medically screened to identify individuals that could be placed in a work environment (flight) with the potential to aggravated existing medical conditions. NOAA Office of Marine and Aviation Operations (OMAO) administers NOAA's aviation safety policy through the Aviation Safety Program. OMAO requests medical history information from individuals (researchers or NOAA Program activity observers) requesting clearance to fly on behalf of NOAA to determine the individual's fitness for flight. This information, upon receipt, is reviewed by the NOAA Aviation Medical Examiner to determine whether or not to grant a NOAA Aeromedical Clearance Notice, receipt of which, authorizes participation in flight activities on behalf of NOAA.

*Affected Public:* Not-for-profit institutions; State, local or tribal government; Federal Government; individuals or households; business or other for-profit organizations.

*Frequency:* On occasion.

*Respondent's Obligation:* Required to obtain or retain benefits.

*OMB Desk Officer:* David Rostker, (202) 395-3897.

Copies of the above information collection proposal can be obtained by calling or writing Diana Hynek, Departmental Paperwork Clearance Officer, (202) 482-0266, Department of Commerce, Room 6625, 14th and Constitution Avenue, NW., Washington, DC 20230 (or via the Internet at [dHynek@doc.gov](mailto:dHynek@doc.gov)).

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to David Rostker, OMB Desk Officer, FAX number (202) 395-7285, or [David\\_Rostker@omb.eop.gov](mailto:David_Rostker@omb.eop.gov).

The Department of Commerce has submitted to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. chapter 35).

*Agency:* National Oceanic and Atmospheric Administration (NOAA).

*Title:* Paperwork Submissions Under the Coastal Zone Management Act Federal Consistency Requirements.

*Form Number(s):* None.

*OMB Approval Number:* 0648-0411.

*Type of Request:* Regular submission.

*Burden Hours:* 35,799.

*Number of Respondents:* 2,334.

*Average Hours per Response:*

Consistency certifications or determinations and state responses to them, 8 hours; applications for Federal assistance and state responses, 2 hours; state requests for review of unlisted activities, 4 hours; public notice requirements, 1 hour; requests for remedial action or supplemental review, 6 hours; listing notice, 1 hour; interstate listing, 30 hours; requests for mediation, 2 hours; appeals, 210 hours.

*Needs and Uses:* These paperwork submissions are required by the Coastal Zone Management Act (CZMA), 16 U.S.C. 1456, and by NOAA to provide a reasonable, efficient and predictable means of complying with the CZMA requirements. The information will be used by coastal States with federally-approved Coastal Zone Management Programs to determine if Federal agency activities, Federal license or permit activities, and Federal assistance activities that affect a State's coastal zone are consistent with the States' programs.

*Affected Public:* State, local or tribal government; individuals or households; business or for-profit organizations.

DOC has submitted to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. chapter 35).

*Agency:* U.S. Census Bureau.

*Title:* Monthly Survey of Residential Alterations and Repairs.

*Form Number(s):* SORAR-705.

*Agency Approval Number:* 0607-0130.

*Type of Request:* Extension of a currently approved collection.

*Burden:* 5,100.

*Number of Respondents:* 1,700.

*Avg Hours per Response:* 15 minutes.

*Needs and Uses:* The U.S. Census Bureau requests an extension of the currently approved collection for the Monthly Survey of Residential Alterations and Repairs. The Census Bureau is responsible for preparing estimates of the expenditures for residential improvement and repairs. This segment of the construction industry amounted to more than \$198 billion in 2004. While the majority of the data are gathered from the Consumer Expenditure Survey (OMB number 1220-0050), a portion of the data (\$55 billion in 2004) are collected on the SORAR-705 form. This survey is mailed to a sample of owners of rental or vacant residential properties. Since residential improvement and repairs are a large and growing economic sector, any measure of the construction industry would be incomplete without the inclusion of these data.

The Census Bureau uses the information collected on Form SORAR-705 to publish improvement and repair expenditures for rental and vacant residential properties. Data on improvements and repairs to owner-occupied properties are collected in the Consumer Expenditure Survey. Combined published estimates are used by a variety of private businesses and trade associations for marketing studies, economic forecasts and assessments of

the construction industry. They also provide all levels of Government with a tool to evaluate economic policy and measure progress toward established goals. For example, the Bureau of Economic Analysis (BEA) uses the Census Bureau's improvement statistics to develop the residential structures component of the gross private domestic investment in the national income and product accounts.

**Affected Public:** Individuals or households; Businesses or other for-profit.

**Frequency:** Monthly.

**Respondent's Obligation:** Voluntary.

**Legal Authority:** Title 13 U.S.C. 182.

#### 2007 Economic Census of the Island Areas

**ACTION:** Proposed collection; comment request.

**SUMMARY:** The Department of Commerce, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995, Public Law 104-13 (44 U.S.C. 3506(c)(2)(A)).

**DATES:** Written comments must be submitted on or before August 28, 2006.

**ADDRESSES:** Direct all written comments to Diana Hynek, Departmental Paperwork Clearance Officer,

Department of Commerce, Room 6625, 14th and Constitution Avenue, NW., Washington, DC 20230 (or via the Internet at [DHynek@doc.gov](mailto:DHynek@doc.gov)).

#### FOR FURTHER INFORMATION CONTACT:

Requests for additional information or copies of the information collection instrument(s) and instructions should be directed to Lee R. Wentela, U.S. Census Bureau, Room 1183, Building 3, Washington, DC 20233-6400 (301-763-7270 or via the Internet at [lee.r.wentela@census.gov](mailto:lee.r.wentela@census.gov)).

#### SUPPLEMENTARY INFORMATION:

##### I. Abstract

The economic census, conducted under authority of Title 13, United States Code (U.S.C.), is the primary source of facts about the structure and functioning of the United States economy, including Puerto Rico, Guam, the Northern Mariana Islands, the U.S. Virgin Islands, and American Samoa. The economic census, is the primary source of dependable facts about each of the island areas' economies, and features the only recognized source of data at a geographic level equivalent to U.S. counties. Economic census statistics for the island areas serve to benchmark estimates of local net income and gross product, and provide essential information for government (Federal and local), business, and the general public. Economic data are the Census Bureau's primary program commitment during nondecennial census years. The 2007 Economic Census of the Island Areas will cover the following sectors (as defined by the North American Industry Classification System (NAICS)): Mining, Utilities, Construction, Manufacturing; Wholesale and Retail Trades, Transportation and Warehousing, Information; Finance and Insurance; Real Estate and Rental and Leasing; Professional, Scientific, and Technical Services; Management of Companies and Enterprises; Administrative and Support, Waste Management and Remediation Services, Educational Services; Health Care and Social Assistance; Arts, Entertainment, and Recreation; Accommodation and Food Services, and Other Services (except Public Administration). This scope is equivalent to that of the statewide economic census. The information collected will produce basic statistics by kind of business on the number of establishments, sales/shipments/receipts/revenue, payroll, and employment. It will also yield a variety of industry-specific statistics, including sales/receipts by commodity/merchandise/receipt line, sales/shipments by class of customer,

inventories, and number of hotel rooms. Primary strategies for reducing burden in Census Bureau economic data collections are to increase reporting through standardized questionnaires and broader electronic data collection methods.

##### II. Method of Collection

The 2007 Economic Census of the Island Areas will be conducted using mailout/mailback procedures. Establishments will be selected from the Census Bureau's Business Register. An establishment will be included in the 2007 Economic Census of Island Areas if: (a) It is engaged in any of the sectors within the scope of the census listed above; (b) it is an active operating establishment with payroll; and (c) it is located in Puerto Rico, Guam, the Northern Mariana Islands, the U.S. Virgin Islands, or American Samoa. Generally, non-employer establishments are excluded from the Economic Census of the Island Areas. However, non-employer establishments are included in the data collection in American Samoa due to the unique structure of the economy for this area as well as the lack of economic statistics. The data for non-employer establishments in American Samoa will be collected through an enumeration conducted by employees of the government of American Samoa. This enumeration will follow guidelines provided by the Census Bureau, which will include the requirement that all staff are sworn to uphold all confidentiality requirements of Title 13, U.S.C.

##### III. Data

**OMB Number:** Not available.

**Form Number:** The forms used to collect information in Puerto Rico are tailored to specific industries or groups of industries. Puerto Rico forms are available in English as well as Spanish. Only one form, covering all economic activity within the scope of the census, is used for each of the remaining areas. The forms are too numerous to list individually in this notice. The contact named above can provide interested parties with complete information on the forms to be included in this information collection.

**Type of Review:** Regular review.

**Affected Public:** Local governments, businesses, or other for profit or nonprofit institutions or organizations.

**Estimated Number of Respondents:** Puerto Rico 50,000; Guam 3,250; Northern Mariana Islands 1,500; U.S. Virgin Islands 3,000; American Samoa 1,250 (includes non-employers); Total 59,000.
