Airworthiness Directives; Raytheon Aircraft Company Models C90A, B200, B200C, B300, and B300C Airplanes

AGENCY: Federal Aviation Administration (FAA), DOT. **ACTION:** Final rule: correction.

SUMMARY: This document makes a correction to Airworthiness Directive (AD) 2006-23-02, which was published in the Federal Register on November 8, 2006 (71 FR 65390), and applies to certain Raytheon Aircraft Company (RAC) (formerly Beech) Models C90A. B200, B200C, B300, and B300C airplanes. AD 2006-23-02 requires you to inspect the flight controls for improper assembly or damage, and if any improperly assembled or damaged flight controls are found, take corrective action. We proposed in the notice of proposed rulemaking (NPRM) "unless already done" credit if the actions were already accomplished. However, we inadvertently left that language out of paragraph (e) of AD 2006-23-02. This document corrects that paragraph by inserting the phrase "unless already done.

DATES: The effective date of this AD (2006–23–02) remains December 13, 2006.

Discussion

On October 26, 2006, the FAA issued AD 2006-23-02, Amendment 39-14814 (71 FR 65390, November 8, 2006), which applies to certain RAC Models C90A, B200, B200C, B300, and B300C airplanes. AD 2006-23-02 requires vou to inspect the flight controls for improper assembly or damage, and if any improperly assembled or damaged flight controls are found, take corrective action. We proposed in the NPRM "unless already done" credit if the actions were already accomplished. However, we inadvertently left that language out of paragraph (e) of AD 2006-23-02.

Need for the Correction

This correction is needed to allow credit for already completed actions required by this AD. This document corrects that paragraph by inserting the phrase "unless already done" in paragraph (e) of AD 2006–23–02 as was proposed in the NPRM.
