Background

Section 1909(b) of SAFETEA-LU established the National Transportation Revenue and Policy Study Commission to address the needs and financing of surface transportation as described in sections 1909(b)(5), (6), and (7). In carrying out its responsibilities, the Commission is authorized to hold hearings to take relevant testimony and receive relevant evidence at such times and places the Commission deems appropriate. The Commission intends to conduct at least four hearings to receive views from interested parties and obtain public input into its study.

Organizations interested in submitting a proposal to co-host one of the Commission's field hearings, should do so no later than August 25, 2006. While there is no template for the submissions, each proposal should at the least address the following issues:

- (i) Preferred date (out of those listed) for the hearing;
- (ii) Proposed location of the hearing, and the location's relevance to the Commission's work (field hearing locations will be determined based on proposals received);
- (iii) Organization(s) that will co-host the hearing;
- (iv) Recommendations on key topics and themes to be addressed at the hearing. Please use the Commission's authorizing statute, specifically sections 1909(b)(5), (6), and (7), as a guide to the matters the Commission is required to study and address;

(v) Costs of the hearing to be borne by the Commission; and

(vi) Full contact information for the organization(s).

The Executive Director of the Commission will contact each organization submitting a proposal that is selected by the Commission. All interested organizations are encouraged to attend the field hearings, the details of which will be announced in future **Federal Register** notices.

(Authority: Section 1909(b) of Pub. L. 109-59.)

Issued on: July 20, 2006.

Quintin Kendall,

Executive Director, National Surface Transportation Policy and Revenue Study Commission.
