

Supervisor must decide whether to grant a special use permit to the Ferry County PUD and other providers for utility access. The Forest Supervisor will consider both the impacts as a result of project activities on National Forest Systems lands and rights-of-way, and cumulative impacts off of National Forest System lands, particularly to home owners along National Forest System rights-of-way, in choosing the preferred alternative. The Forest Supervisor must also decide whether or not to amend the Okanogan National Forest Land and Resource Management Plan to implement the project.

Scoping Process

Initial scoping on this project was completed Spring of 2005, and a preliminary Environmental Assessment was sent to the public for comment in December 2005. Public participation will continue to be especially important at several points during the analysis. The participation agencies are seeking information, comments, and assistance from Federal, State, local agencies, Native American Tribe and other individuals and organizations who may be interested in or affected by the proposed project. Input submitted during initial scoping, comments received on the preliminary Environmental Assessment and input during this scoping period will be used in preparation of the Draft EIS. The scoping process includes:

- Identifying potential issues.
- Identifying major issues to be analyzed in depth and identify those that are not significant and can be eliminated from detailed study.
- Exploring alternatives to the proposed action.
- Identifying potential environmental effects of this project.
- Determining potential cooperating agencies and task assignments.
- Notifying interested members of the public of opportunities to participate through personal contacts or written comment.

Issues

A number of issues were identified in the preliminary Environmental Assessment including effects of fence construction, effects of road construction and reconstruction, effects of heavy mine traffic, effects to wildlife, spread of noxious weeds, cumulative impacts with the mine and borrow site, dust suppression and snow removal chemical on water, effects on residents and Colville Tribal members, and effects on water quality and quantity from the infiltration gallery.

Permits or Licenses Required

Upon approval of this proposal, a final plan of operations, road use permit and special use permits for utility companies would be prepared.

Comment Opportunity

This notice re-initiates the scoping process, which guides development of the EIS. The Forest Service is seeking public and agency comment on the proposed action to determine if any additional issues arise. Additional issues may lead either to other alternatives, or additional mitigation measures and monitoring requirements.

Early Notice of Importance of Public Participation in Subsequent Environmental Review

A draft EIS will be prepared for comment. Copies will be distributed to interested and affected agencies, organizations, and members of the public for their review and comment. The comment period on the draft EIS will be 45 days from the date the Environmental Protection Agency publishes the notice of availability in the **Federal Register**.

The Forest Service believes, at this early stage, it is important to give reviewers notice of several court rulings related to public participation in the environmental review process. First, reviewers of a draft EIS must structure their participation in the environmental review of the proposal so that it is meaningful and alerts an agency to the reviewer's position and contentions. *Vermont Yankee Nuclear Power Corp. v. NRDC*, 435 U.S. 519, 553 (1978). Also, environmental objections that could be raised at the draft EIS stage but that are not raised until after the completion of the final EIS may be waived or dismissed by the courts. *City of Angoon v. Hodel*, 803 F.2d. 1016, 1022 (9th Cir. 1986) and *Wisconsin Heritages, Inc. v. Harris*, 490 F. Supp. 1334, 1338 (E.D. Wis. 1980). Because of these court rulings, it is very important that those interested in this proposed action participate by the close of the 45 day comment period so that substantive comments and objections are made available to the participating agencies at a time when it can meaningfully consider them and respond to them in the final EIS.

To assist the participating agencies in identifying and considering issues and concerns on the proposed action, comments on the draft EIS should be as specific as possible. It is also helpful if comments refer to specific pages or chapters of the draft statement. Comments may also address the

adequacy of the draft EIS or the merits of the alternatives formulated and discussed in the statement. Reviewers may wish to refer to the Council on Environmental Quality Regulations for implementing the procedural provisions of the National Environmental Policy Act at 40 CFR 1503.3 in addressing these points.

In the final EIS, the Forest Service is required to respond to comments and responses received during the comment period that pertain to the environmental consequences discussed in the draft EIS and applicable laws, regulations, and policies considered in making a decision regarding the proposal.

Comments received including the names and addresses of those who comment, will be considered part of the public record on this proposal and will be available for public inspection.

The Forest Supervisor for the Okanogan and Wenatchee National Forest will be the responsible official for this EIS and it's Record of Decision. As the responsible official, the Forest Supervisor will document the decision and reasons for the decision in the Record of Decision. That decision will be subject to Forest Service Appeal Regulations (36 CFR Part 215).

Dated: July 10, 2006.

James L. Boynton,

Forest Supervisor.

Foreign-Trade Zones Board

[Docket 29-2006]

Foreign-Trade Zone 164—Muskogee, OK; Application for Expansion

An application has been submitted to the Foreign-Trade Zones (FTZ) Board (the Board) by the Muskogee City-County Port Authority, grantee of FTZ 164, requesting authority to expand its zone in the Muskogee area within and adjacent to the Tulsa Customs port of entry. The application was submitted pursuant to the provisions of the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a-81u), and the regulations of the Board (15 CFR part 400). It was formally filed on July 12, 2006.

FTZ 164 was approved on November 17, 1989 (Board Order 450, 54 FR 49321, November 30, 1989). The general-purpose zone currently consists of one site (14.6 acres) within the Port of Muskogee's public terminal area located at Port & Industrial Park Service Road and the Port Access Road.

The applicant is now requesting authority to expand its existing site and to include two new sites in the area: *Expand Site 1* to include two additional parcels at the Port of Muskogee: *Parcel 2* (6 acres)—Port Site F located at 2631 Port Place Road and *Parcel 3* (28 acres)—Port Site G located at the intersection of North 43rd Street East and Don Cayo Road; *Proposed Site 2* (47 acres)—within the 290-acre Port of Muskogee/John T. Griffin Industrial Park (Lot 2) located on Dal-Tile Road near the intersection of State Highway 165 and U.S. Highway 64; and, *Proposed Site 3* (23 acres, 2 parcels)—Komar Distribution Center facilities in McAlester located at 400 West Chickasaw (Parcel 1, 8 acres) and located at 10 V. Hubert Smith Drive (Parcel 2, 15 acres). The sites are owned by the Muskogee City-County Port Authority (Sites 1 and 2) and Komar Properties of Oklahoma, Inc. (Site 3). The proposed sites will be used for

warehousing and distribution operations. No specific manufacturing authority is being requested at this time. Such requests would be made to the Board on a case-by-case basis.

In accordance with the Board's regulations, a member of the FTZ Staff has been designated examiner to investigate the application and report to the Board.

Public comment is invited from interested parties. Submissions (original and 3 copies) shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is September 18, 2006. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period (to October 2, 2006).

A copy of the application and accompanying exhibits will be available for public inspection at each of the following locations: Muskogee City-County Port Authority Offices, 4901 Harold Scoggins Drive, Muskogee, Oklahoma 74403; and, Office of the Executive Secretary, Foreign-Trade Zones Board, Room 1115, U.S. Department of Commerce, 1401 Constitution Avenue, NW., Washington, DC 20230.

Dated: July 12, 2006.

Andrew McGilvray,

Acting Executive Secretary.

DEPARTMENT OF COMMERCE

International Trade Administration

[A-570-863]

Notice of Correction to the Final Results of the Third Administrative Review of Honey from the People's Republic of China

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: July 19, 2006.

FOR FURTHER INFORMATION CONTACT:

Kristina Boughton or Bobby Wong, AD/CVD Operations, Office 9, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230; telephone: (202) 482-8173 or (202) 482-0409, respectively.

SUPPLEMENTARY INFORMATION:

Correction

On June 16, 2006, the Department of Commerce (the Department) published

the final results of the third administrative review of the antidumping duty order on honey from the People's Republic of China (PRC). *Honey from the People's Republic of China: Final Results and Final Rescission of Antidumping Duty Administrative Review*, 71 FR 34893 (June 16, 2006) (*Final Results*). While the Department did not receive any timely allegations of ministerial errors in the *Final Results*,¹ the Department inadvertently stated an incorrect cash deposit rate for the PRC-wide entity in the "Cash Deposits" section of the notice. The "Cash Deposits" section of the notice incorrectly listed the PRC-wide rate at 183.80 percent. *See Final Results*, 71 FR at 34895. As explained in the "Changes Since the Preliminary Results" section of the notice, the Department changed the cash deposit rate for the PRC-wide entity from 183.80 percent to 212.39 percent. The Department also indicated in the "Final Results of the Review" section of the notice that the PRC-wide rate was 212.39 percent. Therefore, the Department is correcting item (3) in the "Cash Deposits" section as follows: (3) for all other PRC exporters of subject merchandise which have not been found to be entitled to a separate rate (including Dubao and Eurasia), the cash-deposit rate will be the PRC-wide rate of 212.39 percent.

This notice is to serve as a correction to the cash deposit rate listed for the PRC-wide entity in the "Cash Deposits" section.

This correction is issued and published in accordance with section 751(h) of the Tariff Act of 1930, as amended.

Dated: July 13, 2006.

David M. Spooner,

Assistant Secretary for Import Administration.
