

**SUMMARY:** In accordance with the Paperwork Reduction Act of 1995, this notice invites the general public and other public agencies to comment on the proposed information collections for the FNS-245, Negative Case Action Review Schedule and the FNS-248, Status of Sample Selection and Completion. The two forms are currently used in the Quality Control process for the Food Stamp Program. The proposed collections are revisions of collections currently approved under OMB No. 0584-0034.

**DATES:** Written comments must be submitted on or before May 1, 2006.

**ADDRESSES:** Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology. **SUPPLEMENTARY INFORMATION:**

*Title:* Negative QC Review Schedule; Status of Sample Selection and Completion.

*OMB Number:* 0584-0034.

*Form Number:* FNS-245 & FNS-248.

*Expiration Date:* 07/31/06.

*Type of Request:* Revision of currently approved collections.

*Abstract:* The FNS-245, Negative Case Action Review Schedule, is designed to

collect quality control (QC) data and serve as the data entry form for negative case action QC reviews in the Food Stamp Program. State agencies complete the FNS-245 for each negative case in their QC sample. The reporting and recordkeeping burden associated with the completion of the FNS-245 is being reduced from 123,026 hours to 121,572 hours. The decrease is the result of a reduction of the total case selection from 40,262 cases in FY 2001 to 39,782 cases in FY 2004. The FNS-248, Status of Sample Selection and Completion, tracks a State's progress in sample selection and case completion on a monthly basis. A proposed rule entitled "Food Stamp Program: Discretionary Quality Control Provisions of Title IV of Public Law 107-171", was published in the **Federal Register** on September, 23, 2005. The rulemaking proposed to eliminate this form as a means of collecting this information and would allow State agencies to report in a manner as directed by the regional offices. FNS expects to publish a final rule on this subject in October 2006. Until then, FNS-248 will remain in effect. The burden associated with the collection remains unchanged.

*Affected Public:* Individuals or households; State or local governments.

### Forest Service

#### Secure Rural Schools Land Sales Initiative

**AGENCY:** Forest Service, USDA.

**ACTION:** Notice; request for comments.

**SUMMARY:** The Forest Service is seeking comments from all interested individuals and organizations on the list of National Forest System land parcels

in the FY 2007 President's Budget proposal to be sold for the purpose of funding payments to Secure Rural Schools (SRS), should this program be extended by amendment to the Secure Rural Schools and Community Self-Determination Act of 2000. The sale of these parcels is contingent upon amendment of the SRS as proposed by the President.

**DATES:** You should submit your comments by March 30, 2006 to be assured of consideration. Comments received after that date will be considered only to the extent practicable.

**ADDRESSES:** You may submit your comments by e-mail to [SRS\\_Land\\_Sales@fs.fed.us](mailto:SRS_Land_Sales@fs.fed.us), by facsimile to (202) 205-1604, or by mail to USDA Forest Service, SRS Comments, Lands 4S, 1400 Independence Ave., SW., Mailstop 1124, Washington, DC 20250-0003. *Electronic submission is preferred.* If you submit your comments by e-mail or fax, you do not need to send a paper copy by mail.

Your comments may address the entire list of parcels identified in the President's proposal, or an individual parcel or parcels on that list. If you are commenting about a specific parcel on the list, it would be helpful to provide the parcel's number from the list and all information specifically related to the sale of that parcel.

*Document and Comment Availability:*

In addition to publishing the full text of this document in the **Federal Register**, the Forest Service provides all interested persons an opportunity to view and/or print the contents of this document, the potentially eligible lands listing, and associated maps via the Internet. Information on this proposal and the **Federal Register** Notice can be found at <http://www.fs.fed.us> via the *Secure Rural Schools and Community Self-Determination Act* link to the "President's FY 2007 Budget Proposal for the Forest Service—Secure Rural Schools and Community Self-Determination Act Extension" page.

**FOR FURTHER INFORMATION CONTACT:**

Cynthia R. Swanson, Assistant Director of Lands, Washington Office, 202-205-0099. Individuals who use telecommunication devices for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1-800-877-8339 between 8 a.m. and 8 p.m., Eastern Standard Time, Monday through Friday.

**SUPPLEMENTARY INFORMATION:** The *Secure Rural Schools and Community Self-Determination Act of 2000* (the Act) (Pub. L. 106-393) was enacted to provide transitional assistance to rural counties that had been affected by the

decline in revenue from timber harvests on Federal lands. These counties traditionally relied on a share of receipts from timber harvests to fund their school systems and roads. The Act stabilized payments that are critically important to more than 4,400 rural schools and addressed many severe maintenance backlogs for county roads. Resource Advisory Committees (RACs) established under the Act have developed and proposed forest health improvement projects.

The President's fiscal year 2007 Budget for the Forest Service proposes legislation to amend the Secure Rural

Schools Act. The legislation would provide a source of funding for payments under the Secure Rural Schools Act by authorizing the sale of a limited number of National Forest System lands. These parcels generally meet criteria traditionally used by the Forest Service to identify lands suitable for sale or exchange. Many of these parcels are isolated from other contiguous National Forest System lands, and because of their location, size, or configuration are not efficient to manage as a component of the National Forest System.

The Forest Service manages about 193 million acres in 155 national forests and 20 national grasslands located in 43 States across the nation. The limited number of parcels included within this proposal constitutes less than 0.2 of 1% of the National Forest System land base. A total of 304,370 acres and approximately 3,000 individual tracts have been identified on 120 national forests, 10 national grasslands, within 35 States.

The following table provides a summary of the number of acres identified for each State.

Lands located within the boundaries of any component of the National Wilderness Preservation System, National Wild and Scenic River System, National Trail System, National Recreation Area, National Monument, National Historic Site, National Preserve, or specially designated areas such as Research Natural Areas and experimental forests and ranges are not eligible for conveyance.

Many of the identified parcels have not been inventoried for natural or cultural resources specific to this proposal. However, they generally meet criteria traditionally used by the Forest Service to identify parcels for potential sale or exchange. Examples of primary benefits of disposal will include: (1) Reduction in agency costs associated with encroachments and boundary management; (2) enhancement of local economies through private sector

development; and (3) increased opportunities for acquisition by local governmental entities for low income housing, parks, fire stations, water and wastewater systems, and for other community and public purposes.

The proposed sale of these parcels is contingent upon the enactment of legislation by Congress to provide revenue for the authorization of the Secure Rural Schools and Community Self-Determination Act of 2000 (Pub. L.

106–393). The Forest Service does not have general, non-specific, authority to sell National Forest System lands.

#### Information Collection Activity; Comment Request

**AGENCY:** Rural Utilities Service, USDA.

**ACTION:** Notice and request for comments.

**SUMMARY:** In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35, as amended), the Rural Utilities Service (RUS) invites comments on this information collection for which RUS intends to request approval from the Office of Management and Budget (OMB).

**DATES:** Comments on this notice must be received by May 1, 2006.

**SUPPLEMENTARY INFORMATION:** The Office of Management and Budget's (OMB) regulation (5 CFR 1320) implementing provisions of the Paperwork Reduction Act of 1995 (Pub. L. 104–13) requires that interested members of the public and affected agencies have an opportunity to comment on information collection and recordkeeping activities (see 5 CFR 1320.8(d)). This notice identifies an information collection that RUS is submitting to OMB for extension.

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility; (b) the accuracy of the Agency's estimate of the burden of the proposed collection of information including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on those who are to respond, including

*Title:* RUS Form 675, Certification of Authority.

*OMB Control Number:* 0572–0074.

*Type of Request:* Extension of a currently approved collection.

*Abstract:* The Rural Utilities Service (RUS) manages loan programs in accordance with the Rural Electrification Act of 1936, as amended (7 U.S.C. 901 et seq.) (RE Act). A major factor in managing loan programs is controlling the advance of funds. One reason to control funds is so that the actual borrowers get their money. The use of RUS Form 675 allows this control to be achieved by providing a list of authorized signatures against which signatures requesting funds are compared. RUS Form 675 provides an effective control against the unauthorized release of funds by providing a list of authorized signatures. OMB Circular A–123, Management Accountability and Control, states that information should be maintained on a current basis and that cash should be protected from unauthorized use. Form 675 allows borrowers to keep RUS up-to-date of any changes in signature authority and controls the release funds only to authorized borrower representatives.

*Estimate of Burden:* Public reporting for this collection of information is estimated to average .10 hours per response.

*Respondents:* Business or other for profit; Not-for-profit institutions; and State, Local, or Tribal government.

*Estimated Number of Respondents:* 350.

*Estimated Number of Responses per Respondent:* 1.

*Estimated Total Annual Burden on Respondents:* 35.0 hours.

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.
