16 CFR Chapter II

Fiscal Year 2006 Program for Systematic Review of Commission Regulations; Request for Comments and Information; Correction

AGENCY: Consumer Product Safety Commission.

ACTION: Notice of systematic review of current regulations; Correction.

SUMMARY: The Consumer Product Safety Commission is issuing this revision to correct an erroneous citation designation in the Notice of systematic review of current regulations published in the **Federal Register** on June 7, 2006.

Corrections

In the **Federal Register** of June 7, 2006, in FR Doc. E6-8763, make the following corrections on page 32882:

In the first column, in the “Summary” section, correct the second sentence of the first paragraph to read:

In fiscal year 2006, the following three regulations will be evaluated: Safety standard for matchbooks, 16 CFR part 1202; toy rattles, 16 CFR parts 1510 and 1500.18(a)(15); and baby bouncers, walker-jumpers, and baby walkers, 16 CFR part 1500.18(a)(6).

In the third column, correct the first sentence under “Toy Rattles” to read:

The standard for toy rattles appears at 16 CFR parts 1510 and 1500.18(a)(15).

Section 553(b)(3)(B) of the Administrative Procedure Act (“APA”) authorizes an agency to dispense with notice and comment procedures when the agency, for good cause, finds that those procedures are “impracticable, unnecessary, or contrary to the public interest.” This amendment corrects typographical errors and does not make any substantive change. Accordingly, the Commission finds that notice and comment on this technical correction is unnecessary.

Subsistence Management Regulations for Public Lands in Alaska, Subpart C; Nonrural Determinations

AGENCIES: Forest Service, Agriculture; Fish and Wildlife Service, Interior.

ACTION: Proposed rule.

SUMMARY: This rule would revise the list of nonrural areas identified by the Federal Subsistence Board (Board, we, us). Areas determined to be nonrural are not eligible to participate in the Federal Subsistence Management Program on Federal public lands in Alaska. We propose to change Adak’s status to rural. We also propose to add Prudhoe Bay and the Kodiak Area, including the City of Kodiak, the Mill Bay area, Womens Bay, Bell’s Flats, and the Coast Guard Station to the list of nonrural areas. The following areas would continue to be nonrural, but we propose changes in their boundaries: the Kenai Area; the Wasilla/Palmer Area, including Point

McKenzie; the Homer Area, including Fritz Creek East (except Voznesenka) and the North Fork Road area; and the Ketchikan Area. We propose no other changes in status. However, new information could lead to changes not proposed at this time.

DATES: We must receive your written public comments no later than October 27, 2006.

ADDRESSES: You may submit comments electronically to *Subsistence@fws.gov*. See **SUPPLEMENTARY INFORMATION** about electronic filing. You may also submit written comments to the Office of Subsistence Management, 3601 C Street, Suite 1030, Anchorage, Alaska 99503.

Background

In Title VIII of the Alaska National Interest Lands Conservation Act (ANILCA) (16 U.S.C. 3111–3126), Congress found that “the situation in Alaska is unique in that, in most cases, no practical alternative means are available to replace the food supplies and other items gathered from fish and wildlife which supply rural residents dependent on subsistence uses * * *” and that “continuation of the opportunity for subsistence uses of resources on public and other lands in Alaska is threatened * * *.” As a result, Title VIII requires, among other things, that the Secretary of the Interior and the Secretary of Agriculture (Secretaries) implement a program to provide rural Alaska residents a priority for the taking of fish and wildlife on public lands in Alaska for subsistence uses, unless the State of Alaska enacts and implements laws of general applicability that are consistent with ANILCA and that provide for the subsistence definition, priority, and participation specified in sections 803, 804, and 805 of ANILCA.
