approves the proposed rule change, as amended.

The proposed amendment to NYSE Arca Equities Rule 9.20 would replace the current text of Rule 9.20(b) with text that would require ETP Holders to participate in the national do-not-call registry maintained by the Federal Trade Commission (“FTC”) and to follow applicable regulations of the Federal Communications Commission (“FCC”). The proposed amendment would make Rule 9.20(b) consistent with NYSE Rule 404A and requirements of FCC regulations applicable to broker-dealers engaged in telemarketing by including provisions concerning general telemarketing requirements, procedures, wireless communications, outsourcing telemarketing, pre-recorded messages, telephone facsimile or computer advertisements and caller identification. The amended rule would generally prohibit ETP Holders and their associated persons from making telemarketing calls to people who have registered with the national do-not-call registry. The amended rule also would set forth firm-specific do-not-call restrictions, time-of-day restrictions, and disclosure requirements similar to those contained in the current rule.

The Commission finds that the proposed rule change, as amended, is consistent with the requirements of the Act and the rules and regulations thereunder applicable to a national securities exchange.⁷ In particular, the Commission finds that the proposed rule change is consistent with Section 6(b)(5) of the Act,⁸ which requires, among other things, that the rules of an exchange be designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and national market system, and in general, to protect investors and the public interest. The Commission believes that the proposed rule change, as amended, is designed to accomplish these ends by requiring ETP Holders and their associated persons to observe time-of-day restrictions on telephone solicitations, maintain firm-specific do-not-call lists, and refrain from initiating telephone solicitations to investors and other members of the public who have registered their telephone numbers on the national do-not-call registry. The Commission also believes that the proposed rule change, as amended, establishes adequate procedures to

prevent ETP Holders and their associated persons from making telephone solicitations to do-not-call registrants, which should have the effect of protecting investors by enabling persons who do not want to receive telephone solicitations from members or member organizations to receive the protections of the national do-not-call registry, while providing appropriate exceptions to the rule's restrictions, which should promote just and equitable principles of trade.

⁴ In Amendment No. 1, NYSE Arca partially amended the text of proposed amended NYSE Arca Rule 9.20 and made conforming and technical changes to the original filing.

2006, NYSE Arca filed Amendment No. 2 to the proposed rule change.⁵ The proposed rule change, as amended, was published for comment in the **Federal Register** on July 10, 2006.⁶ The Commission received no comments on the proposal. This order approves the proposed rule change, as amended.

The proposed amendment to NYSE Arca Rule 9.20 would replace the current text of Rule 9.20(b) with text that would require OTP Holders and OTP Firms to participate in the national do-not-call registry maintained by the Federal Trade Commission ("FTC") and to follow applicable regulations of the Federal Communications Commission ("FCC"). The proposed amendment would make Rule 9.20(b) consistent with NYSE Rule 404A and requirements of FCC regulations applicable to broker-dealers engaged in telemarketing by including provisions concerning general telemarketing requirements, procedures, wireless communications, outsourcing telemarketing, pre-recorded messages, telephone facsimile or computer advertisements and caller identification. The Commission believes that the proposed rule change, as amended, is designed to accomplish

these ends by requiring OTP Holders and OTP Firms, and their associated persons, to observe time-of-day restrictions on telephone solicitations, maintain firm-specific do-not-call lists, and refrain from initiating telephone solicitations to investors and other members of the public who have registered their telephone numbers on the national do-not-call registry. The Commission also believes that the proposed rule change, as amended, establishes adequate procedures to prevent OTP Holders and OTP Firms, and their associated persons, from making telephone solicitations to do-not-call registrants, which should have the effect of protecting investors by enabling persons who do not want to receive telephone solicitations from members or member organizations to receive the protections of the national do-not-call registry, while providing appropriate exceptions to the rule's restrictions, which should promote just and equitable principles of trade.

It is therefore ordered, pursuant to Section 19(b)(2) of the Act,⁹ that the proposed rule change (SR-PCX-2005-54), as amended, be and is hereby approved.
