

and funded by State and Federal agencies; and (3) assist Federal and State agencies with the coordination of alternative sea lamprey control research to advance the state of the science in Lake Champlain and the Great Lakes.

The Secretary will appoint up to 20 members who can effectively represent the varied interests associated with the Lake Champlain Long-term Sea Lamprey Control Program. Members will represent Federal and State agencies and stakeholders. These members will be representatives of their respective constituent groups. In addition, the Secretary will appoint up to five members as special Government employees, selected for their scientific expertise. All members will be knowledgeable about Lake Champlain fishery management issues, including sea lamprey control. The Secretary will appoint Workgroup members based on nominations submitted by interested parties, including but not limited to: Vermont and New York State agencies; recreational and charter fishermen; sportfishing organizations; environmental organizations; research institutions; and the general public residing within the Lake Champlain area.

We expect that the Workgroup will meet two to four times per year. The Service will provide necessary support services to the Workgroup. All Workgroup meetings will be open to the public. The Service will publish a notice announcing each Workgroup meeting in the **Federal Register** at least 15 days before the date of the meeting. The public will have the opportunity to provide input at all meetings.

Fifteen days after publication of this notice in the **Federal Register**, a copy of the Workgroup's charter will be filed with the Committee Management Secretariat, General Services Administration; Committee on Environment and Public Works, United States Senate; Committee on Resources, United States House of Representatives; and the Library of Congress.

The Certification for establishment is published below.

Certification

I hereby certify that the Lake Champlain Sea Lamprey Control Alternatives Workgroup (Workgroup) is necessary and is in the public interest in connection with the performance of duties imposed on the Department of the Interior through the Supplemental Environmental Impact Statement for a Long-term Program of Sea Lamprey Control in Lake Champlain as published in 2001 (66 FR 46651, September 6, 2001). The Workgroup will assist the

Department of the Interior by providing recommendations and policy and technical consensus advice on the development and implementation of sea lamprey control techniques alternative to lampricides in Lake Champlain.

Dated: March 30, 2006.

Gale A. Norton,

Secretary of the Interior.
