#### SUPPLEMENTARY INFORMATION:

##### A. Purpose

Title III of the Defense Production Act  
 (DPA) of 1950 authorizes various forms  
 of Government assistance to encourage  
 expansion of production capacity and  
 supply of industrial resources essential  
 to national defense. The DPA  
 Amendments of 1992 provide for the  
 testing, qualification, and use of  
 industrial resources manufactured or  
 developed with assistance provided  
 under Title III of the DPA.

FAR 34.1 and 52.234-1 require  
 contractors, upon the direction of the  
 contracting officer, to test Title III  
 industrial resources for qualification,  
 and provide the test results to the  
 Defense Production Act Office. The FAR

coverage also expresses Government policy to pay for such testing and provides definitions, procedures, and a contract clause to implement the policy. This information is used by the Defense Production Act Office, Title III Program, to determine whether the Title III industrial resource has been provided an impartial opportunity to qualify.

They were designed to simplify solicitations and contracts for commercial items.

Information is used by Federal agencies to facilitate the acquisition of commercial items and services.
