

nominated as the new reviewing official may have access to Safeguards Information based on a previously-obtained or new criminal history check and, therefore, will be permitted to serve as the Licensee's reviewing official.

Prohibitions

A Licensee shall not base a final determination to deny an individual access to Safeguards Information solely on the basis of information received from the FBI involving: an arrest more than one (1) year old for which there is no information of the disposition of the case, or an arrest that resulted in dismissal of the charge or an acquittal.

A Licensee shall not use information received from a criminal history check obtained pursuant to this Order in a manner that would infringe upon the rights of any individual under the First Amendment to the Constitution of the United States, nor shall the Licensee use the information in any way which would discriminate among individuals on the basis of race, religion, national origin, sex, or age.

Procedures for Processing Fingerprint Checks

For the purpose of complying with this Order, Licensees shall, using an appropriate method listed in 10 CFR 73.4, submit to the NRC's Division of Facilities and Security, Mail Stop T-6E46, one completed, legible standard fingerprint card (Form FD-258, ORIMDNRCOOOZ) or, where practicable, other fingerprint records for each individual seeking access to Safeguards Information, to the Director of the Division of Facilities and Security, marked for the attention of the Division's Criminal History Check Section. Copies of these forms may be obtained by writing the Office of Information Services, U.S. Nuclear Regulatory Commission, Washington, DC 20555-0001, by calling (301) 415-5877, or by e-mail to forms@nrc.gov. Practicable alternative formats are set forth in 10 CFR 73.4. The Licensee shall establish procedures to ensure that the quality of the fingerprints taken results in minimizing the rejection rate of fingerprint cards due to illegible or incomplete cards.

The NRC will review submitted fingerprint cards for completeness. Any Form FD-258 fingerprint record containing omissions or evident errors will be returned to the Licensee for corrections. The fee for processing fingerprint checks includes one re-submission if the initial submission is returned by the FBI because the fingerprint impressions cannot be classified. The one free re-submission must have the FBI Transaction Control Number reflected on the re-submission. If additional submissions are necessary, they will be treated as initial submittals and will require a second payment of the processing fee.

Fees for processing fingerprint checks are due upon application. Licensees shall submit payment with the application for processing fingerprints by corporate check, certified check, cashier's check, money order, or electronic payment, made payable to "U.S. NRC." [For guidance on making electronic payments, contact the Facilities Security Branch, Division of Facilities and Security, at

(301) 415-7739]. Combined payment for multiple applications is acceptable. The application fee (currently \$27) is the sum of the user fee charged by the FBI for each fingerprint card or other fingerprint record submitted by the NRC on behalf of a Licensee, and an NRC processing fee, which covers administrative costs associated with NRC handling of Licensee fingerprint submissions. The Commission will directly notify Licensees who are subject to this regulation of any fee changes.

The Commission will forward to the submitting Licensee all data received from the FBI as a result of the Licensee's application(s) for criminal history checks, including the FBI fingerprint record.

Right To Correct and Complete Information

Prior to any final adverse determination, the Licensee shall make available to the individual the contents of any criminal records obtained from the FBI for the purpose of assuring correct and complete information. Written confirmation by the individual of receipt of this notification must be maintained by the Licensee for a period of one (1) year from the date of the notification. If, after reviewing the record, an individual believes that it is incorrect or incomplete in any respect and wishes to change, correct, or update the alleged deficiency, or to explain any matter in the record, the individual may initiate challenge procedures. These procedures include either direct application by the individual challenging the record to the agency (i.e., law enforcement agency) that contributed the questioned information, or direct challenge as to the accuracy or completeness of any entry on the criminal history record to the Assistant Director, Federal Bureau of Investigation Identification Division, Washington, DC 20537-9700 (as set forth in 28 CFR 16.30 through 16.34). In the latter case, the FBI forwards the challenge to the agency that submitted the data and requests that agency to verify or correct the challenged entry. Upon receipt of an official communication directly from the agency that contributed the original information, the FBI Identification Division makes any changes necessary in accordance with the information supplied by that agency. The Licensee must provide at least ten (10) days for an individual to initiate an action challenging the results of an FBI criminal history records check after the record is made available for his/her review. The Licensee may make a final SGI access determination based upon the criminal history record only upon receipt of the FBI's ultimate confirmation or correction of the record. Upon a final adverse determination on access to SGI, the Licensee shall provide the individual its documented basis for denial. Access to SGI shall not be granted to an individual during the review process.

Protection of Information

1. Each Licensee who obtains a criminal history record on an individual pursuant to this Order shall establish and maintain a system of files and procedures for protecting the record and the personal information from unauthorized disclosure.

2. The Licensee may not disclose the record or personal information collected and

maintained to persons other than the subject individual, his/her representative, or to those who have a need to access the information in performing assigned duties in the process of determining access to Safeguards Information. No individual authorized to have access to the information may re-disseminate the information to any other individual who does not have a need-to-know.

3. The personal information obtained on an individual from a criminal history record check may be transferred to another Licensee if the Licensee holding the criminal history check record receives the individuals' written request to re-disseminate the information contained in his/her file, and the gaining Licensee verifies information such as the individual's name, date of birth, social security number, sex, and other applicable physical characteristics for identification purposes.

4. The Licensee shall make criminal history records, obtained under this section, available for examination by an authorized representative of the NRC to determine compliance with the regulations and laws.

5. The Licensee shall retain all fingerprint and criminal history records received from the FBI, or a copy if the individual's file has been transferred, for three (3) years after termination of employment or denial of access to SGI. After the required three (3) year period, these documents shall be destroyed by a method that will prevent reconstruction of the information in whole or in part.

NUCLEAR REGULATORY COMMISSION

[NUREG-1852]

Demonstrating the Feasibility and Reliability of Operator Manual Actions in Response to Fire, Draft Report for Comment

AGENCY: Nuclear Regulatory Commission.

ACTION: Extension of comment period for NUREG 1852, "Demonstrating the Feasibility and Reliability of Operator Manual Actions in Response to Fire, Draft Report for Comment."

SUMMARY: On October 12, 2006 (71 FR 60200), the Nuclear Regulatory Commission (NRC) issued for public comment NUREG 1852, "Demonstrating the Feasibility and Reliability of Operator Manual Actions in Response to Fire, Draft Report for Comment." A request has been made to extend the public comment period such that the public will have a full 60 days to review this report. Currently, the **Federal Register** specifies that the public comment period ends on November 6, 2006, less than 30 days after the issuance of the **Federal Register** Notice.

DATES: The comment period has been extended and now expires on December 12, 2006. Comments received after this date will be considered if it is practical to do so, but the Commission is able to ensure consideration only for comments received before this date.

ADDRESSES: Members of the public are invited and encouraged to submit written comments to Michael Lesar, Chief, Rulemaking, Directives and Editing Branch, Office of Administration, Mail Stop T6-D59, U.S. Nuclear Regulatory Commission, Washington, DC 20555-0001. Hand-deliver comments attention to Michael Lesar, 11545 Rockville Pike, Rockville, MD, between 7:30 a.m. and 4:15 p.m. on Federal workdays. Comments may also be sent electronically to NRCREP@nrc.gov.

This document, NUREG-1852, is available at the Agencywide Documents Access and Management System (ADAMS) Public Electronic Reading Room on the Internet at the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html> under Accession No. ML0623502923; on the NRC Web site at <http://www.nrc.gov/reading-rm/doc-collections/nuregs/docs4comment.html>; and at the NRC Public Document Room, 11555 Rockville Pike, Rockville, MD. The PDR's mailing address is USNRC PDR, Washington, DC 20555; telephone (301) 415-4737 or (800) 397-4205; fax (301) 415-3548; e-mail PDR@NRC.GOV.

FOR FURTHER INFORMATION, CONTACT:

Erasmia Lois, Human Factors and Reliability Branch, Office of Nuclear Regulatory Research, telephone (301) 415-6560, e-mail exl1@nrc.gov.

Dated at Rockville, Maryland, this 16th day of October, 2006.

For the Nuclear Regulatory Commission.

Jose Ibarra,

Chief, Human Factors and Reliability Branch, Probabilistic Risk and Applications, Division of Risk Assessment and Special Projects, Office of Nuclear Regulatory Research.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-54609; File No. SR-FICC-2006-11]

Self-Regulatory Organizations; Fixed Income Clearing Corporation; Notice of Filing of a Proposed Rule Change Relating To Establishing New Reporting Processes To Support the Bilateral Comparison of Pool Details Associated With Specified Pool Trade Activity

October 16, 2006.

Pursuant to section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ notice is hereby given that on June 15, 2006, the Fixed Income Clearing Corporation ("FICC") filed with the Securities and Exchange Commission ("Commission") and on June 30, 2006, amended the proposed rule change as described in Items I, II, and III below, which Items have been prepared primarily by FICC. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The proposed rule change would add new rules to FICC's Mortgage Backed Securities Division ("MBS") Rulebook that would establish new reporting processes to support the bilateral comparison of pool details associated with specified pool trade ("SPT") activity.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, FICC included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. FICC has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.²

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

The purpose of this filing is to implement in MBS's Rulebook new reporting processes to support the

bilateral comparison of pool details associated with SPT's. This is the first of three new services MBSD plans to offer the mortgage-backed securities industry. The new services will be Real Time Trade Matching ("RTTM") Specified Pool Trade Matching, Electronic Pool Notification Pool Substitution, and Central Counterparty Pool Netting with Guaranteed Settlement.³

Currently, MBSD does not support SPT matching. As a result, members must submit SPT's to MBSD as "to be announced" ("TBA") trades for matching on a trade-for-trade basis. These trades are processed through MBSD's comparison and clearing system as TBA's and are risk managed at the TBA level using par amount.⁴ MBSD reports these trades to members through the MBS Purchase and Sale Report and the Open Commitment Report, which reports provide binding confirmation of these trades to members but do not transmit actual pool level details to the member. Because these original trades must currently be submitted at the TBA level, MBSD members must perform exception processing to convert the SPT data to the associated TBA level. In addition, the selling member must utilize MBSD's EPN service to supplement the original trade submission with pool level details.

To make this process more efficient for its members, FICC is proposing to enable MBSD members to submit the pool number and original face for all SPT activity through RTTM. However, this proposal will not change how MBSD currently risk manages these trades at the TBA level. MBSD's rules will continue to stipulate that SPT's may be treated as TBA's in instances of member insolvency.

In addition, FICC proposes to make two new reports available to members: the RTTM Purchase and Sale Report and the RTTM Open Commitment Report.⁵ These reports would reflect the submission of pool number and original

³ FICC has published two white papers that discuss its plans to develop central counterparty services for MBSD. *Fixed Income Clearing Corporation as Central Counterparty for Mortgage-Backed Securities* (June 2003) and *A Central Counterparty for Mortgage-Backed Securities: Paving the Way* (April 2006), which are available online at <http://www.ficc.com/mbs/docs/whitepapers/final.ccp.0617.pdf> and <http://www.dtcc.com/ThoughtLeadership/whitepapers/ccp.pdf>, respectively.

⁴ Par amount could be the original face or current face submitted by members.

⁵ These reports will not replace the MBSD's Purchase and Sale Report or the Open Commitment Report, which will continue to reflect specified pool trades as TBA trades.

¹ 15 U.S.C. 78s(b)(1).

² The Commission has modified the text of the summaries prepared by FICC.
