BILLING CODE 4910-13-P

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

14 CFR Part 97

[Docket No. 30492; Amdt. No. 3165]

Standard Instrument Approach Procedures; Miscellaneous Amendments

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: This amendment amends Standard Instrument Approach Procedures (SIAPs) for operations at certain airports. These regulatory actions are needed because of changes occurring in the National Airspace System, such as the commissioning of new navigational facilities, addition of new obstacles, or changes in air traffic requirements. These changes are designed to provide safe and efficient use of the navigable airspace and to promote safe flight operations under instrument flight rules at the affected airports.

DATES: This rule is effective May 3, 2006. The compliance date for each SIAP is specified in the amendatory provisions.

The incorporation by reference of certain publications listed in the

regulations is approved by the Director of the Federal Register as of May 3, 2006.

ADDRESSES: Availability of matter incorporated by reference in the amendment is as follows:

For Examination

1. FAA Rules Docket, FAA Headquarters Building, 800 Independence Ave, SW., Washington, DC 20591;

2. The FAA Regional Office of the region in which affected airport is located; or

3. The National Flight Procedures Office, 6500 South MacArthur Blvd., Oklahoma City, OK 73169 or, 4.

4. The National Archives and Records Administration (NARA). For information on the availability of this material at NARA, call 202-741-6030, or go to: http://www.archives.gov/federal_register/code_of_federal_regulations/ibr_locations.html.

For Purchase

Individual SIAP copies may be obtained from:

1. FAA Public Inquiry Center (APA-200), FAA Headquarters Building, 800 Independence Avenue, SW., Washington, DC 20591; or

2. The FAA Regional Office of the region in which the affected airport is located.

By Subscription

Copies of all SIAPs, mailed once every 2 weeks, are for sale by the Superintendent of Documents, U.S. Government Printing Office, Washington, DC 20402.

FOR FURTHER INFORMATION CONTACT: Donald P. Pate, Flight Procedure Standards Branch (AFS-420), Flight Technologies and Programs Division, Flight Standards Service, Federal Aviation Administration, Mike Monroney Aeronautical Center, 6500 South MacArthur Blvd. Oklahoma City, OK. 73169 (Mail Address: P.O. Box 25082 Oklahoma City, OK. 73125) telephone: (405) 954-4164.

SUPPLEMENTARY INFORMATION: This amendment to Title 14, Code of Federal Regulations, part 97 (14 CFR part 97) amends Standard Instrument Approach Procedures (SIAPs). The complete regulatory description of each SIAP is contained in the appropriate FAA Form 8260, as modified by the the National Flight Data Center (FDC)/Permanent Notice to Airmen (P-NOTAM), which is incorporated by reference in the amendment under 5 U.S.C. 552(a), 1 CFR part 51, and § 97.20 of the Code of

Federal Regulations. Materials incorporated by reference are available for examination or purchase as stated above.

The large number of SIAPs, their complex nature, and the need for a special format make their verbatim publication in the **Federal Register** expensive and impractical. Further, airmen do not use the regulatory text of the SIAPs, but refer to their graphic depiction on charts printed by publishers of aeronautical materials. Thus, the advantages of incorporation by reference are realized and publication of the complete description of each SIAP contained in FAA form documents is unnecessary. The provisions of this amendment state the affected CFR sections, with the types and effective dates of the SIAPs. This amendment also identifies the airport, its location, the procedure identification and the amendment number.

The Rule

This amendment to 14 CFR part 97 is effective upon publication of each separate SIAP as amended in the transmittal. For safety and timeliness of change considerations, this amendment incorporates only specific changes contained for each SIAP as modified by FDC/P-NOTAMs.

The SIAPs, as modified by FDC P-NOTAM, and contained in this amendment are based on the criteria contained in the U.S. Standard for Terminal Instrument Procedures (TERPS). In developing these chart changes to SIAPs, the TERPS criteria were applied to only these specific conditions existing at the affected airports. All SIAP amendments in this rule have been previously issued by the FAA in a FDC NOTAM as an emergency action of immediate flight safety relating directly to published aeronautical charts. The circumstances which created the need for all these SIAP amendments requires making them effective in less than 30 days.

Further, the SIAPs contained in this amendment are based on the criteria contained in TERPS. Because of the close and immediate relationship between these SIAPs and safety in air commerce, I find that notice and public procedure before adopting these SIAPs are impracticable and contrary to the public interest and, where applicable, that good cause exists for making these SIAPs effective in less than 30 days.

Conclusion

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are

necessary to keep them operationally current. It, therefore-(1) Is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. For the same reason, the FAA certifies that this amendment will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

List of Subjects in 14 CFR Part 97

Air Traffic Control, Airports, Incorporation by reference, and Navigation (Air).

Issued in Washington, DC on April 21, 2006.

James J. Ballough,
Director, Flight Standards Service.

Adoption of the Amendment

■ Accordingly, pursuant to the authority delegated to me, Title 14, Code of Federal regulations, part 97, 14 CFR part 97, is amended by amending Standard Instrument Approach Procedures, effective at 0901 UTC on the dates specified, as follows:

PART 97—STANDARD INSTRUMENT APPROACH PROCEDURES

■ 1. The authority citation for part 97 continues to read as follows:

Authority: 49 U.S.C. 106(g), 40103, 40106, 40113, 40114, 40120, 44502, 44514, 44701, 44719, 44721–44722.

■ 2. Part 97 is amended to read as follows:

By amending: § 97.23 VOR, VOR/DME, VOR or TACAN, and VOR/DME or TACAN; § 97.25 LOC, LOC/DME, LDA, LDA/DME, SDF, SDF/DME; § 97.27 NDB, NDB/DME; § 97.29 ILS, ILS/DME, ISMLS, MLS/DME, MLS/RNAV; § 97.31 RADAR SIAPs; § 97.33 RNAV SIAPs; and § 97.35 COPTER SIAPs, Identified as follows:

 BILLING CODE 4910-13-P

UNITED STATES SECTION OF THE INTERNATIONAL BOUNDARY AND WATER COMMISSION

22 CFR Part 1100

Employee Responsibilities and Conduct; Removal of Superseded Regulations and Addition of Residual Cross-References

AGENCY: United States Section of the International Boundary and Water Commission (USIBWC).

ACTION: Final rule.

SUMMARY: The United States Section of the International Boundary and Water Commission is repealing its superseded old employee conduct regulations, which have been replaced by the executive branch Standards of Ethical Conduct, financial disclosure and financial interests regulations issued by the Office of Government Ethics (OGE). In place of its old conduct regulations, the USIBWC is adding a section of residual cross-references to those new provisions as well as to certain executive branch conduct rules promulgated by the Office of Personnel Management (OPM).

DATES: *Effective Date:* June 2, 2006.

FOR FURTHER INFORMATION CONTACT: Tony R. Chavez, Designated Agency Ethics Official, United States International Boundary and Water Commission, 4171 N. Mesa, Suite C-100, El Paso, Texas, Telephone, 915-832-4111, Fax 915-832-4196.

SUPPLEMENTARY INFORMATION: In 1992, OGE issued a final rule setting forth uniform Standards of Ethical Conduct and an interim final rule on financial disclosure, and in 1996 issued a final rule on financial interests, all for executive branch departments and agencies of the Federal Government and their employees. Those three executive branch-wide regulations, as corrected and amended, are codified at 5 CFR parts 2634, 2635 and 2640. Together those regulations have superseded the old USIBWC regulations on employee responsibilities and conduct, which have been codified at 22 CFR part 1100 (and were based on prior OPM standards). Accordingly, the USIBWC is removing its superseded regulations and adding in place thereof a new section containing residual cross-references to the new provisions at 5 CFR parts 2634, 2635 and 2640. In addition, the USIBWC is including in that section a reference to the separate, specific executive branch provisions regarding gambling, safeguarding the examination

process and conduct prejudicial to the Government which are set forth in 5 CFR part 735, as amended and reissued by OPM in 1992. Those specific branch-wide restrictions are not covered in OGE's Standards of Ethical Conduct regulation; furthermore, they are self-executing and do not require any department or agency republication.

Matters of Regulatory Procedure

Administrative Procedure Act

As Designated Agency Ethics Official of the USIBWC, I have found, under 5 U.S.C. 553(a)(2) and (b), that the general requirements for proposed rule making and opportunity for public comment are not applicable as to this final rule since it relates solely to agency management and personnel as well as agency organization, practice and procedure.

List of Subjects in 22 CFR Part 1100

Conflict of interests.

■ For the reasons set forth in the preamble, the United States Section of the International Boundary and Water Commission is revising 22 CFR part 1100 to read as follows:

PART 1100—EMPLOYEE RESPONSIBILITIES AND CONDUCT

Authority: 5 U.S.C. 7301.
