

as the manager of a district that, in many cases, included additional field offices. The new structure allows the District Director to focus on the management of the district. Further, to achieve better balance in terms of the size of the operations managed by each district, the overall number of district offices will be reduced from 33 to 26. While primarily a consolidation of district management structures, the 26 district offices will include 2 new district offices created by splitting the existing San Francisco and Miami districts each into 2 districts.

Similarly, to achieve better balance and span of control, USCIS is increasing from 3 management regional offices to 4 management regional offices. The fourth regional office will be established in Orlando, Florida to manage USCIS operations in the Southeast. Establishing this new regional office also gives USCIS a regional office closer to the Caribbean, and thus improves USCIS capability to respond to events there.
