

collection techniques or other forms of information technology.

#### Purpose of Data Collection

In order to provide a useful public Web site, TSA seeks to administer two data collections to obtain feedback concerning the usability, content, focus and satisfaction of passengers who use TSA's Web site, titled "Web site Focus Groups" and "Web site Online Survey." TSA will use the data collected through these collection methods to deliver effective and engaging information to meet customers' needs and continuously improve TSA's Web site usability.

#### Description of Data Collection

TSA intends to collect data via the following instruments:

(1) *Web site Focus Groups*. TSA intends to conduct focus groups in a metropolitan area in each of TSA's three regions: East, Midwest, and West. TSA, through consultants, will administer the usability focus groups, one per region, by having volunteers use computers to access the TSA Web site under close supervision. Volunteers will provide both verbal and written feedback to the individuals administering the session. Participants will be selected randomly, at different travel times, from different locations, so that the sample includes individuals traveling throughout the day.

Participation will be voluntary. TSA Headquarters will supply an independent, paid consultant to lead the user focus groups. These consultants will handle the data collected during focus groups and provide TSA with analysis of the results in order to ensure the results are free of bias and present a truly accurate representation of the focus group responses. A TSA representative will be present at each focus group to monitor the consultants responsible for conducting the focus groups and synthesizing the results, and to ensure the data collection is conducted in a professional manner and follows best practices for conducting focus group research.

Focus groups will be conducted at various dates, times, and locations to provide a general representation of all customer preferences and not one particular group or subset of the population. TSA intends to conduct 15 user focus groups annually, each with a target of 10 total participant hours, based on an estimate of a 1 hour burden per respondent. TSA estimates a maximum total annual burden of 150 hours (10 participants times 15 focus group sessions equals 150 hours total).

There is no burden on those who choose not to be involved in the focus groups.

(2) *Web site Online Survey*. TSA also will conduct voluntary Web site surveys to collect data for improved content and usability. The surveys will be available via the TSA Web site (<http://www.tsa.gov>). Participation by Web site users will be voluntary. TSA Headquarters will provide a list of approximately 20 approved questions, from which the TSA Web Director will configure an online survey available to Web site users who choose to provide their feedback.

Surveys will comprise an approximate five-minute burden per respondent and an aggregate burden of 34 hours per year, based on an estimated 400 online surveys voluntarily completed per year (400 surveys times 5 minutes per survey equals 2000 minutes total, which is then divided by 60 minutes, resulting in 34 hours total). There is no burden on users who choose not to participate.

#### Use of Results

TSA Headquarters will use the focus group and survey results to evaluate and improve Web site content and usability, both via formal, rigorous usability performance measurement, and via targeted responses to problems and areas of opportunity that are identified. TSA senior management, the TSA Web Director in the Office of Strategic Communication and Public Affairs, and the Office of the Chief Information Officer, will use the results of the Web site Focus Groups and the Web site Online Survey to create a Web site usability and utility index, *i.e.*, a summary of performance measures. TSA will use this index to evaluate the impact of Web site content and layout as TSA makes further strides to address public demand for convenient access to information via the Web.

Issued in Arlington, Virginia, on June 5, 2006.

## DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

[Docket No. FR-5045-N-23]

### Federal Property Suitable as Facilities To Assist the Homeless

**AGENCY:** Office of the Assistant Secretary for Community Planning and Development, HUD.

**ACTION:** Notice.

**SUMMARY:** This Notice identifies unutilized, underutilized, excess, and surplus Federal property reviewed by HUD for suitability for possible use to assist the homeless.

**DATES:** *Effective Date:* June 9, 2006.

**FOR FURTHER INFORMATION CONTACT:** Kathy Ezzell, Department of Housing and Urban Development, Room 7262, 451 Seventh Street, SW., Washington, DC 20410; telephone (202) 708-1234; TTY number for the hearing- and speech-impaired (202) 708-2565, (these telephone numbers are not toll-free), or call the toll-free Title V information line at 1-800-927-7588.

**SUPPLEMENTARY INFORMATION:** In accordance with the December 12, 1988 court order in *National Coalition for the Homeless v. Veterans Administration*, No. 88-2503-OG (D.D.C.), HUD publishes a Notice, on a weekly basis, identifying unutilized, underutilized, excess and surplus Federal buildings and real property that HUD has reviewed for suitability for use to assist the homeless. Today's Notice is for the purpose of announcing that no additional properties have been determined suitable or unsuitable this week.

Dated: June 1, 2006.

**Mark R. Johnson,**

*Acting Deputy Assistant Secretary for Special Needs.*

## DEPARTMENT OF THE INTERIOR

### Bureau of Land Management

[WO-310-1310-PB-24 1A]

### Extension of Approved Information Collection, OMB Control Number 1004-0137

**AGENCY:** Bureau of Land Management, Interior.

**ACTION:** Notice and request for comments.

**SUMMARY:** In accordance with the Paperwork Reduction Act of 1995, the Bureau of Land Management (BLM) requests the Office of Management and Budget (OMB) to extend an existing approval to collect certain information from oil and gas well operators concerning operations performed on each well. We collect form and nonform information to determine whether BLM may approve proposed operations and to enable us to monitor compliance with terms and conditions of approved operations.

**DATES:** You must submit your comments to BLM at the address below on or before August 8, 2006. BLM will not necessarily consider any comments received after the above date.

**ADDRESSES:** You may mail comments to: Bureau of Land Management, (WO-630), Eastern States Office, 7450 Boston Blvd., Springfield, Virginia 22153.

You may send comments via Internet to: *comment\_washington@blm.gov*. Please include "ATTN: 1004-0137" and your name and return address in your Internet message.

You may deliver comments to the Bureau of Land Management, Administrative Record, Room 401, 1620 L Street, NW., Washington, DC.

All comments will be available for public review at the L Street address during regular business hours (7:45 a.m. to 4:15 p.m.), Monday through Friday.

**FOR FURTHER INFORMATION CONTACT:** You may contact Barbara Gamble, Fluid Minerals Group, on (202) 425-03389 (Commercial of FTS). Persons who use a telecommunication device for the deaf (TDD) may call the Federal Information Relay Service on 1-800-877-8330, 24 hours a day, seven days a week, to contact Ms. Gamble.

**SUPPLEMENTARY INFORMATION:** 5 CFR 1320.12(a) requires that we provide a 60-day notice in the **Federal Register** concerning a collection of information to solicit comments on:

(a) Whether the collection of information is necessary for the proper functioning of the agency, including whether the information has practical utility;

(b) The accuracy of our estimates of the information collection burden, including the validity of the methodology and assumptions we use;

(c) Ways to enhance the quality, utility, and clarity of the information collected; and

(d) Ways to minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

The Mineral Leasing Act of 1920 (30 U.S.C. 181 et seq.), as amended; the Mineral Leasing Act for Acquired Lands of 1947 (30 U.S.C. 351-359), as amended; the various Indian leasing acts; the National Environmental Policy Act of 1969 (42 U.S.C. 4321, et seq.), as amended; and other environmental laws govern onshore oil and gas operations. BLM's implementing regulations are 43 CFR part 3160.

(1) Section 43 CFR 3162.3-1 requires oil and gas well operators to submit an Application for Permit to Drill (Form 3160-3) for each well at least 30 days before any drilling operations or surface disturbances are commenced.

(2) Section 43 CFR 3162.4-1(b) requires oil and gas well operators to submit a Well Completion or Recompletion Report and Log (Form 3160-4) within 30 days after well completion.

(3) Section 43 CFR 3162.3-2 requires oil and gas operators on Federal and restricted Indian lands to submit Form 3160-5, Sundry Notices and Reports on Wells, in order to obtain authority to perform specific additional operations on a well and to report the completion of such work.

BLM uses the information for inspection and reservoir management purposes. Technical data provide means to evaluate the appropriateness of specific drilling and completion

techniques. The data enable us to monitor the engineering aspects of oil and gas production. We would lack the necessary information to monitor compliance of well activity and operations that were performed on wells if we did not collect this information.

Based on our experience administering the onshore oil and gas program, we estimate the public reporting burden for the information collected on Form 3160-3 is 30 minutes per response. Respondents are operators of oil and gas wells. The frequency of response varies depending on the operations. We estimate the number of responses per year is 4,000 and the total annual burden is 2,000 hours.

We estimate the public reporting burden for the information collected on Form 3160-4 is 1 hour per response. The information collected is already maintained by respondents for their own recordkeeping purposes and must only be entered on the form. Respondents are operators of oil and gas wells. The frequency of response varies depending on the type of activity or operation conducted at oil and gas wells. We estimate the number of responses per year is 2,200 and the total annual burden is 2,200 hours.

We estimate the public reporting burden for the information collection on Form 3160-5 is 25 minutes per response. Respondents are operators and operating rights owners of Federal and Indian (except Osage) oil and gas leases. The frequency of response varies depending on the type of activities or operations conducted. We estimate 34,000 notices filed annually and a total annual burden of 14,167 hours.

The table below summarizes our nonform estimates.

Information collection (43 CFR)	Requirement	Hours per response	Respondents	Burden hours
3162.3-1(a)	Well-Spacing Program	.5	150	75
3162.3-1(e)	Drilling Plans	8	2,875	23,000
3162.6	Well Markers	.5	300	150
3162.5-2(b)	Direction Drilling	1	<sup>1</sup> 165	165
3162.4-2(a)	Drilling Tests, Logs, Surveys	1	<sup>2</sup> 330	330
3162.3-4(a)	Plus and Abandon for Water Injection	1.5	1,200	1,800
3162.3-4(b)	Plug and Abandon for Water Source	1.5	1,200	1,800
3162.7-1(d)	Additional Gas Flaring	1	400	400
3162.5-1(c)	Report of Spills, Discharges, or Other Undesirable Events.	2	200	400
3162.5-1(b)	Disposal of Produced Water	2	1,500	3,000
3162.5-1(d)	Contingency Plan	16	50	800
3162.4-1(a) and 3162.7y095(d)(1)	Schematic/Facility Diagrams	4	2,350	9,400
3162.7-1(b)	Approval and Reporting of Oil in Pits	.5	520	260
3164.1 (Order No. 3)	Prepare Run Tickets	.2	90,000	18,000
3162.7-5(b)	Records on Seals	.2	90,000	18,000
3165.1(a)	Application for Suspension	8	100	800
3165.3(b)	State Director Review	16	100	1,600
3162.7-5(c)	Site Security	7	2,415	16,905

Information collection (43 CFR)	Requirement	Hours per response	Respondents	Burden hours
Totals .....	.....	.....	193,855	96,885

<sup>1</sup> Or 5% of wells.

<sup>2</sup> Or 10% of wells.

The respondents already maintain the types of information collected for their own recordkeeping purposes and need only submit the required information. This approval includes all information collections under 43 CFR part 3160 that do not require a form.

## DEPARTMENT OF THE INTERIOR

### Bureau of Land Management

[OR-958-6310-PF-24 1A]

#### Extension of Approved Information Collection, OMB Control Number 1004-0168

**AGENCY:** Bureau of Land Management, Interior.

**ACTION:** Notice and request for comments.

**SUMMARY:** In accordance with the Paperwork Reduction Act of 1995, the Bureau of Land Management (BLM) requests the Office of Management and Budget (OMB) to extend an existing approval to collect certain information from private landowners. The BLM uses Form OR 2812-6, Report of Road Use, to collect this information. This information allows the BLM to determine road use and maintenance fees for logging road right-of-way permits issued under the O&C Logging Road Right-of-Way regulations (43 CFR subpart 2812).

**DATES:** You must submit your comments to BLM at the address below on or before August 8, 2006. BLM will not necessarily consider any comments received after the above date.

**ADDRESSES:** You may mail comments to: Bureau of Land Management, (WO-630), Eastern States Office, 7450 Boston Blvd., Springfield, Virginia 22153.

You may send comments via Internet to: [comments\\_washington@blm.gov](mailto:comments_washington@blm.gov). Please include "ATTN: 1004-0168" and your name and return address in your Internet message.

You may deliver comments to the Bureau of Land Management, Administrative Record, Room 401, 1620 L Street, NW., Washington, DC.

All comments will be available for public review at the L Street address

during regular business hours (7:45 a.m. to 4:15 p.m.), Monday through Friday.

**FOR FURTHER INFORMATION CONTACT:** You may contact John Styduhar, BLM Oregon State Office, on (503) 952-6454 (Commercial or FTS). Persons who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1-800-877-8330, 24 hours a day, seven days a week, to contact Mr. Styduhar. **SUPPLEMENTARY INFORMATION:** 5 CFR 1320.12(a) requires that we provide a 60-day notice in the **Federal Register** concerning a collection of information to solicit comments on:

(a) Whether the collection of information is necessary for the proper functioning of the agency, including whether the information will have practical utility;

(b) The accuracy of our estimates of the burden of the proposed collection of information, including the validity of the methodology and assumptions we use;

(c) Ways to enhance the quality, utility, and clarity of the information collected; and

(d) Ways to minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

BLM may authorize private landowners in western Oregon to transport their timber over BLM-controlled roads under Title V of the Federal Land Policy and Management Act of 1976 (43 U.S.C. 1761). The logging road right-of-way permits that BLM issues are subject to the requirements of the O&C Logging Road Right-of-Way regulations (43 CFR subpart 2812). As a condition of each right-of-way permit, a permittee must provide us with a certified statement containing the amount of timber removed, the lands from which the timber was removed, and the BLM roads used to transport the timber. Permittees must submit this information on a quarterly basis using the Form OR-2812-6, Report of Road Use.

The fees we receive for road use contribute to the recovery of costs incurred in the construction of forest access roads. The fees we collect for road maintenance are reimbursements

for services we provide to maintain roads. If we did not require the collection of information included in the Report of Road Use form, it would not be possible to determine payment amounts, ledger account status, or monitor compliance with the terms and conditions of the permit. The cost for services we provide would not be collected in a timely manner if we reduce the frequency of reporting. This has a direct effect on the ability of BLM to properly maintain its road system, protect the road investment, and provide safe and efficient access to the public lands.

Based on our experience administering the activities described above, we estimate the public reporting burden for the information collected is 1 hour per response. The 400 respondents include individuals, partnerships, and corporations engaged to remove and transport timber and other forest products. The frequency of response is quarterly. We estimate 1,600 responses per year and a total annual burden of 1,600 hours.

BLM will summarize all responses to this notice and include them in the request for OMB approval. All comments will become a matter of public record.

Dated: June 5, 2006.

**Ted R. Hudson,**

*Bureau of Land Management, Information Collection Clearance Officer.*

### Bureau of Land Management

[ES-930-1310-FI; ARES 51032, et al.]

#### Notice of Proposed Reinstatement of Terminated Oil and Gas Leases

**AGENCY:** Bureau of Land Management, Interior.

**ACTION:** Notice of Proposed Reinstatement of Terminated Oil and Gas Leases.

**SUMMARY:** Under the provisions of Section 371(a) of the Energy Policy Act of 2005, the Bureau of Land Management (BLM) received a petition for reinstatement of the following oil and gas leases located in Logan County,
