DEPARTMENT OF STATE

[Public Notice 5358]

Bureau of Educational and Cultural Affairs (ECA) Request for Grant Proposals: Africa Workforce Development

Announcement Type: New Grant.

Funding Opportunity Number: ECA/PE/C/NEAAF-06-60.

Catalog of Federal Domestic Assistance Number: 00.000.

Key Dates:

Application Deadline: May 18, 2006.

Executive Summary: The Office of Citizen Exchanges of the Bureau of Educational and Cultural Affairs, United States Department of State, announces an open competition for grants to support programs promoting "Africa Workforce Development" through professional exchanges and collaboration. In carrying out a proposed program, roughly equal numbers of participants should travel between the U.S. and the focus African country. U.S. public and private non-profit organizations meeting the provisions described in Internal Revenue Code section 26 U.S.C. 501(c)(3) may submit proposals to develop and implement programs of exchange, collaboration and training that involve participants from Sub-Saharan Africa, including consultations, planning, and training conducted both in Sub-Saharan Africa and in the United States. These U.S. organizations should provide evidence of relevant expertise in Sub-Saharan Africa. Up to two grants not exceeding \$200,000 each may be awarded.

I. Funding Opportunity Description

Authority: Overall grant-making authority for this program is contained in the Mutual Educational and Cultural Exchange Act of 1961, Public Law 87-

256, as amended, also known as the Fulbright-Hays Act. The purpose of the Act is "to enable the Government of the United States to increase mutual understanding between the people of the United States and the people of other countries * * *; to strengthen the ties which unite us with other nations by demonstrating the educational and cultural interests, developments, and achievements of the people of the United States and other nations * * * and thus to assist in the development of friendly, sympathetic and peaceful relations between the United States and the other countries of the world." The funding authority for the program above is provided through the Conference Report accompanying the FY-2006 Science, State, Justice, Commerce Appropriations Bill (Pub. L. 109-108) which earmarks \$400,000 to support Africa Workforce Development.

Purpose: The Bureau seeks proposals for exchange programs on African Workforce Development. In pursuit of that goal, proposals should also build a relevant professional partnership between the applicant organization and its African colleagues. Also, in carrying out the proposed program, roughly equal numbers of African and U.S. participants should travel between the U.S. and the focus African country and for roughly equal time periods. U.S.-African partnership is emphasized as a mutually beneficial, direct and efficient method of promoting this goal. Partnerships promote the interests and long-term commitment of African and American participants going beyond U.S. government financing. The Bureau encourages applicants to consider carefully the choice of target countries. Applicants should research the work of development agencies (such as USAID, UN agencies) on the target themes, and select countries for which there has been limited investment on the issue. Applicants are encouraged to contact the Public Affairs Sections (PAS) in U.S. Embassies in Africa, and the Office of Citizen Exchanges, to discuss proposed activities and their relevance to mission priorities.

It is the Bureau's intention to allocate one grant for work with South Africa and one grant for work in one of the following countries: Angola, Ethiopia, Liberia, or Sierra Leone. Therefore, proposals should focus on either South Africa or one of these four other countries, and each proposal should clearly identify the single country with which it would work. The Bureau offers the following programming ideas and suggestions.

Africa Workforce Development: The purpose of this program is to enhance

Workforce Development efforts in Sub-Saharan Africa through Citizen Exchanges. ECA has set the following broad goals for the program this year:

- To help foster a more productive and fully employed workforce in Africa through collaboration between U.S. and African workforce development specialists;
- To develop professional and personal linkages between African and U.S. host institutions and communities that will lead to sustained collaboration in workforce development;
- To promote mutual understanding between cultures and societies in the U.S. and Africa.

The Office realizes that there are many different approaches to workforce development, and it is open to a wide variety of program plans. However, in order to be eligible for consideration, each proposal must explain its methodology for assessing workforce development needs and explain how its choice of needs to be addressed in the proposed program is relevant to the focus country. In addition, the Office recommends that each applicant consider addressing the following objectives in its plan when they are relevant to the chosen country:

- Assist citizens in making the transition from academia to the workforce;
- Assist citizens in learning skills and attitudes which make them more employable;
- Guide citizens in seeking jobs and in carrying them out satisfactorily;
- Assist Africans in identifying workforce needs and developing plans to ameliorate those needs;
- Develop programs which are adaptable to local and individual needs; and
- Develop programs that will attract and maintain the attention of citizens, encouraging their initiative and commitment.

South Africa poses a different challenge in workforce development from other African countries. For example, a substantial effort is already underway in entrepreneurial skills training. By contrast, an area that is weaker is that of market analysis to identify new areas in which to build businesses, especially in manufacturing and trade, and how to guide the unemployed workforce into new businesses. Given the favorable trade status that South Africa currently enjoys with the U.S., it would be valuable to develop skills in identifying opportunities for new businesses and in starting such new businesses that would lead to new jobs.

Thus, proposals for South Africa should emphasize developing a class of “middle-men” in relatively disadvantaged communities who can identify export market potential, particularly building on the AGOA market-opening opportunities, and guide the development of new businesses for those opportunities. Of particular value would be plans to promote the talents of those who can bridge government-supported programs in skills development and small-scale entrepreneurship, linking them into new sales opportunities overseas, in order to create new jobs.

The commitment of African partners will be essential to long-term program success, and applicants should consider the possibility of selecting African partners through a competitive process to assess their commitment and capability.

II. Award Information

Type of Award: Grant Agreement. ECA’s level of involvement in this program is listed under number I above.

Fiscal Year Funds: 2006.

Approximate Total Funding: \$400,000.

Approximate Number of Awards: 2.

Approximate Average Award: \$200,000.

Anticipated Award Date: Pending availability of funds, September 22, 2006.

Anticipated Project Completion Date: June 2008.

III. Eligibility Information

III.1. *Eligible applicants:* Applications may be submitted by public and private non-profit organizations meeting the provisions described in Internal Revenue Code section 26 U.S.C. 501(c)(3).

III.2. *Cost Sharing or Matching Funds:* Proposals that clearly demonstrate significant cost sharing—with 20% of the amount requested from ECA as the preferred minimum—will be judged more competitive.

When cost sharing is offered, it is understood and agreed that the applicant must provide the amount of cost sharing as stipulated in its proposal and later included in an approved grant agreement. Cost sharing may be in the form of allowable direct or indirect costs. For accountability, grantees must maintain written records to support all costs that are claimed as cost sharing, as well as costs to be paid by the Federal government. Such records are subject to audit. The basis for determining the value of cash and in-kind contributions must be in accordance with OMB Circular A-110, (Revised), Subpart

C.23—Cost Sharing and Matching. In the event the grantee does not provide the minimum amount of cost sharing as stipulated in the approved budget, the Bureau’s contribution will be reduced in like proportion.

III.3. *Other Eligibility Requirements:* a. Bureau policy stipulates that grants awarded to eligible organizations with less than four years of experience in conducting international exchange programs will be limited to \$60,000. Since this competition seeks grantees that will conduct projects with Bureau support of approximately \$200,000, applicants with less than four years of international exchange experience will not be eligible.

IV. Application and Submission Information

Note: Please read the complete announcement before sending inquiries or submitting proposals. Once the RFGP deadline has passed, Bureau staff may not discuss this competition with applicants until the proposal review process has been completed.

IV.1 *Contact Information to Request an Application Package:* To obtain an application package for this competition, please see IV.2 below. To get other information, contact one of the officers listed in Section VII below near the end of this announcement.

IV.2. *To Download a Solicitation Package Via Internet:* The entire Solicitation Package may be downloaded from the Bureau’s Web site at <http://exchanges.state.gov/education/rfgps/menu.htm> or from the grants.gov Web site at <http://www.grants.gov>. Please read all information before downloading.

IV.3. *Content and Form of Submission:* Applicants must follow all instructions in the Solicitation Package. Failure to do so may lead to the proposal being declared technically ineligible. The application should be sent per the instructions under IV.3e. “Submission Dates and Times section” below.

IV.3a. Applicants are required to have a Dun and Bradstreet Data Universal Numbering System (DUNS) number to apply for a grant or cooperative agreement from the U.S. Government. This number is a nine-digit identification number, which uniquely identifies business entities. Obtaining a DUNS number is easy, and there is no charge. To obtain a DUNS number, access <http://www.dunandbradstreet.com> or call 1-866-705-5711. Please ensure that your DUNS number is included in the appropriate box of the SF-424 which is part of the formal application package.

IV.3b. All proposals must contain an executive summary, proposal narrative and budget.

Please Refer to the Solicitation Package. It contains the mandatory Proposal Submission Instructions (PSI) document for additional formatting and technical requirements. Failure to adhere to all of these requirements may lead to the proposal being declared technically ineligible.

IV.3c. Applicants must have nonprofit status with the IRS at the time of application. If the applicant is a private nonprofit organization which has not received a grant or cooperative agreement from ECA in the past three years, or if the applicant received nonprofit status from the IRS within the past four years, it must submit the necessary documentation to verify nonprofit status as directed in the PSI document. Failure to do so will cause the proposal to be declared technically ineligible.

IV.3d. Please take into consideration the following information when preparing your proposal narrative:

IV.3d.1. *Adherence to All Regulations Governing the J Visa:* The Office of Citizen Exchanges of the Bureau of Educational and Cultural Affairs is the official program sponsor of the exchange program covered by this RFGP, and an employee of the Bureau will be the “Responsible Officer” for the program under the terms of 22 CFR part 62, which covers the administration of the Exchange Visitor Program (J visa program). Under the terms of 22 CFR part 62, organizations receiving grants under this RFGP will be third parties “cooperating with or assisting the sponsor in the conduct of the sponsor’s program.” The actions of grantee program organizations shall be “imputed to the sponsor in evaluating the sponsor’s compliance with” 22 CFR part 62. Therefore, the Bureau expects that any organization receiving a grant under this competition will render all assistance necessary to enable the Bureau to fully comply with 22 CFR part 62 *et seq.*

The Bureau of Educational and Cultural Affairs places great emphasis on the secure and proper administration of Exchange Visitor (J visa) Programs and adherence by grantee program organizations and program participants to all regulations governing the J visa program status. Therefore, proposals should *explicitly state in writing* that the applicant is prepared to assist the Bureau in meeting all requirements governing the administration of Exchange Visitor Programs as set forth in 22 CFR part 62. If the applicant has experience as a designated Exchange

Visitor Program Sponsor, the proposal should discuss their record of compliance with 22 CFR part 62 et seq., including the oversight of their Responsible Officers and Alternate Responsible Officers, screening and selection of program participants, provision of pre-arrival information and orientation to participants, monitoring of participants, proper maintenance and security of forms, recordkeeping, reporting and other requirements. Africans funded to any extent for travel to the United States on this program must obtain J visas. The Office of Citizen Exchanges of ECA will be responsible for issuing DS-2019 forms to apply for J visas.

A copy of the complete regulations governing the administration of Exchange Visitor (J) programs is available at <http://exchanges.state.gov> or from: United States Department of State, Office of Exchange Coordination and Designation, ECA/EC/ECD—SA-44, Room 734, 301 Fourth Street, SW., Washington, DC 20547. Telephone: (202) 401-9810. FAX: (202) 401-9809.

IV.3d.2. Diversity, Freedom and Democracy Guidelines: Pursuant to the Bureau's authorizing legislation, programs must maintain a non-political character and should be balanced and representative of the diversity of American political, social, and cultural life. "Diversity" should be interpreted in the broadest sense and encompass differences including, but not limited to, ethnicity, race, gender, religion, geographic location, socio-economic status, and disabilities. Applicants are strongly encouraged to adhere to the advancement of this principle both in program administration and in program content. Please refer to the review criteria under the 'Support for Diversity' section for specific suggestions on incorporating diversity into your proposal. Also, Public Law 104-319 provides that "in carrying out programs of educational and cultural exchange in countries whose people do not fully enjoy freedom and democracy," the Bureau "shall take appropriate steps to provide opportunities for participation in such programs to human rights and democracy leaders of such countries." Public Law 106-113 requires that the governments of the countries described above do not have inappropriate influence in the selection process. Proposals should reflect advancement of these goals in their program contents, to the fullest extent deemed feasible.

IV.3d.3. Program Monitoring and Evaluation: Proposals must contain an evaluation plan that describes how the applicant organization intends to gather and analyze data on the project's

effectiveness in achieving its outcomes. To be competitive, evaluation plans will include the following five components:

- a. A restatement of anticipated outcomes;
- b. A list of data the applicant would collect in order to assess progress toward each outcome;
- c. A description of how the applicant would collect the information (for example, through surveys);
- d. A draft timeline for collecting data;
- e. Draft questionnaires, surveys, focus group questions, or other instruments with which the applicant would gather quantitative and qualitative data. Proposals should indicate how each instrument would provide information on progress toward each project outcome.

f. A statement of the methodology to be used in analyzing the data and drawing conclusions.

Statement of Anticipated Outcomes: Proposals should indicate the category of each outcome such as participant satisfaction, participant learning, participant behavior, or institutional change. See examples below.

Data to Be Collected: Each proposal should list the data that the applicant would collect. Applicants may use quantitative data or qualitative data to measure progress toward outcomes. Below are examples of data that applicants might collect for each type of outcome as well as sample survey questions that applicants might use to gather this data:

Example 1:

Outcome: Participants are satisfied with the exchange experience.

Outcome type: Participant Satisfaction.

Data to be collected: Percentage of participants who express satisfaction with the exchange experience based on an average of several factors.

Sample question: On a scale of one to five (1 = very dissatisfied, 5 = very satisfied), please rate your satisfaction with (a) project administration, (b) content, (c) variety of experiences, (d) relevance to professional or educational development.

Example 2:

Outcome: Participants increase their abilities to analyze workforce development needs in their home communities.

Outcome type: Participant Learning.

Data to be collected: Percent of participants who improved their understanding of workforce development concepts and their ability to design relevant projects.

Sample question: On a scale of one to four (1 = no or very limited ability, 4 = substantial ability), please rate your

ability in the following areas: (a) Knowledge of workforce development concepts, (b) methodology to analyze workforce needs, (c) design and management of workforce development classes, (d) community outreach, (d) resource management.

Example 3:

Outcome: Participants increase their participation and/or responsibility in community or civil society.

Outcome type: Participant Behavior.

Data to be collected: Percent of participants who increase their participation or level of responsibility.

Sample question: As a direct result of your participation in the exchange, have you done or received any of the following in your community (answer yes or no to each item): (a) Assumed a leadership role or position in your community, (b) organized or initiated new activities or projects in your community, (c) established a new organization in your community.

Example 4:

Outcome: Increased collaboration and linkages.

Outcome type: Institutional changes.

Data to be collected: Percent of participants who establish or continue professional collaboration.

Sample question: Have you established or continued any professional collaboration that grew out of your exchange experience? (Answer yes or no).

Methods and Timeline: Applicant organizations should plan to gather data a minimum of three times during the project in order to assess progress: (1) Before exchange activities, (2) mid-term in the program, and (3) as a follow-up (approximately three-to-six months after exchange activities are completed). The exact timing depends on the nature of the project itself. Proposals should plan grant durations of sufficient length to collect follow-up information.

Applicants should consider the timing of data collection for each level of outcome. For example, grantees may measure participant learning at the end of an activity since this is a shorter-term outcome. Behavioral and institutional outcomes are longer-term, and it might not be possible to assess them adequately until a follow-up survey. Pre-program surveys should collect baseline data as appropriate.

Draft data collection instruments: Proposals should include sample surveys, lists of questions, or other instruments that the applicant organization proposes to use. Applicants should include samples of instruments they would use during each

evaluation activity (pre-program, post-program, and follow-up).

Evaluation plans should describe how the applicant will tabulate data, where the data will be kept, and who will have access to such data. Interim and final reports should provide summary data in tabular and graphic form as well as tabulated raw data. ECA may ask for immediate notice of information that indicates significant progress or delay in achieving outcomes. All data collected, including survey responses and contact information, must be maintained for a minimum of three years and provided to the Bureau upon request.

IV.3e. *Budget*: Please take the following information into consideration when preparing the proposal budget:

IV.3e.1. Applicants must submit a comprehensive budget for the entire program. That budget must include a summary budget as well as breakdowns reflecting both administrative and program budgets. Applicants are encouraged to provide separate sub-budgets for each program component, phase, location, or activity to provide clarification, as such details demonstrate good planning and often help proposal reviewers to understand financial planning.

IV.3e.2. Allowable costs for the program include the following: (1) Direct Program Expenses (including general program expenses, such as orientation and program-related supplies, educational materials, traveling campaigns, consultants, interpreters, and room rental; and participant program expenses, such as domestic and international travel and per diem).

(2) Administrative Expenses, including indirect costs (i.e. salaries, telephone/fax, and other direct administrative costs).

(3) Travel costs for visa processing purposes: All foreign participants coming to the United States with funding by any grant agreement resulting from this competition must travel on J-1 visas. Failure to secure a J-1 visa for the foreign participant will preclude charging the participant's cost to the grant agreement. Participants will apply for J-1 visas only after the Office of Citizen Exchanges and the mission Public Affairs Section or consulate have approved their participation in this program. The Office of Citizen Exchanges will issue the necessary DS-2019 forms and deliver them to foreign program visitors through the U.S. Embassy Public Affairs Section (PAS). All J visas for African program visitors must be distributed by the PAS in the target country, so proposals should

include costs for potential participants to travel to those Posts to pick up DS-2019 forms and for visa interviews and processing.

Please refer to the Solicitation Package for complete budget guidelines and formatting instructions.

V. Application Review Information

V.1. *Review Process*: The Bureau will review all proposals for technical eligibility. Proposals will be deemed ineligible if they do not fully adhere to the guidelines stated herein and in the Solicitation Package. All eligible proposals will be reviewed by the program office, as well as the Public Affairs Section overseas, where appropriate. Eligible proposals will be subject to compliance with Federal and Bureau regulations and guidelines and forwarded to Bureau grant panels for advisory review. Proposals may also be reviewed by the Office of the Legal Adviser or by other Department elements. Final funding decisions are at the discretion of the Department of State's Assistant Secretary for Educational and Cultural Affairs. Final technical authority for assistance

awards grants resides with the Bureau's Grants Officer.

Review Criteria

Technically eligible applications will be competitively reviewed according to the criteria stated below. These criteria are not rank ordered and all carry equal weight in the proposal evaluation:

1. *Quality of the program idea:* Proposals should exhibit originality, substance, precision, and relevance to the Bureau's mission.

2. *Program planning:* Detailed agenda and relevant work plan should demonstrate substantive undertakings and logistical capacity. Each proposal must explain its methodology for assessing workforce development needs and explain how its choice of needs to be addressed in the proposed program is relevant to the focus country. Also, there should be evidence that relevant work of other agencies (e.g., USAID and UN agencies) has been considered. Agenda and plan should adhere to the program overview and guidelines described above.

3. *Ability to achieve program objectives:* Objectives should be reasonable, feasible, and flexible. Proposals should clearly demonstrate how the institution will meet the program's objectives and plan.

4. *Multiplier effect/impact:* Proposed programs should strengthen long-term mutual understanding, including maximum sharing of information and establishment of long-term institutional and individual linkages.

5. *Support of Diversity:* Proposals should demonstrate substantive support of the Bureau's policy on diversity. Achievable and relevant features should be cited in both program administration (selection of participants, program venue and program evaluation) and program content (orientation and wrap-up sessions, program meetings, resource materials and follow-up activities).

6. *Institutional Capacity:* Proposed personnel and institutional resources should be adequate and appropriate to achieve the program or project's goals.

7. *Institution's Record/Ability:* The Bureau will consider the past performance of prior recipients and the demonstrated potential of new applicants. To the extent possible, proposals should demonstrate an institutional record of successful exchange programs, including responsible fiscal management and full compliance with all reporting requirements for past Bureau grants as determined by Bureau Grants Staff.

8. *Post-grant Plan:* Proposals should provide a plan for continued follow-on activity (without Bureau support)

ensuring that Bureau-supported programs are not isolated events.

9. *Project Evaluation:* Proposals should include a plan to evaluate the activity's success, both as the activities unfold and at the end of the program. This plan should follow the guidance given above in IV.3d.3.

10. *Cost-effectiveness:* The overhead and administrative components of the proposal, including salaries and honoraria, should be kept as low as possible. All other items should be necessary and appropriate.

11. *Cost-sharing:* Proposals should maximize cost-sharing through other private sector support as well as institutional direct funding contributions. Per III.2 above, proposals that clearly demonstrate significant cost sharing—with 20% of the amount requested from ECA as the preferred minimum—will be judged more competitive.

12. *Value to U.S.-Partner Country Relations:* Proposed projects should receive positive assessments by the U.S. Department of State's geographic area desk and overseas officers of program need, potential impact, and significance in the partner country.

VI. Award Administration Information
