SUPPLEMENTARY INFORMATION: On

November 22, 2005, the President signed a bill appropriating funds for the Commission for FY 2006. Public Law 109-108. The Conference Report (H.R. Rep. No. 109-272 (2005)) for this law incorporates by reference language from the Senate Report (S. Rep. No. 109-88 (2005)), instructing the FTC to prepare a report on food industry marketing activities and expenditures targeted to children and adolescents.² To prepare the report, the Commission needs relevant information, including empirical data, on the nature and extent of marketing activities and expenditures targeted to children and adolescents.

On March 1, 2006, the FTC published a notice in the **Federal Register** requesting relevant information. 71 FR 10535. In response, the Commission received comments from five food industry associations, two public health advocacy organizations, a marketing trade organization, and one individual.³ In general, the comments suggested resources from which relevant information may be available⁴ and points to consider in developing the report. However, the comments presented minimal information, especially empirical data, on the nature and extent of marketing activities and expenditures targeted to children and adolescents. The Commission thus

² The Senate Report requests that the FTC's report: Include an analysis of commercial advertising time on television, radio, and in print media; in-store marketing; direct payments for preferential shelf placement; events; promotions on packaging; all Internet activities; and product placements in television shows, movies, and video games.

³ The comments are available at <http://www.ftc.gov/os/comments/foodmarketingstudy/index.htm>.

⁴ Many of the suggested resources charge substantial amounts for information. Public Law 109-108 did not contain any specific funding to acquire information for this study.
