

**FEDERAL TRADE COMMISSION****Granting of Request for Early Termination of the Waiting Period Under the Premerger Notification Rules**

Section 7A of the Clayton Act, 15 U.S.C. 18a, as added by Title II of the Hart-Scott-Rodino Antitrust Improvements Act of 1976, requires

persons contemplating certain mergers or acquisitions to give the Federal Trade Commission and the Assistant Attorney General advance notice and to wait designated periods before consummation of such plans. Section 7A(b)(2) of the Act permits the agencies, in individual cases, to terminate this waiting period prior to its expiration and requires that notice of this action be published in the **Federal Register**.

The following transactions were granted early termination of the waiting period provided by law and the premerger notification rules. The grants were made by the Federal Trade Commission and the Assistant Attorney General for the Antitrust Division of the Department of Justice. Neither agency intends to take any action with respect to these proposed acquisitions during the applicable waiting period.

*Title:* State Title IV-D Agency Caseworkers On-line Survey  
*OMB No.:* New Collection

*Description:* The Office of Child Support Enforcement (OCSE) plans to reach out to as many State child support enforcement caseworkers as possible to invite them to participate in a brief on-line survey. The responses will be used to determine if OCSE needs to modify the content and the means of communicating information and training materials used to process child support enforcement cases. All information will be treated confidentially and will not be identified by State or email address of respondents. Depending on the overall response rate to the outreach efforts through the title IV-D agencies, the actual number of respondents could be much lower than the nationwide estimate of 60,000 caseworkers used for the burden estimates.
