### Self-Regulatory Organizations; National Association of Securities Dealers, Inc.; Notice of Filing of Proposed Rule Change and Amendment No. 1 Thereto To Establish an Annual Administrative Fee for Market Data Distributors That Are Recipients of Nasdaq Proprietary Data Products

May 8, 2006.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act"),<sup>1</sup> and Rule 19b-4 thereunder,<sup>2</sup> notice is hereby given that on February 27, 2006, the National Association of Securities Dealers, Inc. ("NASD"), through its subsidiary, The Nasdaq Stock Market, Inc. ("Nasdaq"), filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I, II, and III below, which Items have been prepared by Nasdaq. Nasdaq filed Amendment No. 1 to the proposed rule change on April 17, 2006. The Commission is publishing this notice to solicit comments on the proposed rule

change, as amended, from interested persons.

#### II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, Nasdaq included statements concerning the purpose of and basis for the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. Nasdaq has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

##### A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

###### 1. Purpose

As market data administration becomes more automated, Nasdaq has strived to ensure that its systems lead the industry in ease of use and

<sup>3</sup> Changes are marked to the rule text that appears in the electronic NASD Manual found at [www.nasd.com](http://www.nasd.com). No pending rule filings would affect the text of this rule. Because of the nature of this rule, no conforming change will be made to the rules of The NASDAQ Stock Market LLC. effectiveness. In the past few years, Nasdaq has implemented a multitude of systems to improve vendor communication. This trend is likely to continue, as market data distributors demand greater automation of the process to subscribe to market data feeds, increased electronic access to information regarding their market data usage, and shorter processing times to approve requests for changes in service.

To further Nasdaq's proactive approach to improving market data administration, Nasdaq proposes to introduce an annual administrative fee for all distributors receiving proprietary Nasdaq data feed products. This fee will allow Nasdaq to recover the ongoing fixed market data administrative costs, such as the costs of establishing and maintaining new market data distributors, as well as the costs to maintain and improve the administrative tools distributors utilize to subscribe to and monitor their data products usage.

Currently, Nasdaq market data distributors are not assessed an annual administrative fee for the use of proprietary Nasdaq data feed products.<sup>4</sup> The amount of the new fee, which will be assessed on an annual basis, will vary based on whether a distributor uses Nasdaq data on a delayed or a real-time basis. A distributor that only receives delayed data will pay the Delayed Nasdaq Annual Administrative Fee of \$500; a distributor that receives real-time data will pay the Real-Time Nasdaq Annual Administrative Fee of \$1,000, and a distributor that receives both real-time and delayed data feeds will pay the Real-Time Nasdaq Annual Administrative Fee of \$1,000.

Consistent with the current practice of the American Stock Exchange,<sup>5</sup> Nasdaq is proposing that accredited colleges and universities that can establish that they are using proprietary data for research and classroom-related activities may receive a waiver of the administrative fee. This fee waiver recognizes the high value that Nasdaq places on research and educational instruction at the university level. To be considered for an academic waiver, the university's program sponsor should submit to Nasdaq a written request stating the name and description of the academic program, the company and contact name of the external distributor to provide the data, the number of devices with access to real-time data, an

approximate number of students and faculty in the program, and a brief description of how market data will be used in the program.

## 2. Statutory Basis

Nasdaq believes that the proposed rule change is consistent with the provisions of Section 15A of the Act,<sup>6</sup> in general and with Section 15A(b)(5) of the Act,<sup>7</sup> in particular, in that the revised and updated fee schedule provides for the equitable allocation of reasonable charges among the persons distributing and purchasing Nasdaq market center data. Nasdaq believes the proposed fees will enable Nasdaq to provide a lower total cost of market data ownership, given the reduced network and processing expenses associated with receiving only the data actually needed. Nasdaq believes that facilitating more efficient redistribution of real-time market data will improve transparency and thereby benefit the investing public.

### B. Self-Regulatory Organization's Statement on Burden on Competition

Nasdaq does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act, as amended.

### C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

Written comments were neither solicited nor received.

## III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Within 35 days of the date of publication of this notice in the **Federal Register** or within such longer period (i) as the Commission may designate up to 90 days of such date if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which Nasdaq consents, the Commission will:

(A) By order approve such proposed rule change, or

(B) Institute proceedings to determine whether the proposed rule change should be disapproved.
