Final Results of Review

In accordance with section 777A(e)(1) of the Act and 19 CFR 351.221(b)(5), we calculated an *ad valorem* subsidy rate for Nima and Razi for calendar year 2003.

Producer/Exporter	Net Subsidy Rate
Tehran Negah Nima Trading Company, Inc., trading as Nima Trading Company (Nima) and Razi Domghan Agricultural and Animal Husbandry Company (Razi)	0.00 percent <i>ad valorem</i>

As Nima is the exporter but not the producer of subject merchandise, the Department's final results of review apply to subject merchandise exported by Nima and produced by Nima's supplier of pistachios, Razi. See 19 CFR 351.107(b) (providing that the Department may establish a combination rate for each combination of exporter and its supplying producer).

Therefore, we will issue the following cash deposit requirements, within 15 days of publication of the final results of the instant review, for all shipments of subject merchandise entered, or withdrawn from warehouse, for consumption on or after the date of publication: (1) for merchandise exported by Nima and produced by Razi, the cash deposit rate will be 0.00 percent *ad valorem*, i.e., the rate calculated in the final results of the instant administrative review; (2) for merchandise exported by Nima and produced by Maghsoudi Farms, the cash deposit rate will be 21.68 percent, the rate calculated for Nima and Maghsoudi Farms in the new shipper reviews (see *Certain In-Shell Pistachios (C-507-501) and Certain Roasted In-Shell Pistachios (C-507-601) from the Islamic Republic of Iran: Final Results of New Shipper Countervailing Duty Reviews*, 68 FR 4997 (January 31, 2003) (*Pistachios New Shipper Reviews*)); (3) for merchandise exported by Nima but not produced by Razi or Maghsoudi Farms, the cash deposit rate will be 317.89 percent, the "all others" rate established in the original CVD investigation (see 51 FR 8344 (March 11, 1986)); (4) if the exporter is not a firm covered in this review, a prior review, or the original CVD investigation, but the producer is,

the cash deposit rate will be the rate established for the most recent period for the producer of the merchandise; and (5) if neither the exporter nor producer is a firm covered in this review or the original investigation, the cash deposit rate for all other producers or exporters of the subject merchandise will continue to be 317.89 percent *ad valorem*, the "all others" rate from the final determination in the original investigation.

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

This administrative review and notice are issued and published in accordance with sections 751(a)(1), 751(a)(3) and 777(i)(1) of the Act and 19 CFR 351.221(b)(5).

SUMMARY: The Secretary of Commerce issued an Export Trade Certificate of Review to Trans World Products Co., Inc. on February 8, 1984. Because this Certificate holder has failed to file an annual report as required by law, the Secretary is revoking the certificate. This notice summarizes the notification letter sent to Trans World Products Co., Inc.

SUPPLEMENTARY INFORMATION: Title III of the Export Trading Company Act of 1982 ("The Act") (Pub. L. 97-290, 15 U.S.C. 4011-21) Authorizes the Secretary of Commerce to issue Export

Trade Certificates of Review. The Regulations Implementing Title III ("The Regulations") are found at 15 CFR Part 325 (1999). Pursuant to this Authority, a Certificate of Review was issued on February 8, 1984 to Trans World Products, Co., Inc.

A Certificate holder is required by law to submit to the Department of Commerce Annual Reports that update financial and other information relating to business activities covered by its Certificate (Section 308 of the Act, 15 U.S.C. 4018, Section 325.14(a) of the Regulations, 15 CFR 325.14(a)). The Annual Report is due within 45 days after the Anniversary Date of the Issuance of the Certificate of Review (Sections 325.14(b) of the Regulations, 15 CFR 325.14(b)). Failure to submit a complete Annual Report may be the Basis for Revocation (Sections 325.10(a) and 325.14(c) of the Regulations, 15 CFR 325.10(a)(3) and 325.14(c)). The Department of Commerce sent to Trans World Products Co., Inc., a letter containing annual report questions stating that its annual report was due on March 25, 2005. The Department has sent a letter, dated May 5, 2006, to notify Trans World Products Co., Inc. of its determination.

National Oceanic and Atmospheric Administration

[I.D. 050806D]

Magnuson-Stevens Act Provisions; General Provisions for Domestic Fisheries; Application for Exempted Fishing Permit

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; request for comments.

SUMMARY: The Assistant Regional Administrator for Sustainable Fisheries, Northeast Region, NMFS (Assistant Regional Administrator) has made a preliminary determination that the subject Exempted Fishing Permit (EFP) application from the Cape Cod Commercial Hook Fishermen's Association (CCCHFA) for exemptions from the Georges Bank Closed Areas (CA) I and II, Western Gulf of Maine (WGOM) Closure Area, Cashes Ledge (Cashes) Closure Area, and Rolling Closure Areas III and IV, as well as the GB hook gear restrictions, for the purposes of tagging haddock, contains all of the required information and warrants further consideration. The Assistant Regional Administrator has also made a preliminary determination that the activities authorized under the EFP would be consistent with the goals and objectives of the Northeast (NE) Multispecies Fishery Management Plan (FMP). However, further review and consultation may be necessary before a final determination is made to issue the EFP. Therefore, NMFS announces that the Assistant Regional Administrator proposes to issue an EFP that would allow vessels to conduct fishing operations that are otherwise restricted by the regulations governing the fisheries of the Northeastern United States.

Regulations under the Magnuson-Stevens Fishery Conservation and Management Act require publication of this notification to provide interested parties the opportunity to comment on applications for proposed EFPs.

DATES: Comments must be received on or before May 30, 2006.

ADDRESSES: Comments on this notice may be submitted by e-mail. The mailbox address for providing e-mail comments is DA6_093@noaa.gov. Include in the subject line of the e-mail comment the following document identifier: "Comments on CCCHFA EFP Proposal for Haddock Tagging Study

(DA6-093)." Written comments should be sent to Patricia A. Kurkul, Regional Administrator, NMFS, Northeast Regional Office, 1 Blackburn Drive, Gloucester, MA 01930. Mark the outside of the envelope "Comments on CCCHFA EFP Proposal for Haddock Tagging Study (DA6-093)." Comments may also be sent via facsimile (fax) to (978) 281-9135. Copies of the Environmental Assessment (EA) are available from the NE Regional Office at the same address.

FOR FURTHER INFORMATION CONTACT: Moira Kelly, Fishery Management Specialist, phone: 978-281-9218, fax: 978-281-9135.

SUPPLEMENTARY INFORMATION: An application for an EFP was submitted by CCCHFA, in collaboration with the Gulf of Maine Research Institute and the Northeast Fisheries Science Center (NEFSC), on March 14, 2006. The EFP would exempt 24 federally permitted commercial fishing vessels for no more than 36 trips, from the following requirements of the FMP: NE multispecies closed area restrictions specified at § 648.81(a), (b), (d), (e), and (f)(i)(iii) and (iv) for the purpose of providing access to haddock stocks within GB CA I, GB CA II, Cashes, the WGOM Closure Area, and Rolling Closure Areas III and IV, respectively; and the NE multispecies GOM hook gear restrictions specified at § 648.80(a)(3)(v) and GB hook gear restrictions specified at § 648.80(a)(4)(v), in order to allow fishing for the purposes of tagging viable fish without hook gear restrictions.

Researchers request that the study would be conducted from May 2006 through April 2007. This is the second year of the project. Fishing would take place aboard a maximum of 24 different fishing vessels and would not exceed 36 trips, fishing under NE multispecies A DAS. The vessels participating in this study are members of the GB Cod Hook Sector (Sector), as well as non-Sector members. Per Sector rules, all cod caught by Sector vessels under this EFP would be attributed to the overall Sector cod total allowable catch (TAC), and Sector vessels would only be able to participate at study sites within the approved Sector area. All research conducted outside of the Sector Area would be completed by non-Sector participants. The CCCHFA Program Coordinator, NEFSC scientists, or trained fishermen "technicians" would be aboard tagging vessels for 100 percent of dedicated tagging trips. Only the most vigorous haddock caught would be tagged and released to maximize their chance of survival. It is estimated that 250 haddock would be tagged and released each trip. All legal
