

supply reports of cabinet transactions he executes back to member firms. In addition, the Order Book Official will continue to report cabinet transactions to the Exchange after the close of each business day.

Finally, the rule change makes various non-substantive changes to reorganize and update the existing text in CBOE Rule 6.54 and update references in the heading of Chapter VII of the CBOE rulebook and CBOE Rule 7.4.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with section 6(b) of the Act⁹ in general and furthers the objectives of section 6(b)(5) of the Act¹⁰ in particular in that it is designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing proposed rule change has become effective pursuant to section 19(b)(3)(A) of the Act¹¹ and Rule 19b-4(f)(6)¹² thereunder because it (i) does not significantly affect the protection of investors or the public interest; (ii) does not impose any significant burden on competition; and (iii) does not become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, provided that the self-regulatory organization has given the Commission written notice of its intent to file the proposed rule change at least five

business days prior to the filing date of the proposed rule change.¹³

The Exchange has requested that the Commission waive the 30-day operative delay of Rule 19b-4(f)(6)(iii) so that the proposed rule change may become effective immediately. The Commission believes that waiving the pre-filing requirement and the operative delay is consistent with the protection of investors and the public interest. The Commission notes that the proposal does not substantially change the existing cabinet trading procedures, but does provide market participants on the Exchange with additional flexibility for handling cabinet trades, which should promote the fair, orderly and efficient handling of these transactions. Therefore, the Commission has determined to waive the 30-day operative delay and allow the proposed rule change to become operative immediately.¹⁴

At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate the rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments

by the Exchange. The Exchange filed the proposal pursuant to Section 19(b)(3)(A) of the Act,³ and Rule 19b-4(f)(6) thereunder,⁴ which renders the proposal effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

NYSE Arca proposes to amend Commentary .04 to NYSE Arca Rule 6.4, "Series of Options Open for Trading," to extend until June 5, 2007, its pilot program for listing options series on selected stocks trading below \$20 at one-point intervals ("Pilot Program"). The text of the proposed rule change is available on NYSE Arca's Web site (<http://www.nysearca.com>), at NYSE Arca's principal office, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of this proposal is to extend for one year the Exchange's Pilot Program. The current Pilot Program expires on June 5, 2006. NYSE Arca notes that OTP Firms have expressed a continued interest in listing additional strike prices on low-priced stocks so that they can provide their customers with greater flexibility in their investment choices. For this reason, the Exchange proposes to extend the Pilot Program. The Exchange notes that all of the issues eligible to be included in the Pilot Program, the procedures for adding \$1 strike prices, the procedures for phasing out \$2.50 strike prices, the prohibition against listing long-term options (also known as "LEAPS") in

equity option classes at \$1 strike intervals, the procedures for adding expiration months, and the procedures for deleting \$1 strike prices will remain the same. In support of the Exchange's proposal to extend the Pilot Program until June 5, 2007, the Exchange is submitting to the Commission a report (the "Pilot Program Report"), attached as Exhibit 3 to the proposal, that offers detailed data from, and analysis of, the Pilot Program.

2. Statutory Basis

The Exchange believes that the continuation of \$1 strike prices will stimulate customer interest in options overlying lower-priced stocks by creating greater trading opportunities and flexibility. The Exchange further believes that continuation of \$1 strike prices will provide customers with the ability to more closely tailor investment strategies to the precise movement of the underlying security. For these reasons, the Exchange believes the proposed rule change is consistent with the Act and the rules and regulations thereunder and, in particular, the requirements of Section 6(b) of the Act.⁵ Specifically, the Exchange believes the proposed rule change is consistent with the requirements under Section 6(b)(5) of the Act⁶ that the rules of a national securities exchange be designed to promote just and equitable principles of trade, to prevent fraudulent and manipulative acts, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in the furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

Written comments on the proposed rule change were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

NYSE Arca has filed the proposed rule change pursuant to Section

19(b)(3)(A) of the Act⁷ and subparagraph (f)(6) of Rule 19b-4 thereunder.⁸ Because the foregoing proposed rule change: (1) Does not significantly affect the protection of investors or the public interest; (2) does not impose any significant burden on competition; and (3) by its terms does not become operative for 30 days after the date of this filing, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest, the proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Act and Rule 19b-4(f)(6) thereunder.

A proposed rule change filed under Rule 19b-4(f)(6) normally does not become operative for 30 days after the date of filing. However, Rule 19b-4(f)(6)(iii) permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the public interest. In addition, Rule 19b-4(f)(6)(iii) requires a self-regulatory organization to provide the Commission with written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. NYSE Arca has asked the Commission to waive the five-day pre-filing notice requirement⁹ and the 30-day operative delay to allow the Exchange to continue to list the same options series listed on other options exchanges and to provide the public with the benefits of price competition and added liquidity in these series.

The Commission waives the five-day pre-filing notice requirement. In addition, the Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest because it will allow the Pilot Program to continue without interruption through June 5, 2007.¹⁰ For this reason, the Commission designates that the proposal become operative on June 5, 2006.¹¹
