

this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before the below listed comment date, file with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit 14 copies of filings made with the Commission and must mail a copy to the applicant and to every other party in the proceeding. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's rules require that persons filing comments in opposition to the project provide copies of their protests only to the party or parties directly involved in the protest.

Persons who wish to comment only on the environmental review of this project should submit an original and two copies of their comments to the Secretary of the Commission. Environmental commenters will be placed on the Commission's environmental mailing list, will receive copies of the environmental documents, and will be notified of meetings associated with the Commission's environmental review process. Environmental commenters will not be required to serve copies of filed documents on all other parties. However, the non-party commenters will not receive copies of all documents filed by other parties or issued by the Commission (except for the mailing of environmental documents issued by the Commission) and will not have the right to seek court review of the Commission's final order.

Motions to intervene, protests and comments may be filed electronically via the internet in lieu of paper; see, 18 CFR 385.2001(a)(1)(iii) and the

instructions on the Commission's Web site under the "e-Filing" link. The Commission strongly encourages electronic filings.

[Docket No. CP06-127-000]

#### Gulf South Pipeline Company, LP; Notice of Request Under Blanket Authorization

April 25, 2006.

Take notice that on April 14, 2006, Gulf South Pipeline Company, LP (Gulf South), 20 East Greenway, Houston, Texas 77046, filed in Docket No. CP06-127-000, a request pursuant to sections 157.205 and 157.208 of the Commission's regulations under the Natural Gas Act, 18 CFR 157.205 and 157.208 (2005), and its blanket certificate issued in Docket No. CP82-430-000 for authorization to construct, own and operate 20.5 miles of 42-inch pipeline loop beginning at its existing Carthage Junction Compressor Station, located near the town of Carthage in Panola County, Texas, to a tie-in with existing transmission lines (Indexes 266 and 266 Loop) located near the town of Keatchie in DeSoto Parish, Louisiana. The 42-inch pipeline will be installed adjacent to Gulf South's existing 24-inch pipeline (Index 266) for the entire length. In addition, Gulf South proposes to construct a new meter station and interconnecting facilities with Houston Pipeline Company and other auxiliary facilities within the existing Carthage Junction Compressor Station yard. This filing is available for review at the Commission in the Public Reference Room or may be viewed on the Web at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, contact FERC at [FERCOnlineSupport@ferc.gov](mailto:FERCOnlineSupport@ferc.gov) or call toll-free, (886) 208-3676 or TTY, (202) 502-8659.

Gulf South states in its filing, that over the last several years the amount of natural gas production in East Texas has increased dramatically, and that this new production has strained the capabilities of the existing pipeline

infrastructure capable of transporting natural gas out of Texas. Gulf South indicates that their existing firm transportation capacity from East Texas is currently sold out through 2009 because the current price of natural gas in East Texas is low, as compared to the price of natural gas in other supply areas connected to Gulf South. Accordingly, Gulf South states that its customers have requested additional capacity for firm transportation from this area.

Any person or the Commission's Staff may, within 45 days after the issuance of the instant notice by the Commission, file pursuant to Rule 214 of the Commission's Procedural Rules (18 CFR 385.214) a motion to intervene or notice of intervention and, pursuant to section 157.205 of the Commission's Regulations under the Natural Gas Act (NGA) (18 CFR 157.205) a protest to the request. If no protest is filed within the time allowed therefore, the proposed activity shall be deemed to be authorized effective the day after the time allowed for protest. If a protest is filed and not withdrawn within 30 days after the time allowed for filing a protest, the instant request shall be treated as an application for authorization pursuant to section 7 of the NGA.

Any questions regarding this application should be directed to J. Kyle Stephens, Director of Certificates, Gulf South Pipeline Company, LP, 20 East Greenway Plaza, Houston, Texas, 77046, or call (713) 544-7309 or fax (713) 544-3540 or by e-mail [kyle.stephens@gulfsouthpl.com](mailto:kyle.stephens@gulfsouthpl.com).

The Commission strongly encourages electronic filings of comments, protests, and interventions via the Internet in lieu of paper. See 18 CFR 385.2001(a) (1) (iii) and the instructions on the Commission's Web site (<http://www.ferc.gov>) under the "e-Filing" link.
