

PART 71—[AMENDED]

1. The authority citation for 14 CFR part 71 continues to read as follows:

Authority: 49 U.S.C. 106(g), 40103, 40113, 40120; EO 10854, 24 FR 9565, 3 CFR, 1959–1963 Comp., p. 389.

§ 71.1 [Amended]

2. The incorporation by reference in 14 CFR Part 71.1 of Federal Aviation Administration Order 740.9N dated September 1, 2005, and effective September 16, 2005, is proposed to be amended as follows:

Paragraph 6005 Class E airspace areas extending upward from 700 feet or more above the surface of the earth.

AEA PA E5 Nessmuk Helipad [New]

Wellsboro, PA

(Lat. 41°43'30" N., long. 77°17'15" W.)

That airspace extending upward from 700 feet above the surface within a 6.0 mile radius of the Nessmuk Helipad, Wellsboro, PA.

Issued in Jamaica, New York, on March 13, 2006.

John G. McCartney,

Acting Area Director, Eastern Terminal Operations.

[Docket No. FAA–2006–23908; Airspace Docket No. 06–AEA–004]

Establishment of Class E Airspace; Wyoming Valley Medical Center, Wilkes Barre, PA

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of proposed rulemaking.

SUMMARY: This notice proposes to establish Class E airspace at Wyoming Valley Medical Center, Wilkes Barre, Pennsylvania. The development of an Area Navigation (RNAV) Standard Instrument Approach Procedure (SIAP) and Helicopter RNAV (GPS) 188 approach for the Wyoming Valley Medical Center to serve flights operating into the airport during Instrument Flight Rules (IFR) conditions makes this action necessary. Controlled airspace extending upward from 700 feet Above Ground Level (AGL) is needed to contain aircraft executing an approach. The area would be depicted on aeronautical charts for pilot reference.

DATES: Comments must be received on or before May 8, 2006.

ADDRESSES: Send comments on the proposal in triplicate to: Manager, Airspace Branch, AEA–520, Docket No. FAA–2006–23908; Airspace Docket No. 06–AEA–004, FAA Eastern Region, 1 Aviation Plaza, Jamaica, NY 11434–4809.

The official docket may be examined in the Office of the Regional Counsel, AEA–7, FAA Eastern Region, 1 Aviation Plaza, Jamaica, NY 11434–4809. An informal docket may also be examined during normal business hours in the Airspace Branch, AEA–520, FAA Eastern Region, 1 Aviation Plaza, Jamaica, NY 11434–4809.

FOR FURTHER INFORMATION CONTACT: Mr. Francis T. Jordan, Jr., Airspace Specialist, Airspace Branch, AEA–520 FAA Eastern Region, 1 Aviation Plaza, Jamaica, NY 11434–4809, telephone: (718) 553–4521.

SUPPLEMENTARY INFORMATION:**Comments Invited**

Interested parties are invited to participate in this proposed rulemaking by submitting such written data, views, or arguments as they may desire. Comments that provide the factual basis supporting the views and suggestions presented are particularly helpful in developing reasoned regulatory decisions on the proposal. Comments are specifically invited on the overall regulatory, economic, environmental, and energy-related aspects of the proposal. Communications should identify the airspace docket number and be submitted in triplicate to the address listed above. Commenters wishing the FAA to acknowledge receipt of their contents on this notice must submit with those comments a self-addressed, stamped postcard on which the following statement is made: “Comments to Docket No. FAA–2006–23908; Airspace Docket No. 06–AEA–004”. The postcard will be date/time stamped and returned to the commenter. All communications received on or before the closing date for comments will be considered before taking action on the proposed rule. The proposal contained in this notice may be changed in light of comments received. All comments submitted will be available for examination in the Rules Docket closing both before and after the closing date for comments. A report summarizing each substantive public contact with the FAA personnel concerned with this rulemaking will be filed in the docket.

Availability of NPRMs

Any person may obtain a copy of this Notice of Proposed Rulemaking (NPRM)

by submitting a request to the Office of the Regional Counsel, AEA–7, FAA Eastern Region, 1 Aviation Plaza, Jamaica, NY 11434–4809. Communications must identify the notice number of this NPRM. Persons interested in being placed on a mailing list for future NPRMs should also request a copy of Advisory Circular No. 11–2A, which describes the application procedure.

The Proposal

The FAA is considering an amendment to part 71 of the Federal Aviation Regulations (14 CFR part 71) to establish Class E airspace at Wyoming Valley Medical Center, PA. The development of SIAPs to serve flights operating into the airport during IFR conditions makes this action necessary. Controlled airspace extending upward from 700 feet AGL is needed to accommodate the SIAPs. Class E airspace designations for airspace areas extending upward from 700 feet or above the surface are published in Paragraph 6005 of FAA Order 7400.9N, dated September 1, 2005, and effective September 16, 2005, which is incorporated by reference in 14 CFR 71.1 The Class E airspace designation listed in this document would be published subsequently in the Order.

The FAA has determined that this proposed regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. Therefore, this proposed regulation, (1) is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that would only affect air traffic procedures and air navigation, it is certified that this proposed rule would not have significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

List of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (air).

The Proposed Amendment

In consideration of the foregoing, the Federal Aviation Administration proposes to amend 14 CFR part 71 as follows:

PART 71—[AMENDED]

1. The authority citation for 14 CFR part 71 continues to read as follows:

Authority: 49 U.S.C. 106(g), 40103, 40113, 40120; EO 10854, 24 FR 9565, 3 CFR, 1959–1963 Comp., p. 389.

§ 71.1 [Amended]

2. The incorporation by reference in 14 CFR 71.1 of Federal Aviation Administration Order 7400.9N dated September 1, 2005, and effective September 16, 2005, is proposed to be amended as follows:

Paragraph 6006 Class E airspace areas extending upward from 700 feet or more above the surface of the earth.

AEA PA E5 Wyoming Valley Medical Center [New]

Wilkes Barre, PA

(Lat. 41°15'29" N., long. 75°48'32" W.)

That airspace extending upward from 700 feet above the surface within a 6.0 mile radius of the Wyoming Valley Medical Center, Wilkes Barre, PA.

Issued in Jamaica, New York on March 13, 2006.

John G. McCartney,

Acting Area Director, Eastern Terminal Operations.

BILLING CODE 4910–13–M

DEPARTMENT OF TRANSPORTATION**Federal Aviation Administration****14 CFR Part 71**

[Docket No. FAA–2006–23715; Airspace Docket No. 06–AAL–08]

Proposed Modification of Offshore Airspace Area: Control 1487L; AK

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of proposed rulemaking.

SUMMARY: This action proposes to modify the Control 1487L offshore airspace area in the vicinity of the Sitka Rocky Gutierrez Airport, Sitka, AK; Merle K. Mudhole Smith Airport, Cordova, AK; and Middleton Island Airport, Middleton Island, AK, by lowering the affected airspace floors associated within Control 1487L. The FAA is proposing these actions to provide additional controlled airspace for the safety of aircraft executing instrument flight rules (IFR) operations at the Sitka Rocky Gutierrez, Merle K. Mudhole, and Middleton Island Airports.

DATES: Comments must be received on or before May 22, 2006.

ADDRESSES: Send comments on this proposal to the Docket Management System, U.S. Department of Transportation, Room Plaza 401, 400 Seventh Street, SW., Washington, DC 20590–0001. You must identify FAA Docket No. FAA–2006–23715 and Airspace Docket No. 06–AAL–08, at the beginning of your comments. You may also submit comments through the Internet at <http://dms.dot.gov>.

FOR FURTHER INFORMATION CONTACT: Ken McElroy, Airspace and Rules, Office of System Operations Airspace and AIM, Federal Aviation Administration, 800 Independence Avenue, SW., Washington, DC 20591; telephone: (202) 267–8783.

SUPPLEMENTARY INFORMATION:**Comments Invited**

Interested parties are invited to participate in this proposed rulemaking by submitting such written data, views, or arguments, as they may desire. Comments that provide the factual basis supporting the views and suggestions presented are particularly helpful in developing reasoned regulatory decisions on the proposal. Comments are specifically invited on the overall regulatory, aeronautical, economic, environmental, and energy-related aspects of the proposal.

Communications should identify both docket numbers (FAA Docket No. FAA–2006–23715 and Airspace Docket No. 06–AAL–08) and be submitted in triplicate to the Docket Management System (see **ADDRESSES** section for address and phone number). You may also submit comments through the Internet at <http://dms.dot.gov>.

Commenters wishing the FAA to acknowledge receipt of their comments on this action must submit with those comments a self-addressed, stamped postcard on which the following statement is made: “Comments to FAA Docket No. FAA–2006–23715 and Airspace Docket No. 06–AAL–08.” The postcard will be date/time stamped and returned to the commenter.

All communications received on or before the specified closing date for comments will be considered before taking action on the proposed rule. The proposal contained in this action may be changed in light of comments received. All comments submitted will be available for examination in the public docket both before and after the closing date for comments. A report summarizing each substantive public contact with FAA personnel concerned with this rulemaking will be filed in the docket.

Availability of NPRM's

An electronic copy of this document may be downloaded through the Internet at <http://dms.dot.gov>. Recently published rulemaking documents can also be accessed through the FAA's Web page at <http://www.faa.gov>, or the **Federal Register's** Web page at <http://www.gpoaccess.gov/fr/index.html>.

You may review the public docket containing the proposal, any comments received, and any final disposition in person in the Dockets Office (see **ADDRESSES** section for address and phone number) between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays. An informal docket may also be examined during normal business hours at the office of the Regional Air Traffic Division, Federal Aviation Administration, 222 West 7th Avenue 14, Anchorage, AK 99513.

Persons interested in being placed on a mailing list for future NPRM's should contact the FAA's Office of Rulemaking, (202) 267–9677, for a copy of Advisory Circular No. 11–2A, Notice of Proposed Rulemaking Distribution System, which describes the application procedure.

The Proposal

The FAA is proposing an amendment to Title 14 Code of Federal Regulations (14 CFR) part 71 to modify the Control 1487L airspace area, AK, by lowering the floor from 5,500 feet mean sea level (MSL) to as low as 700 feet MSL in the vicinity of the Sitka Rocky Gutierrez Airport, Merle K. Mudhole Smith Airport and Middleton Island Airport. This action also proposes to provide offshore airspace in the vicinity of Merle K. Mudhole Smith Airport, AK, by lowering the offshore airspace floor from 5,500 feet MSL to 1,200 feet MSL. Additionally, this action would re-designate the existing class E airspace at Anchorage, AK, by extending Control 1487L airspace area westward to the 12-mile shoreline limit within the 149.5-mile radius associated with Anchorage, AK Class E airspace, and clarify offshore airspace descriptions within already established domestic Class E airspace at Anchorage and Cordova. The FAA is proposing these actions to provide additional controlled airspace for the safety of aircraft executing IFR operations at the Sitka Rocky Gutierrez, Merle K. Mudhole Smith, and Middleton Island Airports, and to correctly designate the existing Class E airspace for Anchorage and Cordova, AK.

The FAA has determined that this proposed regulation only involves an established body of technical regulations for which frequent and
