

administering HUD-assisted programs must enforce Federal labor standards requirements, including the payment of prevailing wage rates to laborers and mechanics employed on HUD-assisted construction and maintenance work that is covered by these requirements. Enforcement activities include securing funds to ensure the payment of wage restitution that has been or may be found due to laborers and mechanics who were employed on HUD-assisted projects, and the payment of liquidated damages that may be assessed for violations of Contract Work Hours and Safety Standards Act (CWHSSA) overtime provisions. Ultimately, these funds are deposited to an account in the U.S. Treasury. If the labor standards discrepancies are resolved, HUD refunds associated amounts to the depositor. As underpaid laborers and mechanics are located, HUD sends wage restitution payments to the effected workers. Liquidated damages assessed for CWHSSA overtime violations are retained by HUD.

In order to make refunds and wage restitution payments, HUD must verify the identity of the payee to ensure that the refund is made to the correct depositor or to the correct worker before payment is made. In order to complete these verifications, HUD will request information such as the depositor's or payee's tax identification number (*i.e.*, employer identification number or Social Security Number), the project name or number, and/or the worker's employer's name.

All refunds from labor standards deposit accounts are made electronically. Depositors entitled to a refund must provide to HUD the name, address, and account information for the banking institution to which it wants the refund sent. Wage restitution payments may be made by check or electronically, at the payee's choice. HUD must collect either the payee's mailing address, so that a check may be sent to them, or banking information for an electronic payment.

Agency form numbers, if applicable: HUD-4734, Labor Standards Deposit Account Voucher. This form is completed by HUD staff after depositor or payee verification and the collection of payment processing information, *i.e.*, financial institution information or mail delivery address.

Estimation of the total numbers of hours needed to prepare the information collection including number of respondents, frequency of response, and hours of response: The estimated number of respondents is 50 per year. The estimated number of hours needed per respondent is .1 hours. The total

public burden is estimated to be 5 hours per year. Payees do not need to complete a form; the information may be collected by HUD in person, by telephone, or in writing, at the payee's option.

Status of the proposed information collection: Extension of existing collection approved under OMB number 2501-0021.

Authority: The Paperwork Reduction Act of 1995, 44 U.S.C., Chapter 35, as amended.

Dated: September 28, 2006.

Title of Proposal: Federal Labor Standards Remote Monitoring.

OMB Control Number, if applicable: None.

Description of the need for the information and proposed use: Many HUD programs are subject to Federal labor standards provisions, including the payment of federally-determined prevailing wage rates to construction and maintenance laborers and mechanics, and the payment of premium rates for overtime hours worked. Several HUD programs are administered by State, local, and tribal agencies, aka local contracting agencies (LCAs), to which HUD has delegated labor standards administration and enforcement responsibilities. HUD is responsible, overall, for full compliance with Federal labor standards requirements in all of its programs and must monitor LCA performance. HUD prefers to conduct monitoring reviews on-site, at the LCA's place(s) of business. In some instances, resource constraints may limit HUD's ability to conduct on-site LCA monitoring. To ensure compliance, HUD may resort to remote monitoring requiring LCAs to submit to HUD information relating to performance in the delegated areas of labor standards administration and enforcement.

In order for HUD to accomplish remote monitoring and to assist LCAs, HUD proposes to institute remote monitoring information collection requirements and has created forms on which LCAs may submit information necessary for HUD's monitoring review.

HUD and LCAs would be required to maintain records of these remote monitoring forms and the results of the remote monitoring review for three (3) years after the review or the resolution of any findings, whichever is later.

Agency form numbers, if applicable: Proposed forms HUD-4742 (A, B, C, D, and E for city, county, and Tribal

agencies); and HUD-4743 (A and B for State agencies).
 Estimation of the total numbers of hours needed to prepare the information

collection including number of respondents, frequency of response, and hours of response:

Item	Number of respondents	Amount of time required (hours)	Total time required/ annum (hours)
HUD-4742 (A through E)	45	4	180
HUD-4743 (A and B)	5	4	20
Recordkeeping	50	1	50
Total Annual Burden			250

Status of the proposed information collection: This is a new collection.

Authority: The Paperwork Reduction Act of 1995, 44 U.S.C., Chapter 35, as amended.

Dated: September 28, 2006.

BILLING CODE 4210-67-P

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

[Docket No. FR-4922-N-23]

Privacy Act of 1974; Notice of a Computer Matching Program between HUD and the Social Security Administration: Matching Tenant Data in Assisted Housing Programs

AGENCY: Office of the Chief Information Officer, HUD.

ACTION: Notice of a computer matching program between the Department of Housing and Urban Development HUD and the Social Security Administration (SSA).

SUMMARY: Pursuant to the Computer Matching and Privacy Protection Act of 1988, as amended, and the Office of Management and Budget's (OMB) Guidance on the statute, HUD is updating its notice of a matching program involving comparisons between income data provided by participants in HUD's assisted housing programs and independent sources of income information. The matching program will be carried out to detect inappropriate (excessive or insufficient) housing assistance under the National Housing Act, the United States Housing Act of 1937, section 101 of the Housing and Community Development Act of 1965, the Native American Housing Assistance and Self-Determination Act of 1996, and the Quality Housing and Work Responsibility Act (QHWRA) of 1998. The program provides for the verification of the matching results and

the initiation of appropriate administrative or legal actions, primarily through public housing agencies (PHAs) and owners and agents (all collectively referred to as POAs). Indian tribes and tribally designated housing entities (TDHEs) are not a mandatory component of the computer matching program. Participation by Indian tribes and TDHEs is discretionary; however, they may receive and use social security (SS) and supplemental security income (SSI) matching information provided by HUD.

This notice provides an overview of computer matching for HUD's rental assistance programs. Specifically, the notice describes HUD's program for computer matching of its tenant data to SSA's SS and SSI income benefits data.

DATES: Effective Date: Computer matching is expected to begin 30 days after publication of this notice in the Federal Register, unless comments are received which will result in a contrary determination, or 40 days from the date a computer matching agreement is signed, whichever is later.

Comments Due Date: November 6, 2006.

ADDRESSES: Interested persons are invited to submit comments regarding this notice to the Rules Docket Clerk, Office of General Counsel, Department of Housing and Urban Development, 451 Seventh Street, SW., Room 10276, Washington, DC 20410-0500. Communications should refer to the above docket number and title. Comments sent by facsimile are not acceptable. A copy of each communication submitted will be available for public inspection and copying between 8 a.m. and 5 p.m. weekdays at the above address.

FOR FURTHER INFORMATION CONTACT: For Privacy Act: Jeanette Smith, Departmental Privacy Act Officer, Department of Housing and Urban Development, 451 Seventh Street, SW., Room 4176, Washington, DC 20410, telephone number (202) 708-2374. A

SUPPLEMENTARY INFORMATION: This notice supersedes a similar notice published in the Federal Register on March 9, 2004 (69 FR 11033). Since that time, the matching program has continued to be implemented on a large scale. In previous years, the computer matching was carried out for random samples of households receiving rental assistance or for selected POAs. During calendar year 1999, HUD used the matching program for a large-scale computer matching project involving over 2 million households. HUD announced plans for the large-scale implementation of the program on September 14, 1999 (64 FR 49817). The Computer Matching and Privacy Protection Act (CMPPA) of 1988, an amendment to the Privacy Act of 1974 (5 U.S.C. 552a), OMB's guidance on this statute entitled "Final Guidance Interpreting the Provisions of Public Law 100-503, the CMPPA of 1988" (OMB Guidance), and OMB Circular No. A-130 requires publication of notices of computer matching programs. Appendix I to OMB's Revision of Circular No. A-130, "Transmittal Memorandum No. 4, Management of Federal Information Resources," prescribes Federal agency responsibilities for maintaining records about individuals. In compliance with the CMPPA and Appendix I to OMB Circular No. A-130, copies of this notice are being provided to the Committee on Government Reform and Oversight of the House of Representatives, the Committee of Homeland Security and Governmental Affairs of the Senate, and
