

o. Competing Development

Application: Any qualified development applicant desiring to file a competing development application must submit to the Commission, on or before a specified comment date for the particular application, either a competing development application or a notice of intent to file such an application. Submission of a timely notice of intent to file a development application allows an interested person to file the competing application no later than 120 days after the specified comment date for the particular application. A competing license application must conform with 18 CFR 4.30(b) and 4.36.

p. Notice of Intent: A notice of intent must specify the exact name, business address, and telephone number of the prospective applicant, and must include an unequivocal statement of intent to submit, if such an application may be filed, either a preliminary permit application or a development application (specify which type of application). A notice of intent must be served on the applicant(s) named in this public notice.

q. Proposed Scope of Studies under Permit: A preliminary permit, if issued, does not authorize construction. The term of the proposed preliminary permit would be 36 months. The work proposed under the preliminary permit would include economic analysis, preparation of preliminary engineering plans, and a study of environmental impacts. Based on the results of these studies, the Applicant would decide whether to proceed with the preparation of a development application to construct and operate the project.

r. Comments, Protests, or Motions to Intervene: Anyone may submit comments, a protest, or a motion to intervene in accordance with the requirements of Rules of Practice and Procedure, 18 CFR 385.210, .211, .214. In determining the appropriate action to take, the Commission will consider all protests or other comments filed, but only those who file a motion to intervene in accordance with the Commission's Rules may become a party to the proceeding. Any comments, protests, or motions to intervene must be received on or before the specified comment date for the particular application.

Comments, protests and interventions may be filed electronically via the Internet in lieu of paper; See 18 CFR 385.2001 (a)(1)(iii) and the instructions on the Commission's Web site under "e-filing" link. The Commission strongly encourages electronic filing.

s. Filing and Service of Responsive

Documents: Any filings must bear in all capital letters the title "COMMENTS", "RECOMMENDATIONS FOR TERMS AND CONDITIONS", "PROTEST", "MOTION TO INTERVENE", "NOTICE OF INTENT", or "COMPETING APPLICATION", as applicable, and the Project Number of the particular application to which the filing refers. Any of the above-named documents must be filed by providing the original and the number of copies provided by the Commission's regulations to: The Secretary, Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426. A copy of any motion to intervene must also be served upon each representative of the Applicant specified in the particular application.

t. Agency Comments: Federal, state, and local agencies are invited to file comments on the described application. A copy of the application may be obtained by agencies directly from the applicant. If an agency does not file comments within the time specified for filing comments, it will be presumed to have no comments. One copy of an agency's comments must also be sent to the Applicant's representatives.

Magalie R. Salas,
Secretary.

Cranberry Pipeline Corp.; Notice of Technical Conference

September 5, 2006.

On November 14, 2005, Cranberry Pipeline Corp. (Cranberry) filed a revised statement of operating conditions in order to comply with the Commission's September 13, 2005 order in this proceeding. *Cranberry Pipeline Corp.*, 112 FERC ¶ 61,268 (2005). In its filing, Cranberry stated that if the Consumer Advocate Division of the State of West Virginia Public Service Commission (CAD) renewed its protests of the Statement of Operating Conditions, Cranberry requested that a technical conference be convened. In its December 18, 2005 protest of the compliance filing, CAD stated it had no

objection to Cranberry's request for a technical conference.

On January 4, 2006, Cranberry answered the protests of CAD and the Public Service Commission of West Virginia, and reiterated that, in light of the two protests, it requested a technical conference to permit it to support its proposed terms and conditions for storage service, and to permit the parties to explain their respective positions.

Commission Staff therefore intends to hold a technical conference to discuss the issues raised by the protests to the compliance filing, and in addition to discuss operations of the two storage fields as they relate to the design of Cranberry's rates. The technical conference will be held at the office of the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426. The date and time of the technical conference will be noticed at a later date.

FERC conferences are accessible under section 508 of the Rehabilitation Act of 1973. For accessibility accommodations please send an e-mail to accessibility@ferc.gov or call toll free (866) 208-3372 (voice) or 202-208-1659 (TTY), or send a fax to 202-208-2106 with the required accommodations.

All interested parties and staff are permitted to attend. For further information please contact Eric Winterbauer at (202) 502-8329 or e-mail eric.winterbauer@ferc.gov.
