

**DATES:** This direct final rule is effective on 0901 UTC, November 23, 2006.

**FOR FURTHER INFORMATION CONTACT:** Gary Rolf, Federal Aviation Administration, 222 West 7th Avenue, Box 14, Anchorage, AK 99513-7587; telephone number (907) 271-5898; fax: (907) 271-2850; e-mail: [gary.ctr.rolf@faa.gov](mailto:gary.ctr.rolf@faa.gov). Internet address: <http://www.alaska.faa.gov/at>.

**SUPPLEMENTARY INFORMATION:** The FAA published this direct final rule with a request for comments in the **Federal Register** on Monday, July 17, 2006 (71 FR 40394). The FAA uses the direct final rulemaking procedure for non-controversial actions where the FAA believes that there will be no adverse public comment. The direct final rule advised the public that no adverse comments were anticipated, and that unless a written adverse comment, or a written notice of intent to submit such an adverse comment, were received within the comment period, the regulation would become effective on November 23, 2006.

One comment was received via telephone, in which the person voiced opposition to the name change. That opinion is not within the scope of this action, in that it does not address any aeronautical effect. His complaint is with the U.S. Army's decision to change the name. This action essentially addresses the title of the airspace annotated in the the FAA Order 7400.8. No other adverse comments were received. This notice confirms that the rule will become effective on that date.

Issued in Anchorage, AK, on August 28, 2006.

**SUPPLEMENTARY INFORMATION:**

**History**

Federal Register Document E6-13803, Airspace Docket No. 06-AAL-07, published on Wednesday, August 23, 2006 (71 FR 49343), revised Class E airspace at Barter Island, AK. An error was discovered in the airspace description that incorrectly identified the Barter Island Airport by including the name "Edward Burnell Sr. Memorial". This action corrects that error.

**Correction to Final Rule**

■ Accordingly, pursuant to the authority delegated to me, the airspace description of the Class E airspace published in the **Federal Register**, Wednesday, August 23, 2006 (71 FR 49343), (FR Doc E6-13803, page 49344, column 3) is corrected as follows:

**§ 71.1 [Corrected]**

\* \* \* \* \*

**AAL AK E5 Barter Island, AK [Revised]**

Barter Island Airport, AK  
(Lat. 70°08'02" N., long. 143°34'55" W.)

That airspace extending upward from 700 feet above the surface within a 4.7-mile radius of the Barter Island Airport; and that airspace extending upward from 1,200 feet above the surface within a 83-mile radius of the Barter Island Airport, excluding that airspace east of 141° West Longitude.

\* \* \* \* \*

Issued in Anchorage, AK, on August 23, 2006.

**BILLING CODE 4910-13-P**

**DEPARTMENT OF DEFENSE**

**Department of the Navy**

**32 CFR Part 706**

**Certifications and Exemptions Under the International Regulations for Preventing Collisions at Sea, 1972**

**AGENCY:** Department of the Navy, DOD.

**ACTION:** Final rule.

**SUMMARY:** The Department of the Navy is amending its certifications and exemptions under the International Regulations for Preventing Collisions at Sea, 1972 (72 COLREGS), to reflect that the Deputy Assistant Judge Advocate General (Admiralty and Maritime Law) has determined that USS NEW ORLEANS (LPD 18) is a vessel of the Navy which, due to its special construction and purpose, cannot fully comply with certain provisions of the 72 COLREGS without interfering with its special function as a naval ship. The intended effect of this rule is to warn mariners in waters where 72 COLREGS apply.

**DATES:** *Effective Date:* August 18, 2006.

**FOR FURTHER INFORMATION CONTACT:** Commander Gregg A. Cervi, JAGC, U.S. Navy, Deputy Assistant Judge Advocate General (Admiralty and Maritime Law), Office of the Judge Advocate General, Department of the Navy, 1322 Patterson Ave., SE., Suite 3000, Washington Navy Yard, DC 20374-5066, telephone 202-685-5040.

**SUPPLEMENTARY INFORMATION:** Pursuant to the authority granted in 33 U.S.C. 1605, the Department of the Navy amends 32 CFR part 706. This amendment provides notice that the Deputy Assistant Judge Advocate General (Admiralty and Maritime Law), under authority delegated by the Secretary of the Navy, has certified that USS NEW ORLEANS (LPD 18) is a vessel of the Navy which, due to its special construction and purpose, cannot fully comply with the following specific provisions of 72 COLREGS without interfering with its special function as a naval ship: Rule 27, pertaining to the placement of all-round task lights in a vertical line; Annex I, paragraph 3(a), pertaining to the horizontal distance between the forward and after masthead lights; and Annex I, paragraph 2(k), pertaining to the vertical separation between anchor lights. The Deputy Assistant Judge Advocate General (Admiralty and Maritime Law) has also certified that the lights involved are located in closest possible compliance with the applicable 72 COLREGS requirements.

Moreover, it has been determined, in accordance with 32 CFR Parts 296 and 701, that publication of this amendment for public comment prior to adoption is impracticable, unnecessary, and contrary to public interest since it is based on technical findings that the placement of lights on this vessel in a manner differently from that prescribed

herein will adversely affect the vessel's ability to perform its military functions.

## **NATIONAL ARCHIVES AND RECORDS ADMINISTRATION**

### **32 CFR Part 2002**

[NARA-06-006]

RIN 3095-AB51

#### **General Guidelines for Systematic Declassification Review of Foreign Government Information; Removal of Part**

**AGENCY:** National Archives and Records Administration (NARA).

**ACTION:** Final rule.

**SUMMARY:** The National Archives and Records Administration (NARA) is removing Information Security Oversight Office (ISOO) regulations on the general guidelines for systematic declassification review of foreign government information. Following the issuance of Executive Order 12958 (Classified National Security Information) on April 17, 1995, and its amendment on March 25, 2003, the General Guidelines for Systematic Declassification Review of Foreign Government Information, became obsolete. The final rule will affect Federal agencies.

**EFFECTIVE DATE:** Effective September 7, 2006.

**FOR FURTHER INFORMATION CONTACT:** J. William Leonard, Director, ISOO, at 202-357-5400.

**SUPPLEMENTARY INFORMATION:** The authority citation for part 2002 is no longer valid with the revocation of E.O. 12356 following the issuance of E.O. 12958, as amended. Part 2002 prescribed the general guidelines for the systematic declassification review of classified foreign government information that was either received or classified by the United States Government or its agents, and incorporated into records determined by the Archivist of the United States to have permanent value. E.O. 12958, as amended, and its implementing regulation, 32 CFR parts 2001 and 2004 (ISOO Directive No. 1), provide for the declassification of classified foreign government information. As national security classified information, classified foreign government information is subject to automatic

declassification after 25 years unless specifically exempted.

Therefore, pursuant to 5 U.S.C. 553(b)(B), good cause exists for waiving the requirements of notice and opportunity for comment on the withdrawal of 32 CFR part 2002. Following the issuance of Executive Order 12958, as amended, these sections became obsolete. Therefore, because the Information Security Oversight Office (ISOO) has no authority to retain these sections, the process of notice and comment would be unproductive and is unnecessary. Additionally, it is in the public interest to remove an obsolete regulation.

This rule is not a significant regulatory action for the purposes of Executive Order 12866 and has not been submitted for Office of Management and Budget review under that order. As required by the Regulatory Flexibility Act, I certify that this rule will not have a significant impact on a substantial number of small entities because this rule applies to Federal agencies. This regulation does not have any federalism implications.

## **DEPARTMENT OF HOMELAND SECURITY**

### **Coast Guard**

#### **33 CFR Part 117**

[CGD01-06-111]

#### **Drawbridge Operation Regulations; Housatonic River, Stratford, CT**

**AGENCY:** Coast Guard, DHS.

**ACTION:** Notice of temporary deviation from regulations.

**SUMMARY:** The Commander, First Coast Guard District, has issued a temporary

deviation from the regulation governing the operation of the U.S. 1 Bridge, across the Housatonic River, mile 3.5, at Stratford, Connecticut. Under this temporary deviation, only one of the two moveable bascule spans will be opened for the passage of vessel traffic. This deviation is necessary to facilitate scheduled bridge maintenance.

**DATES:** This deviation is effective from September 18, 2006 through November 16, 2006.

**ADDRESSES:** Materials referred to in this document are available for inspection or copying at the First Coast Guard District, Bridge Branch Office, One South Street, New York, New York 10004, between 7 a.m. and 3 p.m., Monday through Friday, except Federal holidays. The First Coast Guard District Bridge Branch Office maintains the public docket for this temporary deviation.

**FOR FURTHER INFORMATION CONTACT:** Judy Leung-Yee, Project Officer, First Coast Guard District, at (212) 668-7165.

**SUPPLEMENTARY INFORMATION:** The U.S. 1 Bridge across the Housatonic River, mile 3.5, at Stratford, Connecticut, has a vertical clearance in the closed position of 32 feet at mean high water and 37 feet at mean low water. The existing operating regulations are listed at 33 CFR 117.207(a).

The bridge owner, Connecticut Department of Transportation, requested a temporary deviation to allow opening only one of the two moveable bascule spans for the passage of vessel traffic from September 18, 2006 through November 16, 2006, in order to facilitate scheduled bridge maintenance.

Under this temporary deviation, the U.S. 1 Bridge need only open one of the two movable bascule spans for the passage of vessel traffic from September 18, 2006 through November 16, 2006. Two-span, full bridge, openings shall be provided upon request, if at least a three-day advance notice is given, by calling the number posted at the bridge. Otherwise, the bridge will continue to open during this temporary deviation in accordance with the schedule specified in 33 CFR 117.207(a).

In accordance with 33 CFR 117.35(c), this work will be performed with all due speed in order to return the bridge to normal operation as soon as possible.

Should the bridge maintenance authorized by this temporary deviation be completed before the end of the effective period published in this notice, the Coast Guard will rescind the remainder of this temporary deviation, the bridge shall be returned to its normal operating schedule, and notice will be provided to the public.
