

is anticipated that some voting may occur at one or both of these meetings. The Panel welcomes oral public comments at these meetings and has reserved one hour for this purpose at each meeting. Members of the public wishing to address the Panel during the meeting must contact Ms. Anne Terry, *in writing*, as soon as possible to reserve time (see contact information above).

(b) *Posting of Draft Reports and Preliminary Findings and Recommendations*: Members of the public are encouraged to regularly visit the Panel's Web site to view draft reports. Currently, the working groups are staggering the posting of various sections of their draft reports at <http://www.acqnet.gov/aap> under "Working Group Reports." Additionally, many of the preliminary findings and recommendations may be found in Power Point slides under "Meeting Materials" for the October, November, and December meetings. The Panel voted on some small business recommendations on January 31, 2006 as well. The results of the vote are available on the slides under "Meeting Materials" for that date.

(c) *Availability of Materials for the Meetings*: Please see the Panel's Web site for any available materials, including draft agendas and minutes (<http://www.acqnet.gov/aap>). Questions/issues of particular interest to the Panel are also available to the public on this Web site on its front page, including "Questions for Government Buying Agencies," "Questions for Contractors that Sell Commercial Goods or Services to the Government," "Questions for Commercial Organizations," and an issue raised by one Panel member regarding the rules of interpretation and performance of contracts and liabilities of the parties entitled "Proposal for Public Comment." The Panel encourages the public to address any of these questions/issues when presenting either oral public comments or written statements to the Panel.

(d) *Procedures for Providing Public Comments*: It is the policy of the Panel to accept written public comments of any length, and to accommodate oral public comments whenever possible. The Panel Staff expects that public statements presented at Panel meetings will be focused on the Panel's statutory charter and working group topics, and not be repetitive of previously submitted oral or written statements, and that comments will be relevant to the issues under discussion.

*Oral Comments*: Speaking times will be confirmed by Panel staff on a "first-come/first-served" basis. To

accommodate as many speakers as possible, oral public comments must be no longer than 10 minutes. Because Panel members may ask questions, reserved times will be approximate. Interested parties must contact Ms. Anne Terry, in writing (via mail, e-mail, or fax identified above for Ms. Terry) at least one week prior to the meeting in order to be placed on the public speaker list for the meeting. Oral requests for speaking time will not be taken. Speakers are requested to bring extra copies of their comments and presentation slides for distribution to the Panel at the meeting. Speakers wishing to use a Power Point presentation must e-mail the presentation to Ms. Terry one week in advance of the meeting.

*Written Comments*: Although written comments are accepted until the date of the meeting (unless otherwise stated), written comments should be received by the Panel Staff at least one week prior to the meeting date so that the comments may be made available to the Panel for their consideration prior to the meeting. Written comments should be supplied to the DFO at the address/contact information given in this **Federal Register** Notice in one of the following formats (Adobe Acrobat, WordPerfect, Word, or Rich Text files, in IBM-PC/Windows 98/2000/XP format). *Please note*: Since the Panel operates under the provisions of the Federal Advisory Committee Act, as amended, all public presentations will be treated as public documents and will be made available for public inspection, up to and including being posted on the Panel's Web site.

(e) *Meeting Accommodations*: Individuals requiring special accommodation to access the public meetings listed above should contact Ms. Auletta at least five business days prior to the meeting so that appropriate arrangements can be made.

## SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-53205; File No. SR-Amex-2005-124]

### Self-Regulatory Organizations; American Stock Exchange LLC; Notice of Filing of Proposed Rule Change and Amendments No. 1, 2, and 3 Thereto Relating to Increases in the Original Listing and Annual Fees

February 1, 2006.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act"),<sup>1</sup> and Rule 19b-4 thereunder,<sup>2</sup> notice is hereby given that on December 6, 2005, the American Stock Exchange LLC ("Amex" or "Exchange") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I, II, and III below, which Items have been prepared by Amex. On December 28, 2005, Amex filed Amendment No. 1 to the proposed rule change.<sup>3</sup> On January 23, 2006, Amex filed Amendment No. 2 to the proposed rule change.<sup>4</sup> On January 27, 2006, Amex filed Amendment No. 3 to the proposed rule change.<sup>5</sup> The Commission is publishing this notice to solicit comments on the proposed rule change, as amended, from interested persons.

#### I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

Amex proposes to amend Sections 140 and 141 of the Amex Company Guide and the Amex Fee Schedule to increase the original listing and the annual issuer fees. The text of the proposed rule change is available on Amex's Web site (<http://www.amex.com>), at the principal office of Amex, and at the Commission's Public Reference Room.

#### II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, Amex included statements concerning the purpose of and basis for the

<sup>1</sup> 15 U.S.C. 78s(b)(1).

<sup>2</sup> 17 CFR 240.19b-4.

<sup>3</sup> Amendment No. 1 explains the differences in the percentage increases in the original listing and annual fees for smaller and larger companies and also makes technical corrections to the rule text in Exhibit 5.

<sup>4</sup> Amendment No. 2 was withdrawn on January 31, 2006.

<sup>5</sup> Amendment No. 3 discusses the reasons why the original listing and annual issuer fees vary depending on the size of the company and corrects non-substantive typographical errors in the text of the Amex Fee Schedule submitted as Exhibit 5.

proposed rule change. The text of these statements may be examined at the places specified in Item IV below. Amex has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

*A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change*

1. Purpose

Amex proposes to amend Sections 140 and 141 of the Amex Company

Guide and the Amex Fee Schedule to increase the original listing and the annual issuer fees. The Exchange believes these fee increases are necessary to cover increased costs it has incurred in the enhancement and development of its trading technology and improvements in the overall level of services provided to its members and listed companies. The Exchange's original and annual listing fees have not increased since 2002. Should the Commission approve the proposed rule change, the Exchange proposes to

implement the increased annual fees retroactively to January 2006 and the increased original listing fees prospectively upon the Commission's approval of this proposal.<sup>6</sup>

Currently the original listing fees pursuant to Section 140 of the Amex Company Guide for stock issues range from \$35,000 to \$65,000 (which includes a non-refundable application processing fee of \$5,000) depending on the number of shares to be listed. Amex proposes that the original listing fees be increased as follows:

Number of shares	Current fee*	Proposed fee*	Percentage increase
Less than 5,000,000 shares .....	\$35,000	\$45,000	28
5,000,000 to 10,000,000 shares .....	45,000	55,000	22
10,000,001 to 15,000,000 shares .....	55,000	60,000	9
In excess of 15,000,000 shares .....	65,000	70,000	8

\* Includes the non-refundable application-processing fee of \$5,000.

As indicated in the chart above, the percentage increase in the original listing fees varies depending upon the number of shares to be listed. Rather than increase each level the same percentage, the Exchange chose to vary the percentage increases in order to remain competitive with the original listing fees charged by other market places. Based upon original listing fees in place at its competitors, the Exchange determined to increase the fees by a larger percentage for smaller companies than for larger companies. The proposed increases in the original listing fees will not change the manner in which these fees are applied—companies with a fewer number of shares will be charged less than companies with a greater number of shares. The Exchange's purpose for differentiating its original

listing fees is based on the Amex's business objective of attracting small to mid-size companies and the recognition that the costs associated with listing can be significant to a small or mid-size company. In addition, as a general matter, companies with fewer shares tend to have less complex structures, which may result in less staff time spent reviewing the company's listing application.

In addition, the original listing fee for non-U.S. companies listed on a foreign stock exchange is currently 50% of the fees charged to U.S. companies. Amex proposes that the original listing fee for non-U.S. companies be a flat fee of \$40,000, which will include the one-time, non-refundable application-processing fee of \$5,000. The original listing fees currently paid by non-U.S.

companies are significantly lower than the rates paid by U.S. companies due to the additional costs non-U.S. companies incur when listing in the United States. In order to continue to recognize the costs faced by non-U.S. companies, the Exchange chose to set a single rate that is below the lowest rate it charges to U.S. companies, but is still competitive with rates charged by other markets. Finally, the original listing fees for issues listed pursuant to Sections 106 (currency and index warrants) and 107 (other securities) of the Amex Company Guide will remain at the current rates.

The annual fees set forth in Section 141 of the Amex Company Guide currently range from \$15,000 to \$30,000 depending on the number of shares outstanding. Amex proposes that the annual fees be increased as follows:

Number of shares	Current fee	Proposed fee	Percentage increase
5,000,000 shares or less .....	\$15,000	\$16,500	10
5,000,001 to 10,000,000 shares .....	17,500	19,000	9
10,000,001 to 25,000,000 shares .....	20,000	21,500	8
25,000,001 to 50,000,000 shares .....	22,500	24,500	9
50,000,001 to 75,000,000 shares .....	30,000	32,500	8
In excess of 75,000,000 shares .....	30,000	34,000	13

As indicated in the chart above, the percentage increase in the annual fees varies depending upon the number of shares outstanding. Rather than increase each level the same percentage, the Exchange chose to vary the percentage increases in order to remain competitive with the annual fees charged by other

market places. Based upon annual fees in place at its competitors, the Exchange determined to increase the fees by a larger percentage for its largest companies. The Exchange's purpose for having lower annual fees for companies with fewer shares outstanding is similarly based on its objective to retain

the listings of small to mid-size companies and a recognition that the on-going costs associated with being a listed company have a greater impact on the small to mid-size company. It should be noted that the Amex's competitors also use a sliding scale

<sup>6</sup> Amex clarified that the annual fees will be applied retroactively to January 2006 and the original listing fees will be applied prospectively.

and Jan Woo, Attorney, Division of Market Regulation, Commission, on February 1, 2006.

when applying original listing and annual issuer fees.

In addition, the annual fees for issues listed pursuant to Sections 106 (currency and index warrants) and 107 (other securities) of the Amex Company Guide will remain at their current rates.

Finally, the Exchange is also proposing other minor technical changes to Sections 140 and 141 of the Amex Company Guide, which will not further alter the fees but will clarify the text of these Sections.

## 2. Statutory Basis

Amex believes that the proposed rule change is consistent with Section 6(b) of the Act<sup>7</sup> in general and furthers the objectives of Section 6(b)(4) of the Act<sup>8</sup> in particular in that it is designed to provide for the equitable allocation of reasonable dues, fees, and other charges among its members and issuers and other persons using its facilities. In addition, increasing original listing and annual fees will provide the Exchange with the ability to cover increased expenses related to enhancements in its trading technology, business services, and regulatory programs.

### B. Self-Regulatory Organization's Statement on Burden on Competition

Amex does not believe that the proposed rule change will impose any burden on competition.

### C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

No written comments were solicited or received with respect to the proposed rule change.

## III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Within 35 days of the date of publication of this notice in the **Federal Register** or within such longer period (i) as the Commission may designate up to 90 days of such date if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the Exchange consents, the Commission will:

(A) By order approve such proposed rule change, or

(B) Institute proceedings to determine whether the proposed rule change should be disapproved.
