§ 1625.5 Employment Applications.

A request on the part of an employer for information such as *Date of Birth* or *age* on an employment application form is not, in itself, a violation of the Act. SUPPLEMENTARY INFORMATION: Executive Order 12866, "Regulatory Planning and Review". It has been determined that Privacy Act rules for the Department of Defense are not significant rules. The rules do not (1) Have an annual effect on the economy of \$100 million or more or adversely affect in a material way the economy; a sector of the economy; productivity; competition; jobs; the environment; public health or safety; or State, local, or tribal governments or communities; (2) Create a serious inconsistency or otherwise interfere with an action taken or planned by another Agency; (3) Materially alter the budgetary impact of entitlements, grants, user fees, or loan programs, or the rights and obligations of recipients thereof; or (4) Raise novel legal or policy issues arising out of legal mandates, the President's priorities, or the principles set forth in this Executive Order.

Public Law 96-354, "Regulatory Flexibility Act" (5 U.S.C. Chapter 6)

It has been determined that Privacy Act rules for the Department of Defense do not have significant economic impact on a substantial number of small entities because they are concerned only with the administration of Privacy Act systems of records within the Department of Defense.

Public Law 96-511, "Paperwork Reduction Act" (44 U.S.C. Chapter 35)

It has been determined that Privacy Act rules for the Department of Defense impose no information requirements beyond the Department of Defense and that the information collected within the Department of Defense is necessary and consistent with 5 U.S.C. 552a, known as the Privacy Act of 1974.

Section 202, Public Law 104-4, "Unfunded Mandates Reform Act"

It has been determined that Privacy Act rulemaking for the Department of

Defense does not involve a Federal mandate that may result in the expenditure by State, local and tribal governments, in the aggregate, or by the private sector, of \$100 million or more and that such rulemaking will not significantly or uniquely affect small governments.

Executive Order 13132, "Federalism"

It has been determined that Privacy Act rules for the Department of Defense do not have federalism implications. The rules do not have substantial direct effects on the States, on the relationship between the National Government and the States, or on the distribution of power and responsibilities among the various levels of government.

Privacy.

Accordingly, 32 CFR part 323 is proposed to be amended as follows:

PART 323—DLA PRIVACY ACT PROGRAM

1. The authority citation for 32 CFR part 323 continues to read as follows:

Authority: Public Law 93-579, 88 Stat. 1896 (5 U.S.C. 552a).

2. Appendix H to part 323 is amended by revising the current paragraphs a.1. through a.4. with the following:

Appendix H to Part 323, DLA Exemption Rules

* * * * *

a. ID: S500.10 (Specific Exemption)

1. *System name:* Personnel Security Files.

2. *Exemption:* Investigatory material compiled solely for the purpose of determining suitability, eligibility, or qualifications for federal civilian employment, federal contracts, or access to classified information may be exempt pursuant to 5 U.S.C. 552a(k)(5), but only to the extent that such material would reveal the identify of a confidential source. Therefore, portions of this system may be exempt pursuant to 5 U.S.C. 552a(k)(5) from the following subsections of 5 U.S.C. 552a(c)(3), (d), and (e)(1).

3. *Authority:* 5 U.S.C. 552a(k)(5).

4. *Reasons:* (i) From subsection (c)(3) and (d) when access to accounting disclosures and access to or amendment of records would cause the identity of a confidential source to be revealed. Disclosure of the source's identity not only will result in the Department breaching the promise of confidentiality made to the source but it will impair the Department's future ability to compile investigatory material for the purpose of determining suitability, eligibility, or qualifications for Federal civilian employment, Federal contracts, or access to classified information. Unless sources can be assured that a promise of confidentiality will be honored, they will be less likely to

provide information considered essential to the Department in making the required determinations.

(ii) From (e)(1) because in the collection of information for investigatory purposes, it is not always possible to determine the relevance and necessity of particular information in the early stages of the investigation. In some cases, it is only after the information is evaluated in light of other information that its relevance and necessity becomes clear. Such information permits more informed decision-making by the Department when making required suitability, eligibility, and qualification determinations.

If you would like to know they reached us, please enclose a stamped, self-addressed postcard or envelope. We will consider all comments and material received during the comment period. We may change this proposed rule in view of them.

Public Meeting

We do not now plan to hold a public meeting. But you may submit a request for a meeting by writing to the Waterways Management Branch at the address under **ADDRESSES** explaining why one would be beneficial. If we determine that one would aid this rulemaking, we will hold one at a time and place announced by a later notice in the **Federal Register**.

Background and Purpose

The rule is intended to reduce the risk of vessel collisions by enlarging the current special anchorage area in Falmouth, Maine, by an additional 206 acres. The proposed rule would expand the existing special anchorage, described in 33 CFR 110.5(d), to allow anchorage for approximately 150 additional vessels. When at anchor in any special anchorage, vessels not more than 65 feet in length need not carry or exhibit the white anchor lights required by the Navigation Rules.

In developing this proposed rule, the Coast Guard has consulted with the Army Corps of Engineers, Northeast, located at 696 Virginia Rd., Concord, MA 01742.

Discussion of Proposed Rule

The proposed rule would amend the existing special anchorage located at the

Town of Falmouth, Maine, on Casco Bay. The Mussel Cove and adjacent waters at Falmouth Foreside, Falmouth special anchorage would include all waters of Casco Bay enclosed by a line beginning at the Dock House (F.S.) located at latitude 43°44'22" N, longitude 70°11'41" W; thence to latitude 43°44'19" N, longitude 70°11'33" W; thence to latitude 43°44'00" N, longitude 70°11'44" W; thence to latitude 43°43'37" N, longitude 70°11'37" W; thence to latitude 43°43'04" N, longitude 70°12'13" W; thence to latitude 43°41'56" N, longitude 70°12'53" W; thence to latitude 43°41'49" N, longitude 70°13'05" W; thence to latitude 43°42'11" N, longitude 70°13'30" W; thence along the shoreline to the point of beginning. All proposed coordinates are North American Datum 1983 (NAD 83).

This special anchorage area would be limited to vessels no greater than 65 feet in length. Vessels not more than 65 feet in length are not required to sound signals as required by rule 35 of the Inland Navigation Rules (33 U.S.C. 2035) nor exhibit anchor lights or shapes required by rule 30 of the Inland Navigation Rules (33 U.S.C. 2030) when at anchor in a special anchorage area.

Additionally, mariners using the anchorage areas are encouraged to contact local and state authorities, such as the local harbor master, to ensure compliance with any additional applicable state and local laws. Such laws may involve, for example, compliance with direction from the local harbor master when placing or using moorings within the anchorage.

Regulatory Evaluation

This proposed rule is not a "significant regulatory action" under section 3(f) of Executive Order 12866, Regulatory Planning and Review, and does not require an assessment of potential costs and benefits under section 6(a)(3) of that Order. The Office of Management and Budget has not reviewed it under that Order.

We expect the economic impact of this proposed rule to be so minimal that a full Regulatory Evaluation is unnecessary.

This finding is based on the fact that this proposal conforms to the changing needs of the Town of Falmouth, the changing needs of recreational, fishing and commercial vessels, and makes the best use of the available navigable water. This proposed special area, while in the interest of safe navigation and protection of the vessels moored at the Town of Falmouth, does not impede the passage of vessels intending to transit
