SUPPLEMENTARY INFORMATION: On April 12, 2006, the Commission published a Notice of Proposed Rulemaking in connection with a Business Opportunity Rule. In that Notice, the Commission solicited comment on a variety of topics including the proposed definitions, the scope of the proposed Rule, and the proposed disclosures and prohibitions. The Notice stated that the period for submitting initial comments would close on June 16, 2006, and that the period for submitting rebuttal comments would close on July 7, 2006.

On May 5, 2006, the Commission received a letter from the Direct Selling Association (“DSA”) requesting that the Commission extend the comment period for 90 days. DSA asserts that the proposed Rule “could have a dramatic negative impact on the direct selling community.” DSA, however, does not identify any specific provision of the proposed Rule that might have such an effect, nor does it advance any other facts from which the Commission can assess DSA’s claim that, in effect, it would need a total of five months to formulate its comment. Without a more detailed and persuasive explanation as to why the petitioner needs so much more time, the Commission is not persuaded that such an extension is justified in view of the need to avoid unnecessary delay in this proceeding.

The Commission believes that a 30-day extension should be sufficient to enable DSA and all other commenters to prepare and submit comments in response to the proposed Rule. Accordingly, the Commission has determined to extend the comment period set forth in the Notice until July 17, 2006, for initial comments and until August 7, 2006, for rebuttal comments.

By direction of the Commission.

Donald S. Clark,
Secretary.
