IV. Commission's Findings and Order Granting Accelerated Approval of the Proposed Rule Change

The Exchange has asked the Commission to approve the proposed rule change on an accelerated basis for an additional year so that the pilot program may continue uninterrupted. After careful consideration, the Commission finds that the proposed rule change is consistent with the requirements of section 6 of the Act¹⁵ and the rules and regulations thereunder applicable to a national

securities exchange¹⁶, and, in particular, the requirements of section 6(b)(5) of the Act.¹⁷ Section 6(b)(5) requires, among other things, that the rules of a national securities exchange be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. The Commission notes that the current pilot was approved on a one-year basis to give the Commission an opportunity to evaluate the impact of the pilot program on the options markets to determine whether it would be beneficial to customers and to the options markets as a whole before approving any request for permanent approval of the pilot program. The Commission believes that a one-year extension of the pilot period would provide the Commission with additional time to continue evaluate the Exchange's Directed Order program.

The Exchange has requested that the Commission find good cause for approving the proposed rule change prior to the thirtieth day after publication of notice thereof in the **Federal Register**. The Commission believes that granting accelerated approval of the proposed rule change would allow the pilot program to continue without disruption while the Commission and the Exchange continue to review the pilot program's impact on the options market. Accordingly, the Commission finds good cause, consistent with section 19(b)(2) of the Act,¹⁸ for approving the proposed rule change prior to the thirtieth day after publication of notice thereof in the **Federal Register**.

V. Conclusion

It is therefore ordered, pursuant to section 19(b)(2) of the Act,¹⁹ that the proposed rule change (SR-Phlx-2006-27), which institutes the pilot program through May 27, 2007, is hereby approved on an accelerated basis.

¹⁶ In approving this proposal, the Commission has considered the proposed rule's impact on efficiency, competition, and capital formation. 15 U.S.C. 78c(f).
