To assist the Forest Service in identifying and considering issues and concerns on the proposed action, comments on the draft environmental impact statement should be as specific as possible. It is also helpful if comments refer to specific pages or chapters of the draft statement. Comments may also address the adequacy of the draft environmental impact statement or the merits of the alternatives formulated and discussed in the statement. Reviewers may wish to refer to the Council on Environmental Quality Regulations for implementing the procedural provisions of the National Environmental Policy Act at 40 CFR 1503.3 in addressing these points.

Comments received in response to this solicitation, including the names and addresses of those who comment, will be considered part of the public record on this proposal and will be available for public inspection. Comments submitted anonymously will be accepted and considered; however, those who submit anonymous comments may not have standing to appeal the subsequent decision under 36 CFR, part 215. Additionally, pursuant to 7 CFR 1.27(d), any person may request the agency withhold a submission from the public record by showing how the Freedom of Information Act (FOIA) permits such confidentiality. Persons requesting such confidentiality should be aware that, under the FOIA, confidentiality may be granted in only very limited circumstances, such as to protect trade secrets. The Forest Service will inform the requester of the agency's decision regarding the request for confidentiality, and where the request is denied, the agency will return the submission and notify the requester that the comments may be resubmitted with or without name and address within a specified number of days.

DATES: The meeting will be held Friday, December 8, 2006, at 9 a.m., Alaska Standard Time.

Peter J. Probasco, Office of Subsistence Management, U.S. Fish and Wildlife Service, 3601 C Street, Suite 1030, Anchorage, Alaska 99503; telephone (907) 786-3888. For questions related to subsistence management issues on National Forest Service lands, contact Steve Kessler, Subsistence Program Leader, 3601 C Street, Suite 1030, Anchorage, Alaska 99503; telephone (907) 786-3592.

SUPPLEMENTARY INFORMATION: The Southcentral Alaska Subsistence Regional Advisory Council will meet at 3601 C Street, Suite 1030, Anchorage, Alaska on Friday, December 8, 2006, at 9 a.m., Alaska Standard Time, to establish a subcommittee with the charge of evaluating various options for providing a priority for the subsistence harvest of fish from the Federal public lands and waters of the Kenai Peninsula. This meeting is open to the public.

This meeting will be held with less than the normal 15-day notice. The holding of this meeting of the Southcentral Regional Council on December 8, 2006, is in the best interest of the public because there is an overwhelming need to establish a subcommittee to evaluate fishery issues on the Kenai Peninsula prior to the Southcentral Regional Council's next regularly scheduled meeting in mid-March. The timing would allow the newly established subcommittee time to evaluate various proposals, options and alternatives prior to the Southcentral Regional Council meeting in March.
