Approval of the Clean Air Act, Section 112(I), Authority for Hazardous Air Pollutants: Asbestos Management and Control; State of New Hampshire Department of Environmental Services

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: The EPA is proposing to approve New Hampshire Department of Environmental Services' (NH DES) request to implement and enforce its regulation entitled "Asbestos Management and Control" in lieu of the Asbestos National Emission Standard for Hazardous Air Pollutants (Asbestos NESHAP) as it applies to certain asbestos-related activities. Upon approval, NH DES' rule will be federally enforceable and will apply to all sources that otherwise would be regulated by the Asbestos NESHAP with the exception of inactive waste disposal sites that ceased operation on or before July 9, 1981. These inactive disposal sites are already regulated by State rules that were approved by EPA on May 23, 2003. NH DES' request seeks to adjust the federal rules by demonstrating the equivalency of its rules to the federal requirements.

DATES: EPA must receive written comments by December 28, 2006.

SUPPLEMENTARY INFORMATION: In the Final Rules section of this **Federal**

Register, EPA is approving the State's submittal as a direct final rule without prior proposal because the Agency views this as a noncontroversial submittal and anticipates no adverse comments. A detailed rationale for the approval is set forth in the direct final rule. If no adverse comments are received in response to this action, no further activity is contemplated. If EPA receives adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed rule. EPA will not institute a second comment period. Any parties interested in commenting on this action should do so at this time. Please note that if EPA receives adverse comment on an amendment, paragraph, or section of this rule and if that provision may be severed from the remainder of the rule, EPA may adopt as final those provisions of the rule that are not the subject of an adverse comment. AGENCY: Office of the Secretary (OST), the Department of Transportation (DOT).

ACTION: Notice of Proposed Rulemaking.

SUMMARY: DOT proposes to relocate the time zone boundary in Indiana to move Pulaski County from the Central Time Zone to the Eastern Time Zone. This action is taken at the request of the County Commissioners and the County Council.
