

management. The major issues that will be addressed in this planning effort include: Tribal treaty rights and trust responsibilities; availability and management of public lands for commercial uses (e.g., livestock grazing, minerals development); vegetation management (including invasive species, noxious weeds, riparian areas and wetlands); fire and fuels management; management of habitat for wildlife and special status species; management of transportation, public access, and recreational opportunities; land tenure adjustments, rights of way including wind energy and utility corridors; wild horses; and management of areas with special values.

After gathering public comments as to what issues the plan should address, they will be placed in one of three categories:

1. Issues to be resolved in the plan;
2. Issues to be resolved through policy or administrative action; or
3. Issues beyond the scope of this plan.

The BLM will provide an explanation in the plan for placing an issue in either category two or three. In addition to these major issues, the plan will address a number of management questions and concerns. BLM encourages the public to help identify these questions and concerns during the scoping phase.

Preliminary planning criteria include the following:

1. The plan will comply with all applicable laws, regulations, and current policies. This includes local, state, Tribal, and Federal air quality standards; as well as water quality standards from the Idaho Non-Point Source Management Program Plans.
2. The RMP planning effort will be collaborative in nature. The BLM will strive to ensure that its management decisions are complementary to other planning jurisdictions and adjoining properties, within the limits described by law and Federal Regulations.
3. The BLM will continue to manage all previously established Wilderness Study Areas for wilderness values and character until Congress either designates them as wilderness areas or releases them for other types of multiple use management.
4. The RMP will recognize all valid existing rights.
5. As part of this RMP process, BLM will analyze areas for potential designation as Areas of Critical Environmental Concern (ACEC) in accordance with 43 CFR 1610.7-2, and river corridors for designation under the Wild and Scenic Rivers Act.

The BLM will use an interdisciplinary approach to develop the plan in order

to consider the variety of resource issues and concerns identified. Specialists with expertise in the following disciplines will be involved in the planning process: Rangeland management, botany, noxious weeds, minerals and geology, fire use, outdoor recreation and wilderness, archaeology, paleontology, wildlife and fisheries, lands and realty, hydrology, soils, sociology and economics, public affairs, and geographic information.

Dated: November 23, 2005.

K Lynn Bennett,

Idaho State Director, Bureau of Land Management.

BILLING CODE 4310-GG-P

DEPARTMENT OF THE INTERIOR

Minerals Management Service

Agency Information Collection Activities: Proposed Collection; Comment Request

AGENCY: Minerals Management Service (MMS), Interior.

ACTION: Notice of extension of an information collection (1010-0128).

SUMMARY: To comply with the Paperwork Reduction Act of 1995 (PRA), MMS is inviting comments on a collection of information that we will submit to the Office of Management and Budget (OMB) for review and approval. The information collection request (ICR) concerns the paperwork requirements in the regulations under 30 CFR 250, Subpart O, "Well Control & Production Safety Training."

DATES: Submit written comments by March 13, 2006.

ADDRESSES: You may submit comments by any of the following methods listed below. Please use the Information Collection Number 1010-0128 as an identifier in your message.

- Public Connect on-line commenting system, <https://occonnect.mms.gov>. Follow the instructions on the Web site for submitting comments.

- E-mail MMS at rules.comments@mms.gov. Identify with Information Collection Number 1010-0128 in the subject line.

- Fax: 703-787-1093. Identify with Information Collection Number 1010-0128.

- Mail or hand-carry comments to the Department of the Interior; Minerals Management Service; Attention: Rules Process Team (RPT); 381 Elden Street, MS-4024; Herndon, Virginia 20170-4817. Please reference "Information

Collection 1010-0128" in your comments.

FOR FURTHER INFORMATION CONTACT:

Cheryl Blundon, Rules Processing Team at (703) 787-1600. You may also contact Cheryl Blundon to obtain a copy, at no cost, of the regulations that require the subject collection of information.

SUPPLEMENTARY INFORMATION:

Title: 30 CFR Part 250, Subpart O, Well Control & Production Safety Training.

OMB Control Number: 1010-0128.

Abstract: The Outer Continental Shelf (OCS) Lands Act, as amended (43 U.S.C. 1331 *et seq.* and 43 U.S.C. 1801 *et seq.*), authorizes the Secretary of the Interior (Secretary) to prescribe rules and regulations to administer leasing of the OCS. Such rules and regulations will apply to all operations conducted under a lease. Operations on the OCS must preserve, protect, and develop oil and natural gas resources in a manner that is consistent with the need to make such resources available to meet the Nation's energy needs as rapidly as possible; to balance orderly energy resource development with protection of human, marine, and coastal environments; to ensure the public a fair and equitable return on the resources of the OCS; and to preserve and maintain free enterprise competition.

Section 1332(6) of the OCS Lands Act (43 U.S.C. 1332) requires that "operations in the [O]uter Continental Shelf should be conducted in a safe manner by well trained personnel using technology, precautions, and other techniques sufficient to prevent or minimize the likelihood of blowouts, loss of well control, fires, spillages, physical obstructions to other users of the waters or subsoil and seabed, or other occurrences which may cause damage to the environment or to property or endanger life or health." This authority and responsibility are among those delegated to the Minerals Management Service (MMS). To carry out these responsibilities, MMS issues regulations governing oil and gas or sulphur operations in the OCS.

Regulations at 30 CFR part 250, subpart O, implement these safe operation requirements. The MMS uses the information collected under subpart O to ensure that workers in the OCS are properly trained with the necessary skills to perform their jobs in a safe and pollution-free manner. In some instances, MMS will conduct oral interviews of offshore employees to evaluate the effectiveness of a company's training program. The information collected is necessary to

verify personnel training compliance with the requirements.

We will protect information from respondents considered proprietary under the Freedom of Information Act (5 U.S.C. 552) and its implementing regulations (43 CFR part 2) and under regulations at 30 CFR parts 250, 251, and 252. No items of a sensitive nature

are collected. Responses are mandatory or required to obtain or retain a benefit.

Frequency: Primarily on occasion or annual.

Estimated Number and Description of Respondents: Approximately 130 Federal oil and gas OCS lessees.

Estimated Reporting and Recordkeeping "Hour" Burden: The currently approved annual reporting

burden for this collection is 2,067 hours. The following chart details the individual components and respective hour burden estimates of this ICR. In calculating the burdens, we assumed that respondents perform certain requirements in the normal course of their activities. We consider these to be usual and customary and took that into account in estimating the burden.

| Citation 30 CFR 250 subpart O | Reporting and recordkeeping requirement | Hour burden |
|--------------------------------|---|--|
| 1503(b), (c) | Develop training plans | 60. |
| 1503(c) | Maintain copies of training plan and employee training documentation for 5 years | plan = 15 min.; employee record = 5 min. |
| 1503(c) | Upon request, provide MMS copies of employee training documentation or provide copy of training plan. | 5. |
| 1507(b) | Employee oral interview conducted by MMS | 10 min. |
| 1507(c), (d); 1508; 1509 | Written testing conducted by MMS or authorized representative. [Exempt under 5 CFR 1320.3(h)(7).] | |
| 1510(b) | Revise training plan and submit to MMS | 4. |
| 1500-1510 | General departure or alternative compliance requests not specifically covered elsewhere in subpart O. | 2. |

Estimated Reporting and Recordkeeping "Non-Hour Cost"

Burden: We have identified no cost burdens for this collection.

Public Disclosure Statement: The PRA (44 U.S.C. 3501, *et seq.*) provides that an agency may not conduct or sponsor a collection of information unless it displays a currently valid OMB control number. Until OMB approves a collection of information, you are not obligated to respond.

Comments: Before submitting an ICR to OMB, PRA section 3506(c)(2)(A) requires each agency " * * * to provide notice * * * and otherwise consult with members of the public and affected agencies concerning each proposed collection of information * * * ". Agencies must specifically solicit comments to: (a) Evaluate whether the proposed collection of information is necessary for the agency to perform its duties, including whether the information is useful; (b) evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) enhance the quality, usefulness, and clarity of the information to be collected; and (d) minimize the burden on the respondents, including the use of automated collection techniques or other forms of information technology.

Agencies must also estimate the "non-hour cost" burdens to respondents or recordkeepers resulting from the collection of information. Therefore, if you have costs to generate, maintain, and disclose this information, you should comment and provide your total capital and startup cost components or

annual operation, maintenance, and purchase of service components. You should describe the methods you use to estimate major cost factors, including system and technology acquisition, expected useful life of capital equipment, discount rate(s), and the period over which you incur costs. Capital and startup costs include, among other items, computers and software you purchase to prepare for collecting information, monitoring, and record storage facilities. You should not include estimates for equipment or services purchased: (i) Before October 1, 1995; (ii) to comply with requirements not associated with the information collection; (iii) for reasons other than to provide information or keep records for the Government; or (iv) as part of customary and usual business or private practices.

We will summarize written responses to this notice and address them in our submission for OMB approval. As a result of your comments, we will make any necessary adjustments to the burden in our submission to OMB.

Public Comment Procedures: MMS's practice is to make comments, including names and addresses of respondents, available for public review. If you wish your name and/or address to be withheld, you must state this prominently at the beginning of your comment. MMS will honor this request to the extent allowable by law; however, anonymous comments will not be considered. All submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of

organizations or businesses, will be made available for public inspection in their entirety.

MMS Information Collection Clearance Officer: Arlene Bajusz, (202) 208-7744.

Dated: December 20, 2005.

E.P. Danenberger,
Chief, Office of Offshore Regulatory Programs.
