**SUPPLEMENTARY INFORMATION:**

**I. Background**

On October 26, 2002, MDUFMA (Public Law 107-250) was signed into law. Among other things, MDUFMA authorized the collection of user fees to improve the performance and predictability of FDA's review of certain marketing applications, including PMAs. FDA, in consultation with the industry, agreed to dedicate user fees to help the agency meet various performance goals as outlined in a letter from the Secretary of Health and Human Services to Congress that accompanied the user fee legislation. One such goal included a commitment to "improve the scheduling and timeliness of preapproval inspections." User fees collected under MDUFMA will be used to help to cover the costs associated

with FDA's review of the PMA manufacturing section information and inspection of the manufacturing facility. FDA will monitor its good manufacturing practice preapproval inspection program and include this information in its annual performance report to Congress.

This draft guidance provides information on the administrative process that FDA intends to follow in its review of the quality system regulation (21 CFR part 820) information included in the manufacturing section of a PMA submission and the inspection of the manufacturing facility. The administrative process outlined in this draft guidance for the review of the PMA manufacturing section and the conduct of any related preapproval inspection should facilitate FDA's timely review of the application and improve the agency's coordination of the preapproval inspection with the applicant.

**II. Significance of Guidance**

This draft guidance is being issued consistent with FDA's good guidance practices regulation (21 CFR 10.115). **SUPPLEMENTARY INFORMATION:** The CDWSP is administered by the Office of University Partnerships under the Assistant Secretary for Policy Development and Research. The Office of University Partnerships administers HUD's ongoing grant programs to institutions of higher education and creates initiatives which colleges and universities can bring their traditional missions of teaching, research, service, and outreach to bear on the pressing local problems in their communities.

The CDWSP was enacted in the Housing and Community Development Act of 1988. (Earlier versions of the program were funded by the Community Development Block Grant Technical Assistance Program from 1982 through 1987 and the Comprehensive Planning Assistance Program from 1969 through 1981.) Eligible applicants include institutions of higher education having qualifying academic degrees, and Area-wide planning organizations and states that apply on behalf of such institutions. The CDWSP funds graduate programs only. Each participating institution of higher education is funded for a minimum of three and maximum of five students under the CDWSP. The CDWSP provides each participating student up to \$9,000 per year for a work stipend (for internship-type work in community building) and \$5,000 per year for tuition and additional support (for books and travel related to the academic program). Additionally, the CDWSP provides the participating institution of higher education with an administrative

allowance of \$1,000 per student per year.

The Catalog of Federal Domestic Assistance number for this program is 14.512.

On April 25, 2003 (68 FR 21181), HUD published a Notice of Funding Availability (NOFA) announcing the availability of \$2.981 million in FY 2003 funds for the CDWSP. The Department reviewed, evaluated and scored the applications received based on the criteria in the NOFA. As a result, HUD has funded the applications announced below, and in accordance with section 102(a)(4)(C) of the Department of Housing and Urban Development Reform Act of 1989 (103 Stat. 1987, U.S.C. 3545), the Department is publishing details concerning the recipients of funding awards, as set forth below.
