

such, the long-term performance goal of the CS is to "broaden and deepen the U.S. exporter base."

Furthermore, the CS is mandated by the Government Performance and Results Act of 1993 to improve program performance and achieve better results for the American people. Based on this mandate, the CS developed new metrics driven by the 2008 Program Assessment Rating Tool (PART) to measure the effectiveness and impact of the CS at broadening and deepening the U.S. exporter base.

In order to collect information that establishes the baseline metrics for some of these new performance measures and provides data points for determining how to meet program performance goals, the CS requests approval to conduct market research on prospective and existing U.S. exporters using the following four surveys:

1. Commercial Service Brand Analysis and Strategy Survey (Form ITA-8710): The CS must increase awareness of our organization and the services provided to U.S. companies. Currently, there is no research available about CS awareness and brand position. This survey was designed to measure four new performance metrics (awareness, consideration, transaction and loyalty) related to broadening and deepening the U.S. exporter base.

2. Market Segmentation Survey of Moderate U.S. Exporters—Manufacturers (Form ITA-8711): The CS must gain market knowledge and generate statistically valid characterizations about the needs of exporting companies, especially small and medium-sized enterprises. This survey was designed to identify different segments of U.S. manufacturers so that the organization can measure our ability to broaden and deepen the exporter base of each unique segment.

3. Market Segmentation Survey of U.S. Exporters—Service Providers (Form ITA-8712): CS must gain market knowledge and generate statistically valid characterizations about the needs of exporting companies. This survey was designed to identify different segments of U.S. service providers so that the organization can measure our ability to broaden and deepen the exporter base of each unique segment.

4. Market Evaluation Survey of Non-Exporting Companies (Form ITA-8713): CS must gain market knowledge and generate statistically valid characterizations about the needs of non-exporting companies. This survey was designed to uncover the needs of U.S. companies that are not currently exporting so that the CS can measure

the organization's ability to turn non-exporters into exporters.

The information will be used to improve and better target services provided to the public. Without this information, the CS is unable to measure program performance and systematically determine the needs and benefits desired of U.S. companies and how best to meet these needs in order to broaden and deepen the U.S. exporter base.

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

*Agency:* National Oceanic and Atmospheric Administration (NOAA).

*Title:* Evaluation of Public Visitors' Experience of Exhibits at Mokupapapa Discovery Center.

*OMB Control Number:* None.

*Form Number(s):* None.

*Type of Request:* Regular submission.

*Burden Hours:* 31.

*Number of Respondents:* 250.

*Average Hours per Response:* 7 to 8 minutes.

*Needs and Uses:* The National Marine Sanctuary Program (NMS) education team has embarked on an ambitious

evaluation project that will allow the NMS to assess education program outcomes and impacts across all sites and activities and to link outcome measures to program efforts. The purpose of this effort is to evaluate if the current exhibits at the Mokupapapa Discovery Center (Hilo, HI) are meeting the goals and objectives of the educational mandates of the National Marine Sanctuaries Act, particularly in relation to the relatively recent establishment of the Papahānaumokuākea Marine National Monument in the Northwest Hawaiian Islands (NWHI). Randomly selected visitors to the Mokupapapa Discovery Center will be interviewed when leaving to explore their understanding of the location and geography of the islands, as well as their perception of interpretive messages, including the significance and sensitivity of the NWHI ecology. Application of findings from this evaluation will assist in adjusting program content, format, range of activities, and target audiences to improve overall effectiveness of educational efforts and expenditures.

*Affected Public:* Individuals or households.

*Frequency:* One-time only.

*Respondent's Obligation:* Voluntary.
