SUPPLEMENTARY INFORMATION:

I. Background

The Bond Management Information System (BMIS) is a collection of records used to record and maintain for bond administration and financial management purposes the immigration bonds that are posted for aliens. Immigration bond administration includes tracking the issuance, maintenance, cancellation, and revocation of bonds. Financial management activities include collection, reimbursement or forfeiture of the bond principal, and calculation and payment of interest, including issuance of IRS Form 1099 to the obligor reflecting interest paid on the bond. Pursuant to the savings clause in the Homeland Security Act of 2002, Public Law 107-296, section 1512, 116 Stat.

2310 (November 25, 2002), DHS and its components and offices have relied on preexisting Privacy Act systems of records notices for the maintenance of records that concern the administration and financial management operations of ICE's immigration bond program.

The BMIS system of records includes immigration bond data maintained in ICE's enforcement records and in BMIS Web, a new immigration bond management database that will be used by the ICE Office of Financial Management to track the life cycle of immigration bonds from the time an individual posts the bond at an ICE Detention and Removal Operations (DRO) field office until the bond is considered closed. BMIS Web launched as a pilot in August 2008, with full deployment scheduled for September 2008. With the deployment of BMIS Web, ICE will retire the predecessor database known as BMIS. A PIA was conducted on BMIS Web because it is a new system that will maintain personally identifiable information. The BMIS Web PIA is available on the Department of Homeland Security (DHS) Privacy Office Web site at <http://www.dhs.gov/privacy>.

An immigration bond is a formal written guaranty by the obligor posted as security for the amount of the bond that assures DHS that all of the conditions of the bond will be fulfilled by the obligor as guarantor. Immigration bonds may be posted for the release from detention of aliens in removal proceedings and/or as voluntary departure bonds. Immigration bonds may be posted by surety companies that have obtained a certificate to do so from the U.S. Treasury Department, or by an individual's or entity's pledge (deposit) of cash or U.S. securities. If the conditions of a bond are satisfied, the bond must be cancelled and, if a cash bond, the principal and accrued interest returned to the obligor. If a bond is declared breached, the cash deposited as security will be forfeited and accrued interest returned to the obligor. Surety companies must make payment to DHS for the full amount of the bond plus interest and penalties. All of these bond activities are tracked in BMIS.

BMIS maintains personal information about individuals who post cash bonds (known as obligors) or who request a surety bond (known as indemnitors), the bonded alien, the surety company and bonding agency/agent, and other general information about the bond itself, such as amount, number, date, etc. Information about the bonded alien may be shared with individuals or entities seeking to post or that have already posted an immigration bond for the
